MILITARY ROUNDS UP MEN LEAVING CHURCH

QUEENSTOWN, Ireland, Feb. 8.—(A. P.)—After services in the Cathedral and the church today, all males between 16 and 40 years were rounded up. Several hundred were conveyed to the barracks. Here, before liberation, afterwards they were divided into groups, six persons in each, and given a number and a date. Then they were informed that if any Crown forces were ambushed within two miles of Queenstown on any date assigned to the groups, the men would be held responsible and required to furnish information to the authorities.

28 YEARS AGO

(From the Daily East Oregonian, February 8, 1893.)
Indian Charley Bennett says that Indian horses are dying by the scores and hundreds in the mountains of the reservation. The snow is three feet deep and the oxen are unable to reach the grass. Many of the red men rich in ponies will sustain heavy losses.
J. F. Temple is here from Umanilla.
John E. Lathrop has resigned his position as reporter for the Pendleton Tribune. He is succeeded by James Wirt an ex-railroader.
T. J. Tweedy is here from Pilot Rock.
Joseph Ehl is suffering from rheumatism.

HIGH PRICES LAID AT DOOR OF MIDDLEMEN; DEFLATION HAS COME

WASHINGTON, Feb. 8.—(A. P.)—The country is now in many respects on a sounder basis economically than for four years, controller of the currency John Skelton Williams informed congress in his "seventh and last annual report." The deflation obviously inevitable a year ago has come, and prices of many basic commodities and raw materials have returned to pre-war levels or below. It now remains for the middleman to adjust these profits before the consumer will receive the benefit.

JAP GOVERNMENT MAY "SACRIFICE" SENTRY TO PLACATE U. S.; BELIEF

TOKYO, Feb. 8.—(A. P.)—The Kokumin Shimbun, regarded as the organ of the military party today charges the foreign office with negotiating with the war department to secure imposition of a sentence on the

Japanese sentry in the Langdon incident. It alleges that the foreign office aims to "sacrifice" the sentry to avoid a troublesome diplomatic complication with America and to court the good will of the American government.

Leading inhabitants of the sentry's village in co-operation with the prefecture, it declares have organized to secure national support for the sentry whom they deem have discharged his duty.

CASES SETTLED BY ATTORNEYS; DISMISSED

Settlement in the cases of A. W. Ayres vs. William E. Hanscom and of J. Hanscom vs. W. R. Taylor were effected between attorneys for the various contestants yesterday morning and when the cases were called to trial in circuit court attorneys notified the court of the settlement and moved for dismissal. The cases were ordered dismissed and the jury excused.
The first mentioned case was a suit to recover \$4500 on promissory notes. The possession of these notes had been with Joe Kerley prior to coming into Mr. Ayres' hands and as a result of his bringing suit, Mr. Hanscom instituted embroilment proceedings against Mr. Kerley. The trial of this case, State vs. Kerley, was put over until the April term of court.
The second case grew out of the closing by the sheriff of the Hanscom store, under attachment, just before Christmas. Mr. Taylor, at that time, was sheriff. Raley, Raley & Steiner represented Mr. Ayres and Mr. Taylor and Fee & Fee represented the Hanscoms.

MEXICAN GOVERNMENT BEST FOR WORKING MEN, A. F. OF L. HEAD SAYS

WASHINGTON, Feb. 8.—(A. P.)—The Mexican government, "comes as near to being a government of and for working people as any on earth," Samuel Gompers declared in a statement last night commenting on the Pan-American Federation of Labor convention at Mexico City.
The greatest achievement of the Mexico City convention, Mr. Gompers said, was the adoption of a platform of "constructive democracy and complete repudiation of all doctrine subversive of democracy and complete repudiation of all doctrine subversive of democracy and democratic thought."
"While it was natural that the character of the labor movements in most Latin-American countries should differ from that of our own," he said, "nothing could more properly counter-balance whatever trend there may be toward European beliefs and tactics than the contrast with American labor."

TODAY'S ELECTION IN SOUTH AFRICA WILL DECIDE FATE OF UNION

Vote on Southern End of Dark Continent Determines Whether or Not the States Are to Remain Part of British Empire.

PRETORIA, Feb. 8.—(U. P.)—Elections are being held today throughout the Union of South Africa for the Union Senate and Assembly, and one of the unofficial but none the less serious questions at issue is the retention of South Africa within the British Empire.
General Hertzog, leader of the Opposition in the last Parliament, is one of the old Boer irreconcilables and frankly advocates secession from the Empire. His former colleague-in-arms against Britain in the South African War, General J. C. Smuts, the present Premier, is however a loyal Imperialist and he is fighting Hertzog on the secession question.
Smuts came out strongly pro-British Empire during the world war, and he is supported by many of his Boer War comrades who, like him, have loyally accepted the Treaty of Versailles of 1919. England's bold policy of giving full self-government—as well as control of the former "Loyalist" colonies of Cape of Good Hope and Natal—to their former enemies, in 1909, has been fully justified, for although the irreconcilables seized the opportunity to revolt at the beginning of the world war, they were crushed by their own countrymen, the Cape and Transvaal Dutch, who remained loyal to England.
Forty Senators and 129 members of the Assembly are being elected today, and it is expected that General Smuts will retain a working majority, although party splits on internal questions render the situation somewhat uncertain.

The states of the Union are Cape of Good Hope, Natal, Transvaal, Orange Free State, and South-West Africa (formerly German). Prince Arthur of Connaught, who has just taken over the office of Governor-General, has his headquarters at Pretoria, but the legislative center is Capetown.
WORLD DEMORALIZED.
LONDON, Feb. 8.—(U. P.)—Lloyd George has warned that the period of danger is not yet passed. "The world is still reeling under a most terrific blow—it is restless and demoralized," he declared in addressing the Welsh liberals.

Congress Starts Navy Inquiry

Have submarines and airplanes mounded the deathknell of the big battleships? Congress intends to find out. An inquiry has been started and the navy has been asked to furnish an old ship as a target for airplane bombers, as a test. Britain has been wrangling ever since the war over the question of "Airplanes vs. Submarines vs. Dreadnaughts." This picture of the U. S. S. New Mexico, flagship and "pride" of the Pacific fleet, was taken at Halboa, the Pacific entrance to the Panama Canal, where the Atlantic and Pacific fleets joined for winter maneuvers.

AIRPLANE-BATTLESHIP CLAIMS MAY BE TESTED

WASHINGTON, Feb. 8.—(A. P.)—The controversy as to the superiority of battleships or aircraft, may be settled through tests said naval officers today.
Brigadier General William Mitchell, assistant chief of the air service, who told a congressional committee that developments in air craft had doomed the dreadnaught, and other service officers are understood to have issued a virtual challenge to the navy department to permit them to prove their contentions. The navy department has a believer in the superiority of the capital ship, and naval officers believe, will accept the challenge in the hope of checking the controversy.
May Refuse Materials
General Mitchell has asked his supporters to send a request to Secretary Daniels that two torpedo boats, two supply vessels and one battleship be designed for the tests. Naval officers believe such a request would be refused because of the material involved and the cost of fitting the five vessels with radio control apparatus.
There is a strong likelihood, however, naval officers said, that the old battleship Iowa, fitted with radio control gear and capable of being maneuvered with no one on board, will be used as a target for aerial bombs after experiments now being conducted on the control device are completed.

SAILOR'S HEROISM SAVES KLAMATH PASSENGERS

SAN FRANCISCO, Feb. 8.—(A. P.)—Steam schooner Klamath wrecked early Saturday morning at Delmar, eighty five miles north of here, has broken in two and been abandoned. According to a wireless message. The rescue of 19 passengers and 55 members of the crew after the boat struck was due to the heroism of a sailor who swam ashore with a life line for the breeches buoy.

WOULD NOT APPEAR IN COURT ON SON'S BEHALF

SAN FRANCISCO, Feb. 8.—(A. P.)—Col. J. E. Edmonds, New Orleans newspaperman, was detained at Yuma, Ark., early today because he failed to appear in court yesterday to prosecute a case in which his minor son figured as an alleged victim of a gambler. A warrant for Col. Edmonds, based on a charge of contempt of court, was issued here yesterday.
When the Arizona officers who detained him found contempt of court was not an extraditable offense and the newspaper man was freed and proceeded homeward.

A. E. F. ACHIEVEMENTS SPEAK FOR THEMSELVES

WASHINGTON, Feb. 8.—(U. P.)—"Achievements of the American expeditionary forces speak for themselves." This was General Pershing's answer to charges made against the American army in France before the house war department investigating committee.
Pershing joined General Dawes, who recently denounced the committee in such a vitriolic manner in repelling the charges made against the army. Pershing's statements were made in a letter to Representative Flood, who asked the general if he wanted to appear and refute the charges made against the A. E. F.

ROTTEN EGG SHOWERS WORTH \$10,750 IN MISS.

SUMMER, Miss., Feb. 8.—(A. P.)—A rotten egg shower is worth \$10,750 in the Miss. showered, in the opinion of a jury here. It returned a verdict in that amount yesterday in favor of C. H. Franck, former vice-president of the Mississippi Federation of Labor, who was bombed with rotten eggs and other missiles last August as he was forced to leave town after trying to organize a union among negro employees of the J. J. Newman Lumber company. The penalty was imposed on three employees of the company.

WILSON WILL GO INTO SECLUSION AFTER MAR. 4 FOR QUIET REST

To Deny All Callers and Devote Time to Reading and Recreation; Since Illness He Has Read Most Detective Stories

WASHINGTON, Feb. 8.—(A. P.)—President Wilson plans to go into virtual seclusion for a time after March 4.

Free from the responsibilities of office which have weighed heavily upon him during his consulship, Mr. Wilson, his friends say, will shut himself in for intensive rest and quiet in his new home.

He will deny himself to all callers except immediate members of his family, it is said, and a few intimate friends.

No formal engagements are expected to be made by the president until he shall have adjusted himself to private life after some 19 years in public service.

Will Postpone Writing
Even the writing he has planned will be postponed several months, his friends say.

Mr. Wilson is understood to have received invitations to spend part of the summer out of Washington, but because of his delict with the weather here last summer, it is regarded as unlikely that he will accept.

For possibly six months, his friends believe, his life will be taken up with recreation. His chief diversion since his illness has been reading. He is said to have practically exhausted the field of detective stories, and more recently has taken up novels and light stories. He also has given some time to reading political and historical works and poetry.

He is expected to continue his daily automobile rides.

ARMY RECRUITING STOPPED
WASHINGTON, Feb. 8.—(A. P.)—Complete cessation of army recruiting was ordered last night by Secretary Baker in accordance with the direction of congress as embodied in a joint resolution passed over President Wilson's veto.

Baptist Church.
Be sure and come to the revival meetings tonight and see the chart on "The Way of Life," made plain as day. Bring the family tonight, don't miss the chart sermon.

Growing Old Gracefully

Are you growing old gracefully? Who wins in the race of life? Is it the man who is thin-blooded, weak, tired all the time?

An athlete trains for every race. A man is as strong as his blood and as old as his arteries. Make your blood redder, your health better by taking that old-fashioned blood tonic—sold fifty years ago and still "good as gold"—namely, Dr. Pierce's Golden Medical Discovery. Sold by all druggists, or send 10c. to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for a trial package.

SAN FRANCISCO, CAL.—"There is nothing so helpful to old persons whose kidneys are weak and who are all run-down and need a tonic (something to give them an appetite) as Dr. Pierce's Golden Medical Discovery. My father-in-law took it and was greatly benefited; it seemed to put new life in him."—Mrs. JOHN JACKSON, 1703 Oakdale Avenue.
