FRENCH RELAY TEAM TO COMPETE AT PENN.

PHILADELPHIA, Jan. 31.—A relay team, representing the combined universities of France will take part in the University of Pennsylvania relay carnival here April 29 and 30. Definite word to this effect was received today by the Pennsylvania relay management. More than 60 American colleges and universities have accepted invitations to participate in the carnival. They include Nebraska.

NEAL ALLISON, ST. PAUL LIGHTWEIGHT ARRIVES

Neal Allison, 142 pound welter-weight who will appear on the 28-round boxing card of the American Legion smoker Saturday night, arrived in Pendleton Sunday. He has an enviable record in the Middle West, according to press comment from that section. On May 29 he stopped Curly Vallancourt in nine rounds at Duluth. Joe McGowan met him in Frontenac, Kans., June 5 and was defeated in four rounds. July 5 Del Hanson was Allison's five round victim. In August the St. Paul fighter won a newspaper decision over Frank McGowan, brother of Joe, in Kansas City. Al Arney is also on the list of Allison's victories, having won from him in five rounds at Duluth, and in Springfield, Ill., the pugilist beat Young Ferris in one round. Allison is a general favorite with light fans of Minneapolis. St. Paul and Duluth. While in the army he won the A. E. F. medal and was charged the government employed him as boxing instructor at Camp Dix, N. J., to take Jeff Smith's place. "Coming from a climate where the mercury has been flirting with the 20 below mark I find the balmy climate of Pendleton somewhat interfering with my respiration but before Saturday night I expect to overcome that handicap and when I meet Frankie Murphy at the smoker I will do my best to satisfy Pendleton fight fans," said Allison. The fighter is looking perfectly fit and this morning took a six mile workout up Franklin street.

STATE HAS SO MUCH BOOZE IT DON'T KNOW WHAT TO DO WITH IT

LANSING, Mich., Jan. 29.—Two hundred barrels of alcohol, more than 100,000 quarts of bottled-in-bonny shisky, gin, cordials and other liquors, stored away by the state constitute a problem for Fred L. Woodworth, state food and drug commissioner. The intoxicants have been seized by state authorities since Michigan became dry May 1, 1918. The more than 100,000 bottles are piled like cord-wood in the basement of a building here and about them are grouped the two barrels of alcohol. The basement where the state liquor store is kept is harder to break into than Jackson prison is to break out of. There are bars over the cellar windows and great locks on the doors. More than 200 different kinds of whiskey are represented in the 100,000 or more quart bottles piled about the cellar. About twenty stills a day, ranging in size from the kind that are lifted by means of derricks to those that may be carried easily by one man, are received at the building and stored away in the state warehouse. Mr. Woodworth has a collection of "rogueous articles used by bootleggers to smuggle whiskey from one city to another large enough to start a small museum. There is a plain case concealing a tank to carry a gallon, milk cans with compartments for milk and other compartments for whiskey, and dozens of other articles that in their time served the purposes of whiskey smugglers. Mr. Woodworth has asked the internal revenue officials at Washington to sell the confiscated whiskeys to private firms that use liquor for medicinal purposes, the proceeds to be turned into state channels.

MAN HELD FOR BOMBING PALMER'S HOME PROVES INNOCENCE IN COURT

WASHINGTON, Jan. 31.—(A. P.)—Arrested and detained by secret service agents in connection with the attempted destruction of Attorney General Palmer by the bomber of his home here in June 1919, Max Holder was acquitted today in the District of Columbia supreme court, on the grounds that he had been illegally detained.

CALIFORNIA TO MEET MICHIGAN ON TRACK

BERKELEY, Cal., Jan. 31.—(A. P.)—Track and field athletes of the University of California and the University of Michigan will compete in a dual meet here April 9. Luther Nichols, California graduate manager, announced here today. Each University will be represented by a fifteen man team. A tentative schedule for the California Stanford University football team track meet and the California University of Michigan track meet also for April 9, Nichols said. Both these events will be held here. One of the Stanford-California football games also will be held here on the ninth.

U. OF CAL. FOOTBALL SCHEDULE FOR 1921

BERKELEY, Calif., Jan. 31.—University of California's football team next season will play nine games, according to a tentative schedule announced here today by Luther Nichols, graduate manager. The schedule follows: September 24, St. Mary's College at Berkeley. October 1, Olympia Club at Berkeley. October 8, Santa Clara University at Berkeley. October 15, Occidental College at Berkeley. October 22, Washington State College at Portland, Ore., or Pullman, Wash., or Berkeley. October 29, University of Oregon at Eugene or Berkeley. November 5, University of Southern California at Berkeley. November 12, University of Washington at Berkeley. November 19, Stanford University at Palo Alto, Calif. Recently Nichols telegraphed Yale, Harvard and Princeton asking for a 1921 game in the east, but he advised that the schedules of the "Big Three" teams were filled. University of Michigan, Nichols announced, asked for a game at Ann Arbor, Nov. 7, but the invitation was declined. An California plays U. S. C. on that date and also is scheduled for one of the season's important games—that with the University of Washington on the following Saturday. Nichols said California would not care to play Washington after a tiresome trip home from Ann Arbor.

MOVE FOR NATION-WIDE MOUTH HYGIENE STARTS

CHICAGO, Ill., Jan. 31.—(A. P.)—A nation wide movement in Mouth Hygiene, having for its primary object the betterment of mouth conditions in the child by means of instruction in this subject in the schools, will be inaugurated here on Thursday, Jan. 27, at the 37th anniversary of the Chicago Dental Society. Several thousand dentists from this country and Canada have signified their intention of attending the meeting. Thomas A. Forsyth, of Boston, who has contributed \$5,000,000 to found and maintain the Forsyth Infirmary of Boston will be the guest of honor. Plans for establishing dental infirmaries in all large cities will be discussed and dentists from those cities in which infirmaries have already been established will be present to tell of the work done.

BANK CLOSES DOORS.

BUENOS AIRES, Jan. 29.—(A. P.)—The Bank of Spain and America, capitalized at two million pesos, closed its doors today. The suspension is attributed to the failure of the Bank of Spain and Paraguay, of Asuncion, which was a creditor of the local bank.

For Coughs and Colds

"I want to say that Chamberlain's Cough Remedy has been used in my family on occasion, without numbers, for coughs and colds and has given the best satisfaction of any cough medicine we ever tried," writes Mrs. C. Metzger, Greenville, Ill. You will look a long while before you find a better remedy for coughs and colds or one that is more safe and pleasant to take. Well Known in Foreign Countries. It will be a surprise to many to know that Chamberlain's Cough Remedy is well known and highly esteemed in many foreign countries. Charles M. Cramer, a well known watch maker of Colombia, Ceylon, says of it: "I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds. I have repeatedly used it and it has always been beneficial." Tonight If you would enjoy tomorrow, take Chamberlain's Tablets tonight. They produce an agreeable, laxative effect, clear the head and cleanse the stomach. They are just what you need when constipated. No Doubt About It There is no question but that Chamberlain's Tablets is one of the best preparations on the market for stomach troubles, biliousness and constipation. There is no better proof of this than when a man has once used them he will consider nothing else when in need of such medicine.

Income Tax

Income Tax Returns were never as difficult to prepare as now. That is provided the taxpayer gets the benefit of all the provisions of recent decisions. The farmer who is holding his wheat or the sheepman who has unsold wool or sheep on hand can take the benefit of his investments and adjust returns for all past years. The man who has sold his crops or livestock and owes some tax for the past year, may have a sufficient refund coming in prior years to take care of the 1920 tax. The merchant has special problems this year on inventories. The man who has sold a farm or an outfit may not be required to pay on profits therefrom if a recent decision is upheld. Your Income Tax advisor should be an accountant who is thoroughly familiar with all the "ins" and "outs" of the Revenue Service. We have handled thousands of cases of Income Tax Returns. We have cases in the files just like yours and know just what the Department has ruled on these in the past. "THE FACTS SHALL GOVERN"
