

People Here and There

L. H. Smith is in Pendleton today from Tacoma on a business trip.

R. A. Henry is registered at the Pendleton Hotel today from Portland.

J. S. Kell, traveling out of San Francisco is registered in Pendleton today.

Bert Jerard returned on No. 15 early this morning from a business trip to La Grande.

Charles Gramm, of Portland, an insurance man well known in this section, arrived in Pendleton this morning on business.

C. C. Kelley, state highway engineer with offices in Salem, was an arrival in Pendleton this morning's train. He is here to look after work being done on the various state highways in this section.

William Helchart, local manager

for the A. C. Stevens Auto Co., local Haynes distributors, returned on Wednesday from a visit to the Portland office of the company. He says that the recent automobile show in the Rose City has stimulated the automobile business considerably and believes the show to be given here early in March will likewise have a good influence on the business, which, of late, has been a bit slack.

Floyd S. Fox and O. J. Fox, of Weston, were in Pendleton today to collect the county on eight scalps. Seven were of coyotes and one of a bob cat.

The County Farm Bureau meeting held many prominent Umatilla county farmers to Pendleton today, among them J. F. McNaught, of Hermiston, a pioneer alfalfa grower and vice president of the bureau. A large delegation is here from the east end of the county, and among the visitors are J. F. Shover, Jim Cutler, W. C. Thompson, S. Demsey, and W. C.

Hopson, F. L. Ballard, assistant state poultry agent leader, is here for the meeting.

Fred A. Fisher, representing Beverly & Goodwin, fiscal agents for the Western Wool Warehouse Co. of Portland is in the city for a few days. The warehouse company is the one in which S. Fred Wilson, Dr. C. J. Smith, Theron Fell, Fred W. Fulcover and others are interested.

Paul Van Wyck, who represents the Hemington Typewriter Co., is here from Portland today.

NEWS OF THE COUNTY OFFICES AND OFFICERS

Judgment for \$156 Given.
Judgment for \$156 was given Frank Harris today against W. A. Saunders, et al. The case went by default in the circuit court.

Non-Suit Judgment Entered.
A judgment of non suit in the case of O. W. Harrison against James Fisk and F. H. Fisk was entered with the county clerk today.

Rogers Estate \$5449.65.
The estate of the late Henry W. Rogers today was appraised at \$5,449.65 in an inventory filed with the county clerk by T. C. Elliott, J. E. Olinger and Bruce Shangle, appraisers.

Longwell Estate Admitted.
The estate of the late Arvald Longwell, postmaster at Echo, was admitted to probate today. Cora K. Longwell was appointed administratrix. H. B. Stanfield, W. H. Cray and A. H. Thomson were named appraisers.

Condemnation Suits Filed.
Two condemnation suits for the highway work carried on by the Umatilla county court were filed with the county clerk today by H. I. Keator, district attorney. A right of way through the lands of H. M. Dorothy on the Little Walla Walla river is sought and a quarry and camp site on the property of William P. Sims, on Dry Creek, is also desired.

Empress Mine Rates to Portland Lowered.
WASHINGTON, Jan. 27.—(A. P.)—The interstate commerce commission ruled that rates on coal from the Empress mine in Oregon to Portland were unduly prejudicial to mines in competition and ordered lower rates put into effect.

Disarmament Policy Impractical Say Japs.
TOKYO, Jan. 27.—(A. P.)—A majority of the members of the opposition party are opposed to the proposition of Y. Oshii, a member, that a resolution be introduced in the diet calling upon Japan to approach other world powers relative to restriction of armaments, says the conservative organ Jiji Shimpu, because they regard it as impracticable.

Right Remedy for Rheumatism Found.
An advertising campaign on Anti-Uric, the wonderful, herbal remedy for rheumatism, is now running in the principal newspapers. In every city and town in this State people are reading about Anti-Uric, and hearing it talked about by their neighbors. Those who are afflicted with rheumatism will try it and praise it. No article that has ever introduced for the relief of rheumatism has created such profound interest. For years Anti-Uric was made for physicians, who prescribed it to their patients. It was decided to put it on the market for the general public and in a short time it has made hundreds of friends and hundreds of letters of endorsement have been received for it.

We are not allowed by law to publish the statement that Anti-Uric will cure rheumatism, but we are allowed to publish and do publish letters from people who have used Anti-Uric for rheumatism and have found relief and cure. People who have suffered with rheumatism and its attendant pain do not hesitate to endorse and recommend the remedy that has helped them. In fact they are anxious to do so to enable others to regain their health.

Rheumatism takes many forms and is one of the most painful ailments of mankind. At times it causes total disability and even deformity. It is now known to be caused by an accumulation of uric acid and other poisons in the blood and can only be cured by the elimination of these poisons. For this purpose Anti-Uric is without an equal.

We are so confident of the perfect satisfaction Anti-Uric will give in all cases of rheumatism, that we have refunded the purchase price to be returned to anyone who is not pleased with it. Get an outfit today and give it a trial. For sale by The Pendleton Drug Co. and Thompson Bros.

Wheat—The lowest levels on the crop were made early in the day but it soon became apparent that the urgent situation was nearing an end, as the market later gained strength and an overall condition was disclosed. A local statistician published a set of figures indicating that Argentina, Australia, Canada and the United States will have a total surplus of about 170,000,000 bushels at the end of this crop year, which the trade construed as a bearish argument, notwithstanding that this is materially below the normal carryover of these countries. A report that Gulf wheat premiums had been reduced 10 to 15c over March did not coincide with advice from Kansas City which said in effect that it was almost impossible to buy cash wheat on the floor there at 26c over March. Sales of 600,000 bushels for export were confirmed on the break and it was intimated that the final report might show considerable in addition. Southwestern receipts were much lighter and all markets reported smaller offerings to arrive from the country. Trade notes on the flour situation are becoming more encouraging daily and if exporters show any inclination at all to buy our wheat, we believe that the competition will be such as to cause a strong market.

Sliver My Timber!
"Could you do something for a poor old sailor?" asked the seedy looking wanderer at the gate.
"Poor old sailor?" echoed the lady at work at the tub.
"Yes'm, I followed the wotter for 16 years."
"Well," said the woman, after a critical look, "you don't look as if you ever caught up with it."
Then she resumed her labors.—The New Majority.

AMSTERDAM, Jan. 27.—(A. P.)—Efforts to reconcile the American Federation of Labor and the International Federation of Labor were decided upon at a meeting of the directors of the International body here.

"It seems to us," said Edo Fimmin, U. S. delegate, "that the break between the body headed by Samuel Gompers and the International Federation was largely due to a misunderstanding. Sometime in the near future we plan either to ask an American committee to come to Amsterdam and confer with us, or to send a committee to America."

SEATTLE, Jan. 27.—(A. P.)—Louis Madson, Warren Daniels and C. A. Brown, alleged bandits charged with the killing of Patrolman V. L. Stevens, January 14, were arraigned to answer to a charge of first degree murder in superior court here today. Attorneys for Madson and Brown interposed a demurrer which will be argued next Friday and Daniels' plea was continued to the same date to allow time for him to secure a new attorney.

Patrolman Stevens was killed in a gun battle with four alleged bandits at Maxnolia Bluff, a suburb. Creighton Dodge, the fourth man arrested, died of wounds received in the fight.

COAST MOUNTAINS JAUNT LEISURELY NORTHWARD
BERKELEY, Calif., Jan. 27.—(A. P.)—The mountains of the second coast range in the vicinity of San Francisco are moving slowly northward, causing enormous earth strain and producing landslides in one of which Mount Tamalpais jumped back 5.8 feet, according to Professor A. C. Lawson of the University of California in a geological bulletin made public today.

Mount Hamilton, near San Jose, he said, moved northward at the rate of four feet a year from 1892 to 1908, but after a sudden shift in that year continued at the rate of 2.2 feet.

"Sandwich" Signs Taboo
Rev. J. T. La Rose, of the Nazarene church, asked permission to place 25 "sandwich" signs, bearing placards of evangelistic meetings about the city on curbstones. This request was denied because of its being in opposition to the ordinance. He was informed, however, that if owners of private property would allow him to place his signs on their property, the city would have no jurisdiction.

Precedent was sought by the council to allow them to grant a petition signed by only one person. The request was for the establishment of the grade on Oak street so that a sidewalk might be laid. Another petition, from residents on Lincoln street between Jackson and Washington, was received, asking for paving of that block. This was referred to the street committee, while the other was granted and the city engineer instructed to establish the grade.

Request from the Pendleton Storage Battery Co. for permission to erect an electric sign at its entrance was read and granted upon recommendation of Councilman Friedly and Fire Chief Ringold.

NORMAL COURSE
(Continued from page 1.)
While only the straight summer normal course so far is assured, Mr. Ingham has high hopes of obtaining both additional features for the 1921 session. An attendance considerably in excess of that obtained for the 1920 course is expected, inasmuch as the work last year was organized in less than three weeks, while five months' notice can now be given throughout Eastern Oregon.

The Pendleton Commercial Association, which has a committee on the summer normal session, probably will lend its cooperation at once to bring about the desired additions to the course here, it was said today.

HIGH SCHOOL NOTES

Your Telephone

What does your telephone service mean to you?

In the successful operation of your business is your telephone necessary?

Does the telephone in your residence prove more than a convenience and perform an important part in the management of your affairs?

In fact, don't you find good telephone service essential in both your office and home?

The Telephone Company believes you do and wants to supply that service to you.

Telephone properties are now operated at a loss in the State of Oregon.

Increased rates are necessary to continue present service and attract capital for building new plant needed. Can investors be expected to furnish funds for extensions when the present plant does not pay its way?

Is not the Telephone Company entitled to rates which will enable them to continue to furnish good telephone service to the people of Oregon, and without which they cannot carry out their plans for development?

These are questions of importance and should interest every telephone user.
