 - Jan. 31.—Circuit Court jury term resumes.
 - Feb. 4-5.—Basketball, Pendleton vs. Baker—high school gym.
 - Feb. 5.—American Legion smoker—Oregon theater.

Phillip Doherty Dies.
Phillip Doherty, aged 60, was found dead yesterday at the residence of Pat Doherty near Gurdane, by Charles McDevitt. The cause of the death is thought to have been heart disease.

Mr. Doherty had been left to do the chores at his brother's ranch while the latter came to Pendleton on business. The deceased was born in Ireland, but came to the United States 35 years ago. His wife died in 1900, and besides his brother, a son, Edward Doherty, survives. He is at school in Portland. No funeral arrangements have yet been made.

Elks Official Coming Soon.
District Deputy Grand Exalted Ruler Galloway, of the Elks lodge for

the northern district of Oregon, will pay an official visit to Pendleton lodge No. 288 on next Thursday, Feb. 3. He will come to see the initiatory work exemplified by the local lodge team and make the annual inspection for his report to the grand lodge. A large class will be assembled for initiation in honor of his visit.

European Relief Committee Called.
Members of the European Relief Council committee in Pendleton today were asked to meet on Friday afternoon in the rooms of the Pendleton Commercial Association to close up the affairs of the local body, of which J. V. Tallman is chairman. The county, asked for \$7700, raised considerably more than its quota and has sent to Portland, ready for export shipment, three carloads of flour. The meeting Friday is called to decide on the disposition of the surplus subscribed in the various towns of the county.

Entertainment Coming Saturday.
Elks and their families and friends are looking forward to the third of a series of entertainments in the Menecy System course, to be presented in the lodge rooms Saturday evening. The attraction this week will be Uncle Sam's Nieces, a quartet of young ladies who feature musical numbers and fancy costumes. Those who attended the last number, the Ricketts' Glee Club, were well pleased with the entertainment given and that of Saturday night is reputed to be just as good. Attendance to the concert will be upon presentation of the membership card.

Girls Glee Club to Sing.
The high school girls' glee club, which is trained by Mrs. S. H. Porshaw, will sing at the mass meeting for Community Service organization which will be held in the auditorium of the county library Friday night. Other musical numbers, including some community singing, are being arranged. R. E. Tucker, organizer, said today: "Responses from many of the organizations asked to be represented at the meeting were received yesterday afternoon and today and Mr. Tucker feels sure that a large and thoroughly representative audience will attend for the purpose of permanent organization."

Cattle Men Doing Well.
Cattle raisers of Umatilla county are doing fairly well this winter, Henry Lazinka, well known stockman with holdings near Ukiah, said today. The winter has been open for the most part and now, with snow on the ground, the growers are feeding the hay which they raised or were able to buy at a cheap price last summer. Most of the stockmen have kept their herds small for the winter and are glad of it because of the low price for cattle now being paid at the coast. "While we do not stand to make any money this winter," Mr. Lazinka said, "we will not, like last winter, lose heavily. Perhaps the spring will see a better price for our stock."

Farm Bureau to Meet.
The annual election of the Umatilla County Farm Bureau officers will take place tomorrow at the county library. Committees on nominations, resolutions, program, wage scale, diluents, etc., will meet in the morning at the office of Fred Benson, county agent, and this will be followed by the general meeting in the afternoon, with a special wheat growers' meeting at 2:30 p. m. At this time the Oregon Wheat Growers Association will be discussed. The Umatilla county farm bureau sent S. J. Cullley to The Dalles for Saturday's meeting, at which time representatives from several counties made plans for an association. County farmers will decide tomorrow whether or not the bureau will endorse the association.

Red Cross Report Finished.
The final report on the fourth annual Red Cross roll call was made up today by C. K. Cranston, county chairman, following the receipt of a small amount from Mrs. T. C. Elliott, local chairman at Milton. The total in memberships, donations, etc., collected since Nov. 11 is \$6230.91. Umatilla county was asked to raise \$8000, Pendleton, which was assigned 40 per cent of the original quota, raised 46 per cent of the total. Three towns of the west end, Umatilla, Hermiton and Echo, subscribed more than they were assigned in the original quotas. No other town in the county subscribed the amount asked. The final report will be made up at once to be sent to northwest district Red Cross headquarters in Seattle.

More Will Lose Than Thought.
More persons who had grain stored in the Pilot Rock Elevator Co. warehouse will lose than was at first thought, according to N. J. Blydenstein, of this city, who visited the scene of Sunday's disastrous fire yesterday. Quite a number of men who believed their grain covered by insurance have discovered that their policies expired on Dec. 31 and had not been renewed. Mr. Blydenstein says he knows of 12 men who found themselves without insurance, one having lost all save what salvage will bring on 3500 sacks of barley. The books and records of the company were destroyed by the fire and checking up of the duplicate records kept by the fire insurance companies will take time, he said. Some of those who will lose because of no insurance, Mr. Blydenstein says, carried policies with the manager of the warehouse who, in some cases, had not called his clients' attention to the fact that their policies should be renewed with the new year.

Spring Work to Open
It is probable that the spring work on Umatilla county farms will open about February 15, say wheat growers. This is an earlier date than that of last year, when the work did not begin until about March, because of the frozen condition of the ground.

Mr. Lyons Dies
W. H. Lyons, father of Mrs. M. O. Bennett formerly of this city, died recently in California. Mr. Lyons whose home was in Seattle, was known in Pendleton, having visited his daughter here several times. Besides Mrs. Bennett, he is survived by his wife, Mrs. Bennett who resides near Danvers, Montana, is now in Seattle with her mother.

Mrs. Edwards Dies
Mrs. S. A. Edwards, formerly of this city, died last Saturday in Yakima, according to word received here today. Mrs. Edwards, who was a prominent member of the Baptist church in Pendleton, resided here for 15 years, coming here from Pennsylvania. She is survived by the following children: Mrs. Edwards, Harry Edwards, Fern Edwards and D. E. Edwards. Funeral services were held Monday in Yakima and interment was at Tahoma cemetery.

Umatilla Makes Showing
Umatilla county's sale of Christmas Seals was approximately \$1800, the

county ranking next to Multnomah in the total, according to a recent report made by Mrs. Sadie Orr Dunbar, executive secretary of the Oregon Tuberculosis association, under whose auspices the sale was carried on. Mrs. Herbert Thompson was county chairman of the drive and besides the efforts of individuals, she enlisted the aid of schools and clubs throughout the county. The money is used to fight tuberculosis.

Sum is Turned In
The sum of \$518.73 was turned in today to the Umatilla County Red Cross treasury from the Junior Red Cross, of which Judge G. W. Phelps is chairman and W. W. Green secretary-treasurer. The sum was collected largely from membership fees. A de luxe weighing and measuring scale, which was used in the county health work, was turned in also. The Red Cross received also today a quilt and some attractive dresses made by the Research Club and a quilt made by the Spizzierium Club. These clubs are sewing for the needy as one of their winter projects.

Rotarians Have Meeting
Judge G. W. Phelps, Roy Raley, Rev. George L. Clark and J. V. Tallman were the speakers at today's meeting of the Rotary Club. They discussed community and civic needs. The luncheon was, as usual, served at the Elks' club.

Sport Hats Still Popular

This excellent example of the sports hats that seem to be having greatest popularity is fashioned entirely of blue and white felt in a series of folds and a fringe of the two colors overhanging one side. Felt is having a vogue beyond what it has had before for many a season. The lines of this model are particularly good, simple, direct, as is the trend of all military now.

BACHELORS TAKE LEAP IN DARK, FEARING TAX

LONDON, Jan. 26.—(U. P.)—The new Parisian tax on bachelors in order to provide bonuses for babies is having its effect here.

Bachelors are ceasing to brag about their happy state.

At the beginning of 1920 a band of bachelors gathered together and formed the Leap Year's Bachelor Club. They pledged themselves to stand together and laid down the most stringent rules, which included a taboo on theatre visiting in the company of a representative of the menacing sex. The founder of the club was the first to fall.

After that they all caved in and stocktaking on New Year's proved that only one member was left of the gallant throng of sworn celibates.

And now, in the early days of 1921 comes this distant rumbling from France. A tax on bachelors in order to bonus other men's babies.

"Great Heavens!" they mutter, "this thing might get to England any day now."

There is no talk of forming a 1921 Bachelors' Club. In such circumstances, unity, instead of making them strong, only makes them conspicuous. Bachelors no longer pose as irresponsible, care-free devils, dinging money. The fear of taxation is driving them into matrimony, and if any babies are to be bonussed, they intend to be the fathers of them, rather than the bachelor supporters of them.

At the present rate of marriage, when the time comes for the Commissioners of Inland Revenue to levy their tax on Bachelors, it is more than like-

TACOMA COPS WILL GO TO SCHOOL IN SPRING

TACOMA, Wash., Jan. 26.—Five local police officers will be sent to the University of California this spring to take a special course of study, Commissioner of Public Safety Fred Shoemaker plans. Five of the best men in the department will be detailed to take the course for one month, and upon their return they will establish a school for the remaining members of the force and impart what they learn.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute.

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits. 15c and 30c a box.

Brookfield Butter

When you want real Butter, call for Brookfield Butter. There is no better Butter on the market. With every role we give you a money back guarantee. If it is not the finest Butter you ever used, your money is ready for you.
