which we have made definite contracts so early in the session is a strong indication of a highly successful year for the Haynes company. declares Mr. Scheeting, "and it looks as if the capacity of our factory will be traced to the amount. In my opinion, we will have an hand upwards of 19.00 codes by the lime the Chicago slow beloses, "and significant point, however, about such contracts at this time, is the fact that the dealer everywhere are optimistic about the future, and this fact alone will help materially in the automobile industry."
