

# News Notes of Pendleton

**CALENDAR OF EVENTS**

- Jan. 25.—Annual meeting of Round-Up directors.
- Jan. 27.—Annual County Farm Bureau meeting and election of officers at county library.
- Jan. 28.—Mass meeting for community organization—county library.
- Jan. 31.—Circuit Court jury term resumes.
- Feb. 4-5.—Basketball, Pendleton vs. Baker—high school gym.
- Feb. 5.—American Legion smoker—Oregon theater.

**Revivals Are Held.**  
 "The Christian Gethsemane" will be the topic for this evening's sermon at the Baptist church, with Rev. M. G. Bentley in the pulpit. There will be special singing in addition to the sermon.

**Habit Shoot For Sunday.**  
 The rabbit shoot planned by the local Red and Gun club for next Sunday on Sand Hollow is expected to be the biggest shoot of the year. On Thursday night the club will meet to determine whether the affair is to be in the nature of a competitive match as the last one or not. All sportsmen wishing to accompany the party which is thought will number at least 75, are expected to meet in Sol Baum's sporting store Thursday night and discuss means of getting to and from Sand Hollow. It is not required that participants be members of the Red and Gun club. Lunch will be served on the grounds.

**Car to be Discontinued.**  
 The Pendleton-Portland sleeper is to be discontinued on February 4, and in future six of the 16 sections on No. 23 will be reserved for the use of

Pendleton people, says T. F. O'Brien, local depot agent for the O-W. R. & N. With the new ruling, no car will be set off at Pendleton upon the arrival of No. 24, morning train. Mr. O'Brien says that because of the small amount of travel the O-W. has found it necessary to make the change. In future night passengers from Pendleton to Portland must await the arrival of No. 23 at 10:30 p. m. whereas in the past the sleeper was ready for occupants at 9 p. m. and was picked up by No. 23.

**Will Visit in Washington.**  
 Mrs. Lywood Ligermore leaves tonight for an extended visit with friends and relatives. She will visit her parents at Port Angeles, Washington, and will later be in Seattle for a time.

**Red Cross Compliments Umatilla.**  
 Umatilla county was complimented today in a letter from northwestern headquarters of the American Red Cross, on the showing made in the recent roll call. The final report was sent to Seattle last week. R. E. Arne, assistant manager for the northwestern division, acknowledged the receipt of the funds and the report.

**Today Ground Hog Day.**  
 The ground hog, although forced to wait until after noon, saw his shadow clearly in the bright sunshine today and retired to wait for fair weather. If the ground hog is a true prophet, the maximum today is 52, says Major Lee Moorhouse, while the minimum was 23. The barometer registers 29.50 and a shower of rain fell this morning.

**C. E. Powell Hurt.**  
 C. E. Powell, O. W. R. & N. yardmaster at Rieth, received bruises today when a machine driven by Oliver Hartman collided with the motor car Mr. Powell was driving. The collision occurred at the Chestnut street crossing as Mr. Powell was going to Rieth from Pendleton. Mr. Powell was taken to his home, where he is convalescing.

**Liquor Costs Man \$50.**  
 Possession of two bottles containing moonshine whisky today cost H. A. Dora \$50. He forfeited that sum to police court this morning, having given bail last night following his arrest. Police took him from an automobile. The liquor was poured out in the office of the police judge this morning and left an unmistakable odor of moonshine in the air for several hours.

**Walla Walla Holds Initiation.**  
 A large initiation and banquet in honor of District Deputy Grand Exalted Ruler Cator, of Spokane, was held by Walla Walla lodge of Elks last night. Four officers of Pendleton lodge motored over for the affair, returning late last night. Charles C. Vinler, exalted ruler, Roger Kay, esteemed loyal knight, George Ferguson, esquire, and Frank J. Quilman, secretary, were in the party of local Elks present.

**Williamette Gleecsters Coming.**  
 The Epworth League of the Methodist church will present the Williamette University Glee Club in concert Thursday evening at the Methodist church. Beginning at 8 o'clock, two hours will be devoted to selections by the club, by quartet, by individual vocal and piano solos, dramatic readings, humorous vaudeville acts and college fun. The sixteen young men and two young women (reader and pianist) and the director will arrive Thursday and will be entertained during their stay in Pendleton at the homes of the members of the league. A part of the proceeds of the concert will be given to the Epworth League and will be used toward the support of a missionary in India.

**Bond Bids Expected Tonight.**  
 Bids for the purchase of Pendleton's park and fire apparatus bonds, reissued to conform with the city charter, are to be opened at the regular weekly meeting of the city council tonight. The bonds were issued shortly after the general election and sold to Carstens & Earles Co., of Portland. Then word came that the legality of the issue was clouded by provisions of the city charter. A new issue, bearing 5 per cent and issued for 20 to 30 years has been prepared. Whether these will bring as good a bid in the market as did the 6 per cent bonds is a matter of conjecture here.

**HALF BILLION FOR NAVY.**  
 WASHINGTON, Feb. 2.—(A. P.)—Nearly half a billion will be required to complete the naval building program embarked on in 1916, the house appropriations committee estimated.

**HEALTH OF WOMEN.**  
 How many perfectly well women do you know? Isn't it true that in order to keep up with the march of progress the endurance of women is often strained to its utmost, and the tax upon her physical system is in many cases greater than she can stand. Headaches develop, and nervous instability, backache, dragging down sensations, and other painful ailments peculiar to women. The reliable remedy when a woman gets into such a condition is Lydia E. Pinkham's Vegetable Compound, as for nearly half a century it has proved the natural restorative for these troubles.

**Behind or Before?**  
 The place for pushing "used to be behind before, but now it's in front at last." We have here an invention of T. H. Brig of Bradford, England. The device is scheduled to "revolutionize traffic." Brig says that a horse, by pulling on levers attached to a front wagon, pulls the second wagon, which pushes the first. Hence twice as much can be pulled with the same exertion. Get it?

**Gives Up Opera for Baseball.**  
 Louis Fonseca chooses big league baseball to grand opera. Fonseca, a San Francisco sandlotter, had two contracts placed before him. One was a ticket to the grand opera stage. The other was a ticket to the Cincinnati ball club. He signed with Pat Moran.
