Speeder Fined \$5.
James Brown, charged with speeding, was fined \$5 in police court this morning.

Roesch Will Give Pure Water.
Pure water from a well maintained by the Roesch Bottling Works is available to any and all persons who desire it, George Stangier, manager of the local plant, announced today. Persons may have a drink of the filtered, pure water by calling at the bottling works.

Indians Drunk, Fined \$20 Each.
Charley Bennett and Thomas Johnson, Indians, were found guilty in police court today of being drunk and disorderly and fines of \$20 were levied against each. Bennett was in police court on Monday on a charge of being drunk and was fined \$10 at that time.

Store Buildings to Be Altered.
Permits were ordered granted to W. S. Bowman and the Dickson estate last night by the fire committee of the city council, to make alterations to buildings within the fire limits. Five

hundred dollars will be spent by Mr. Bowman at 215 Main street to make additions to his building, while \$1600 will be spent on the Peoples Warehouse in remodeling the interior of the store.

Returns From Buying Trip.
Mrs. H. M. Sloan, proprietor of the Bonnet Shop, on Court street, returned last night from a buying trip to Portland. She purchased her spring millinery while there.

P. T. A. To Meet.
The Parent Teacher Association meeting of Hawthorne school will be held tomorrow afternoon at the school building. Several important matters are to be discussed.

Typocrites to Be Told of "Hypocrites and Forsaking All"
The subject upon which Evangelist Milo G. Bentley will speak at the Baptist church tonight. Rev. W. H. Cox extends an invitation to the public to come to the song service which begins at 7:30.

Mack Cockburn in Hospital.
H. M. "Cack" Cockburn, of Milton, formerly county commissioner, went to St. Vincent's hospital, Portland, yesterday for an operation according to friends returning today from the Rose City. Mr. Cockburn has been in Portland several days in the hopes of benefiting his health.

School Is Success.
Twenty-one women attended the dressmaking school held during the past two days at Umatilla under the direction of Mrs. Edith G. Van Deusen, home demonstration agent. Tomorrow Stanfield will adopt a community program, Mrs. Van Deusen reports, and Echo will do likewise on Saturday.

Will Write Scenario.
Ann Shannon Monroe, who is well known here and who has written many stories of the Round-Up and of the Umatilla Indians, is to write a scenario which will have Portland for its locale, and which will be filmed by the Kiser Studios, Inc. This picture will be followed by another Monroe scenario of the Boy Scouts, probably in Glacier National Park.

E. O. Locates Will Bowman.
A story published in the East Oregonian a few days ago, asking for the whereabouts of Will Bowman, who resided here during the civil war, today brought a response from Mr. Bowman, who now resides at Pilot Rock. A person who was here a few days ago seeking information as to his whereabouts today was notified that Mr. Bowman is a resident of the nearby city.

Engineer to Visit Springs.
Frank R. Hayes, water commission engineer, plans to go to the new springs beyond Chapliah Springs, headworks of the city water supply, on Friday to take field notes. The new spring will be developed and added to the city water system so that in the dry season there will be ample spring water for all needs. No river water will be used this year, the commission hopes.

Dislike Mud in Water.
Muddy drinking water, caused by surface water getting into the city's water supply through air holes, is bringing considerable complaint. The water today had cleared of most of the mud but yesterday it was very full of silt in some localities. This condition say persons familiar with the water system, could be removed with a slight amount of work. The mud does not harm the water from a purity standpoint but is, nevertheless, not relished, complainants say.

Two Echo Estates Appraised.
Appraisals in the estates of Arunah Longwell and W. H. Smith, of Echo, deceased, were filed with the county clerk today. In the first an estate of \$1024 was found by R. B. Stanfield, W. H. Cray and A. B. Thomson. In the second the estate was valued by T. H. Johnson, Elmer Spike and Tom Able at \$715.54. Smith was the man shot by Deputy Sheriff Asa Thomson last year while resisting arrest on a charge of threatening to kill Joe Ramos.

Rev. Harding Speaks.
Rev. Harding stirred the hearts of the large audience in the Oregon theater last evening preaching on "When Will Jesus Come?" He did not try to leave the inference or prove, that the second coming of Christ was the most important question, but, while showing that it was perhaps close at hand, he emphasized the one great need of all men, that of being ready if He should come. At the close of the sermon something like 45 or 50 people, mostly men, came forward, manifesting a desire for spiritual help. Evangelist Fleming will speak tonight on "What Is the Sin Against the Holy Ghost?"

JAP PARTY DESIRES MILITARY REDUCTION

TOKIO, Feb. 10.—(A. P.)—An echo of the reduced armament campaign which is carried on by Yukio Ozaki, former leader of the opposition party, or the Kensei-Kai, is found in the decision of Kokuminto, or nationalist party, to return the budget to the government with the request that it reconsider and curtail appropriations for military purposes.

Budget Would Raise Tax
The kokuminto party declares that approval of the budget would mean an increase of taxation in coming years and charges that the inclusion of an additional 150,000,000 yen for national defense would be in violation of the pledge given the previous diet and also be tantamount to declaring the nation. It is urged that the budget be reframed on the basis of shorter army service and for improvement in education.

BOARDMAN NEWS TELL OF JUVENILE OFFENSES

(East Oregonian Special)
BOARDMAN, Feb. 10.—A gang of five Irigon boys have run afoul of the law in an attack on one Frank Strader, over some alleged trouble in a horse deal. Those involved are Dell-
