BALTIMORE LEADS U. S. IN TEACHER'S SALARIES

CHICAGO, Feb. 2.—(A. P.)—With an increase of \$400 per year to the average teacher Baltimore is shown to lead the list of American cities in amount of salary advances to be granted to public school workers during the past year, according to a survey of the national educational situation just completed by the Better Schools Service, a bureau of the American Federation of Teachers.

COMING TO AMERICA

JENNY SZYLIS
Poland's most beautiful actress, Miss Jenny Szylis, is brushing up in English preparatory to appearing in drama in this country soon. She has won fame as a dramatic actress and has been the sensation of Warsaw.

teacher shortage became acute. Philadelphia is shown to bring up the rear of all cities, its increase being only from \$50 to \$150 per year.

The average increase for cities of more than 100,000 population is listed at \$465 per year, for cities of between 50,000 and 100,000 three hundred and thirty-two dollars, in cities of 25,000 to 50,000, three hundred and seventy-nine dollars.

Reports from all over the country show that the general advance in salaries still leaves teachers more inadequately paid than previous to 1914, said William T. McCoy, director of the survey in making the first findings public.

Teachers are still at the bottom of skilled workers in the wage scale," he added. "The measures of relief have been palliative only. They may have checked momentarily the disintegration in the public school system of this country but they have not arrested it. All reports show that there must be fundamental changes in the policy of financing education before schools are safe from current deterioration. Normal school enrollment over the nation is the barometer of the educational system. This barometer is now very low. Even the Baltimore increase is reported by Maryland educators to have been inadequate.

Among the larger American cities Louisville and Paterson (N. J.) rank next to Baltimore, with \$500 each as the average annual increase. Chicago, Toledo, San Francisco and Kansas City are next place with \$450 each. St. Louis, Oakland, Tacoma gave \$420 apiece with Spokane close behind with \$400. Boston, Los Angeles and Houston awarded a raise of \$350, with Atlanta and Minneapolis \$300 each. Indianapolis, Cleveland and Des Moines have \$250.

Of cities between 50,000 and 100,000 Terra Haute, Ind. leads with an average teacher advance of \$450. Portland Me. gave \$400 and Gary, Ind. \$250.

In the third group cities between 25,000 and 50,000 Montclair, N. J. tops the list with \$500, Newton, Mass. being next with \$450.

Are You Braver Than Your Husband?

Most women are more daring than the men, says Miss Ruth Law, world famous girl aviator and head of Ruth Law Flying Circus at Chicago. To prove it she always goes her daring stunt stunts one better. Above is one of them. "Daredevil" James, hanging to a speeding plane by his teeth.
