**Freshmen Give Party.**—Members of the Book class gave their second social affair this year when on Saturday evening members of the class and faculty gathered at the high school gym for an evening of games and refreshments, but also some one made away with the ice cream as usual. This is the first time for several years that any one has been successful in making away with the ice cream and it seems the old custom of breaking up a book affair has returned to Pendleton high school after several years absence. More ice cream was secured however and the party went on while the culprits were enjoying the first freezer full.

## DEPUTY SHERIFFS GET TWO ON LIQUOR CHARGE

Whether the government prohibition enforcement officers will take up the case against E. R. Graham and Frank Cable, arrested in a raid on Saturday afternoon, was the subject of a conference held this afternoon, between R. L. Keator, district attorney, and Fred Currey, federal officer, here today on business connected with the Bill Hart case. Graham and Cable were arrested by the sheriff's office Saturday on a John Doe warrant at Graham's place in the west end of town and released on \$250 bond each to appear for trial this afternoon.

By crawling under the building, deputy sheriffs found several quarts of liquor which they hold as evidence. Graham is charged with maintaining a nuisance. Cable is held on a charge of handling intoxicating liquors.

The preliminary hearing for Bill Hart and his associates, arrested Thursday morning, was postponed until Tuesday before U. S. Commissioner S. A. Newberry, owing to the inability of the Portland office to send a deputy U. S. marshal here. The hearing is expected to be held tomorrow and bond fixed for the release of the defendants at that time. It may be that the government will also take up the Graham-Cable case, the officers intimated today.

## ASTORIA CHAMBER HEAD QUILTS WHEN OVERRULED

ASTORIA, Feb. 14.—At a meeting attended by more than 200 members of the chamber of commerce Saturday evening, the Norblad purse selling bill was endorsed by a large vote. Immediately after this, President Frank Sanborn and the members of the board of directors tendered their resignations.

The meeting was the most heated that has been held in the city. The directors had previously passed a resolution which called for the elimination of the purse sellers and trollers, providing Washington would pass a similar bill.

The fight on this measure was first brought out when the members of the accounts committee of the chamber forwarded a resolution to Salem endorsing the Norblad measure. This was followed by a telegram from Frank Sanborn, president of the chamber, stating that the chamber had not endorsed the measure. This was used by Senator Fa'well of the opposition.

Immediately the merchants committee asked for a general meeting of the chamber to discuss the matter. The next step was the calling of a meeting of the board of directors at which the board passed a resolution unfavorable to the Norblad bill. Following this resolution a request for a general meeting was made and Saturday evening the Norblad meas-

## OREGON CITY MAN FORCED TO GIVE UP

**Health Was So Bad He Couldn't Work—Tanlac Puts Him Back on His Feet.**

"My health got so bad I had to give up my trade, but since taking Tanlac I have gained twelve pounds in weight and have not felt better in years," said Samuel H. Johnson, a well known painter living at Oregon City.

"For the past seven years my stomach and kidneys were all out of order and often I was so bad off I had to stay in bed three and four days at a time. My appetite was about gone and sometimes I went for several days without touching a bit. My stomach was so upset that often I wasn't able to retain even water or milk, much less anything solid. I would blot up with gas and my heart would palpitate so terribly I became alarmed for fear I had heart trouble.

"Every few days I had awful sick headaches and most of the time there was a mean taste in my mouth. My kidneys worried me constantly and I had a severe pain in my back that kept me awake many a night. My complexion turned as yellow as a pumpkin and finally I got so bad off I couldn't do any hard work and had to give up my trade as a painter.

"That was the condition I was in at the time I got hold of Tanlac. My stomach feels like new and I have the finest kind of appetite, and it makes no difference what I eat I can digest it without any trouble at all. My kidneys don't bother me any more and the pain has left my back entirely. Those sick headaches have been broken up altogether. I now have a good, healthy color and am twelve pounds heavier. My health is better than it has been in many years and I am feeling so fine I am planning to go back to work."
