C. E. Straub is convalescing slowly after a serious operation which he underwent last Saturday at St. Anthony's hospital. Mr. Straub is a well known citizen of Pendleton.

Today Chinese New Years.

Today is the Chinese New Year, which in former years was elaborately celebrated by local Chinese. The coming of the new year is now marked by but little celebration and many of the Chinese now count January 1 as the beginning of a new year.

Reveries Are Success.

According to reports of congregations, Rev. Miss Bentley, Baptist evangelist, is an eloquent speaker. He spoke yesterday to capacity crowds. Tonight the evangelist will lecture, the talk being complimentary to the public. The services yesterday were marked by special music.

Safe Crackers Are Missing.

Safe crackers and short-time fun men, who are known to the detectives of the northwestern cities, are not found at their usual haunts, says

word received today by police headquarters. The inference is that these fellows are leaving the big town and going to the smaller cities. Chief of Police Roberts said that merchants might take heed and see that their places of business are well locked at night.

Echo to Have Smoker.

Echo will emulate the local legion by giving a big smoker there tomorrow night. There will be a number of boxing and wrestling bouts and the invitations to local sports followers say that there will be plenty of action all of the way.

Legion Will Meet Tonight.

Pendleton Post, American Legion, will meet tonight to hold the post morning over the fight card started Saturday night, to hear reports and the progress of the bonus bill and other matters of business. The meeting will be held, as usual, in the auditorium of the county library, Perry L. Idleman, post commander, says.

Miss Kearney Takes New Position.

Miss Laura Kearney, who has been stenographer in the office of the city school superintendent since June, today accepted a position with the law firm of Raley, Raley & Stelwer and took up her new duties. She is a Pendleton high school graduate and attended Reed College, Portland, last year.

Too Much For Small Boys.

Complaints are being made today that many small boys of the city who looked at the mangled form of the Japanese who was murdered Saturday morning suffered bad effects from their experience. The sight was so gruesome that several boys were made ill, it is reported by one mother today who voiced criticism of officers for allowing juveniles to see the body.

Eastern Oregon Leads in Criminals.

Eastern Oregon counties lead all in the state save Multnomah in the number of criminals sent to the state penitentiary, says Charles Z. Randall, deputy district attorney. He quotes from the report of the state board of control, Umatilla, Baker and Union, in the order named, have sent more prisoners to Salem in the two years ending November, 1929, than any other counties in Oregon. Umatilla also leads all in the number of murder cases, he says he believes.

New Spring to Be Mapped.

The new spring near Thorn Hollow which the city water commission plans to develop and turn into the city water system for the summer, will be mapped this week, Frank B. Hayes, water commission engineer, said today. He plans to go to Thorn Hollow about Thursday and make field notes to present to the next meeting of the water commission. The new spring is beyond Chaplins Springs, the present source of supply, and is expected to develop enough water so that none from the river will be needed during the dry season.

Hopes to Stop Backwater.
A plan by which he hopes to stop backwater from Tutuilla creek entering the sewer which ends on Winter street is to be worked out this week by City Engineer Frank B. Hayes. Whenever high water comes in the little stream at the west limits of the city, it floods this sewer and clogs manholes with mud. An extension of the sewer about 400 or 500 feet parallel to the stream is expected to result in eliminating the trouble. The outlet will be placed in the center of the creek bed. Thus when the water becomes high, a suction will be created instead of a backwater.

Pagan Big Success.
The Indian pageant given at La Grande during the Christian Endeavor convention was a big success, say local delegates who have returned from the convention. Over 300 people attended the pageant, which portrayed the work of missionaries, from Whitman and Spaulding down to the present time. Comment was made at the convention regarding the inspirational effect of the portrayal upon the young people who saw it. Those who took part were Rev. J. M. Cornelson, Presbyterian missionary at Tutuilla, Miss Vera Hampton and Miss Alice Greenwald of this city, and Parsons Motanic, Allen Patawa and Miss Mamie Uatawa, Indians of the reservation. Rev. George Clark, pastor of the Presbyterian church here was one of the chief speakers at the convention which was attended by 75 registered delegates. It will be held next year in Milton.

School to Be Held.
A pruning school will be held under the auspices of the Umatilla county Farm Bureau Thursday at the M. C. Barager orchard near Stanfield. The school will open at 9:30 a. m. A similar school will be held on Friday at the F. P. Phipps orchard at Hermiton, and this will be followed by a fruitgrowers meeting at which C. L.

ASPIRIN

Name "Bayer" on Genuine

It's criminal to take a chance on any substitute for "Bayer Tablets of Aspirin." Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Haudy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacid-ester of Salicylicacid.

Painless Parker and His Prices

By Painless Parker

I BELIEVE every man should make a decent profit on whatever he does. I get a decent profit on my dental work, but still my prices were kept down during the war and are still down today. The E. R. Parker System did it. No man without a reliable system can get much of anywhere.

Dental prices outside of mine are high because the old way of practicing dentistry is costly. If a dentist has only a patient or two a day, he has to charge a big price. My associates and I treat a hundred thousand people a year. Even if we made a clear profit of a dollar apiece, we would be doing pretty well. But how many dentists are there who are satisfied with a dollar profit on each patient?

When you think of TEETH think of PARKER.
