Lambirth, Donald McCook, Tom Johns, Fred Rohrman, Charles Johnson, Russell Vaughan, Richard Sims, Vernon Fowler, John Beckwith, Claude Gillette, Alfred Lockwood, Wilson McNary, Bobby Dunn and Donald Whiteman. Another game which afforded a meriment was one in which peanuts were carried from one goal to another. Pink and white formed the color scheme in decorating the Scott home and the same shades were on the table for a gleaming birthday cake and pink and white sticky candy tied with ribbon bows. Mrs. J. N. Scott, mother of the young hostess, and Miss Dorothy Lotz assisted in serving the luncheon.

 Wheat—Sentiment in wheat underwent a right about face over the week end and that the ideas were well founded were substantiated by the action of the market. The development having most to do with the reversed feeling was the publication by the local press rather exhaustive statistical analysis of the world position of wheat which tended to confirm the theory that the margin of safety between the supply and requirements this year will be very narrow. Domestic news too was of a decidedly more optimistic tone. Gulf bids to the country were advanced 1 cent a bushel. Minneapolis reported the best flour demand in a month. Southwestern cash markets strong and from 2 to 4c higher and although receipts were large, country offerings were said to be much smaller. There was no export business confirmed up to the close but New York advised that France had asked for offers of 800,000 bushels of wheat. The stock of wheat in public and private elevators decreased last week to a total of only 881,000 bushels. The position of wheat appears to be strengthening daily and in our opinion the influence will manifest itself before long.
