Including Pendleton Prices and Associated Press Reports

#### Eggs and Butter Are Cheaper

Eggs and butter are cheaper now than in the past, according to prices quoted in the local markets. Eggs are bought for 30 cents a dozen and sell for 55, while butter is bought at 50 cents for a two-pound roll and sells for 50 cents.

#### Livestock at Portland Mostly Steady With 100 Cars In

(From Oregon Journal.) An even hundred loads of livestock arrived at the North Portland yards over Sunday, but several loads were due late in the Monday trade. Hogs were 10 to 20c lower generally, while cattle were steady in spots. Sheep were steady with the exception of ewes, which were higher.

In the hog alleys there was a disposition among killers to force a further lowering of values, and while most

of the market appeared fairly steady, two divisions, prime stuff and rough heavies, sold about a quarter lower.

Tops were generally quoted at \$11.25 in the North Portland yards for Monday morning, a drop of 25c from the previous high. Nevertheless, one load sold at \$11.75, an advance of 25c over the previous figures. This latter action, however, was not shared by the general market.

Slight decrease in hog market offerings was shown for the Monday trade, as compared with the opening of last week. This, however, was not an indication with the big killers, who are keenly seeking a means to lower the level of hog prices to the Eastern basis, not considering the freight charges.

Indicative of a change in the hog trade is the fact that prime mixed are no longer considered as real tops. The demand is getting more and into the

lighter weight stock because of the fact that lard hogs are a drag on the market.

General hog market range:  
Prime light ..... \$11.00@11.25  
Smooth heavy ..... 10.50@11.00  
Rough heavy ..... 7.00@ 9.25  
Fat pigs ..... 10.00@11.00  
Feeder pigs ..... 9.00@10.00

While on the surface the market for cattle indicated a fairly steady tone at the opening of the Monday morning trade at North Portland, the undercurrent was clearly weaker. With a very liberal run of 2288 head facing buyers at the opening of the week's activities, killers were absolute dictators of values and in some lines they forced price shading. However, the general early market showed no price changes.

Medium light calves ..... 9.00@10.00  
Even though steadiness was generally quoted in the sheep and lamb trade at the Monday morning opening of the North Portland market, strength was indicated in the position of the ewe trade. In this line the extreme top price was lifted 50c to \$5, but the low point continued at \$1, a very nominal quotation.

Over Sunday arrivals in the sheep and lamb division were only fair, but a number of double decks were due later in the day.

### OUTBURSTS OF EVERETT TRUE

### STOCK MARKET DENOTES CHEERFUL TONE TODAY

NEW YORK, Jan. 25.—(A. P.)—Developments over the week end recess were far from stimulating, especially in industrial conditions, but today's stock market denoted a more cheerful tone, although operations were light. The most encouraging incident of the session was the success of the Belgian \$20,000,000 loan.

Steels and equipments which were expected to yield to adverse advices received from Pennsylvania and Ohio centers were comparatively strong, and motors, shippings and rails also improved with oils, tobaccos and good issues.

Gross gains of one to seven points were retained until the final hour, when selling, induced by the stiff trend of call money, provoked general profit taking. Mexican Petroleum, Crucible steel, General Asphalt and American International were most susceptible, declining one to four and one half points with a general cancellation of gains elsewhere.

Pressure amounted to 500,000 shares. Among the few stocks to withstand advance and close at advances were Studebaker and several of the less prominent rails and equipments. U. S. Steel, after moving in a fractional radius, finished unchanged. Aside from its moderate irregularity on a slight accession of business in the bond market including liberty issues and foreign war offerings, was featureless. Total sales, par value, \$11,650,000. OIA U. S. government bonds were unchanged on call.

### SUFFERED SEVEN LONG YEARS

Finally Relieved by taking Lydia E. Pinkham's Vegetable Compound

Ravenswood, W. Va. — "For seven long years I suffered from a female trouble and inflammation so that I was not able to do my housework. I consulted several doctors but none seemed to give me relief. I read in a paper about Lydia E. Pinkham's Vegetable Compound so I decided to try it, and before the first bottle was gone I found great relief so I continued using it until I had taken eight bottles. Now I am very well and can do my own housework. I can gladly recommend Lydia E. Pinkham's medicine to suffering women." — Mrs. BERTHA LIERING, R. F. D., Ravenswood, W. Va.

The ordinary day of most housewives is a ceaseless treadmill of washing, cooking, cleaning, mending, sweeping, dusting and caring for little ones. How much harder the tasks when some derangement of the system causes head aches, backaches, bearing-down pains and nervousness. Every such woman should profit by Mrs. Liering's experience. Remember this, for over forty years Lydia E. Pinkham's Vegetable Compound has been restoring health.
