SASKATCHEWAN ALSO HAS ITS BOOTLEGGERS

SASKATCHEWAN, Sask., Feb. 2.—Liquor valued at millions of dollars is being shipped into Saskatchewan at the present time by wholesale liquor concerns, according to a statement made by the Saskatchewan Liquor Commission. There is enough whiskey in the province at the present time, it is estimated, to take care of all the export requirements of the whole of Canada for at least two years.

Members of the commission anticipate that while this liquor remains in the province it will be a menace to the putting into effect of the prohibition measures which will become effective February 1. There will always be a certain amount of leakage within the province and will be until the vast quantity has been finally disposed of, they declare.

Many women in every hamlet, town or city will gladly testify that Dr. Pierce's Favorite Prescription did them a world of good. Ask your neighbor.

Although Miss Daingerfield, whose reputation as a breeder of race horses is second to none, has said that "A horse is a horse and Man O'War will just have a stable," she told the representative of the Associated Press that she had remodeled a barn on the farm for him. The box stalls prepared for Man O'War and Golden Broom are large and roomy, giving them plenty of room in which to turn and lie down at will.

Feed tubs for Man O'War have been specially built by a Lexington tinsmith, special precautions being taken to see that the famous racer cannot injure himself. The stalls in the barn are much like those in the barn of any thoroughbred breeding farm, but through and about the barns at all hours of the night a watchman makes his way to see that no harm befalls any of the racers.

In a house nearby will live Frank Loftus, the man who always has cared for Man O'War, since his baby days on August Belmont's "Nursery Stud" six miles from Lexington on the Georgetown pike, and where his dam, Mahubah and his sire, Fair Play, are still stabled. Loftus will stay with the famous horse, caring for him by day and on call at any time that his services may be needed.

"Man O'War is a well behaved animal and no extra precautions have been taken in his stall to prevent his injuring himself," said Miss Daingerfield. "We have made no very unusual preparations for him. I have had a stable remodeled with three stalls, one for Man O'War, one for Golden Broom, Mrs. Jefford's stallion

The Tell Tale of Gray Hair

To be judged ten years older than you actually are, is the tell-tale of gray, streaked hair, which detracts from a youthful appearance as much as a wrinkled face does.

Women, everywhere, prefer the easy, harmless "Brownstone" method that tints gray, streaked, faded or bleached hair, instantly, to any shade of brown or black.

Without injury to hair or scalp, "Brownstone" imparts natural, lasting colors that defy detection. Does not rub or wash off, and requires just a few moments to apply. Guaranteed absolutely harmless. Druggists everywhere sell and recommend "Brownstone." Two sizes—50c and \$1.50 with easy, complete directions. Two colors—shading from "Golden to Medium Brown" and "Dark Brown to Black."
