**REV. LOCKWOOD SPEAKS**  
The details of Oregon's government were clearly explained by Rev. Alfred Lockwood, pastor of the Church of the Redeemer, at a meeting of the Pendleton Women's Club for which Mrs. Norborne Berkeley, Mrs. W. E. Brock, Mrs. John Adams, Mrs. R. T. Brown, Mrs. Lester Hanley and Mrs. S. A. Newberry were hostesses yesterday afternoon at the county library. Rev. Lockwood touched upon the various features of the state's government and spoke comprehensively of the direct primary.

House bill No. 128, introduced by Representative E. N. Burt of Clatskanie, and designed with the purpose of regulating presentation of plays in the theatres, was discussed by the members. The bill provides that girls under sixteen and boys under eighteen shall not be permitted to see a motion picture containing and representation of crime in any of its various forms.

The musical program consisted of two charming instrumental solos by Miss Mary Clark, and numbers by little Miss Simpson, talented young pianist. During the social hour, Mrs. E. T. Wade and Mrs. Sylvan Cohn presided at a table where scarlet carnations were used as a centerpiece.

Since the establishment of the republic, numerous Canton journalists have been executed by official order and several others assassinated with officials as accomplices."

**"Convention" Bill Forthcoming**  
SALEM, Jan. 25.—(U. P.)—The long-awaited "convention" bill, it is reported, will be introduced in the legislature the first of the week. There are said to be plenty of members who would like to amend the primary law, but none are very optimistic about the chances of doing it. It is understood a "straight party ballot" bill will be introduced and if it can secure enough votes to pass, it over-rides a veto then its sponsors will try restoring party conventions.

**School Bill Passed.**  
SALEM, Jan. 25.—(A. P.)—The senate passed Humes bill putting elementary and private schools under supervision of county school superintendents. The same course of study and the same teachers qualifications for public schools are required. The house defeated the senate bill authorizing county courts and commissioners to fix the salaries of county surveyors. The senate indefinitely postponed Utton's bill abolishing the state emergency board. The senate passed a bill including state and municipal owned land in irrigation and drainage districts. Also a bill regulating the granting of licenses to testers of creamery and cheese factories.

**Bonus Bill Introduced.**  
SALEM, Jan. 25.—(A. P.)—A bill providing an alternative of \$25 monthly bonus to ex-service men or a \$1,000 loan on real estate was introduced in the house.

**FARMER'S UNION WINS TEST CASE IN COURT**

Orders dismissing the complaints of Roy Cannon and Charles Kirk, against the Farmers Union Grain Agency et al., and permitting the defendants to recover their costs from the two plaintiffs, were signed today by Circuit Judge G. W. Phelps. This action closes two test cases against the Farmers Union Grain Agency, tried during the September term of court.

Several suits were filed more than a year ago by stockholders in the agency, alleging an oversale of the stock of the concern. When they came to issue it was agreed between both parties that two test cases should be tried. Other defendants agreed that they would allow the decision of the court on these cases to govern the disposition of their own.

The dismissal of the actions and the assessment of costs against the plaintiffs is taken to indicate a sweeping victory for the corporation against all who brought suit. No further orders, however, had been entered by the court up to this afternoon regarding the other complaints.

**ARMED MAN APPEARS IN MURDER TRIAL COURT**

WILLIAMSON, W. Va., Jan. 25.—(A. P.)—Presence of an armed man in court today at the opening of the trial of 23 defendants charged with murder in connection with the killing of 10 persons at Matewan last May, caused Judge R. B. Bailey to issue an order directing all persons who enter the room to be searched.

Shortly before adjournment, and while witnesses and spectators were leaving an attorney for the state told the judge that one of the defendants was armed. A rush fell upon the confusion and a moment later the judge issued his order. The defendants were warned that any one found with a weapon would be placed in jail until the trial's end.

One of the 23 original defendants, B. G. Page, a negro, failed to appear today and his bond was declared forfeited. More than 30 witnesses responded, but the roll call revealed that about 100 were absent.

Colonel Herman Hall, commander of federal troops on duty here, occupied a seat on the bench beside Judge Bailey.

**UNCLE SAM CAN STILL EAT THREE STRAIGHTS**

WASHINGTON, Jan. 25.—(A. P.)—Completion of the first count since 1913 of cash and securities held in treasury has revealed that Uncle Sam's vaults hold \$13,883,819,826.25 2-3, of which \$98,410,282.02 is cash.

More than \$10,000,000,000 of the bonds and other securities held in trust, which totaled \$12,808,543,045.24 2-3, Acting Treasurer Allen announced, consist of evidences of the indebtedness of the allied nations. The presence of the two thirds of a cent in the figures was explained as due to a bond of Tennessee for \$1,666.66 2-3 held by the treasury for the secretary of the interior as part of a number of bonds purchased for the benefits of Indians.

**Total Last Count.**  
The last count of the treasury's cash and securities in 1913 showed \$1,326,422,051.48 2-3, of which \$100,231,911.90 was cash. Sale of 100,000,000 standard silver dollars to the British government during the war to relieve the silver famine in India, officials said, explained most of the difference in cash.

Count of the treasury's cash and securities was necessitated by the resignation of Treasurer John Burke.
