

# People Here and There

Max Haer, local merchant, left for Portland on a business trip last night on No. 22.

Charles Hewitt, of Rochester, N. Y., is among the business arrivals in Pendleton today.

861 Baum, local sporting goods dealer, returned last night from a business visit to Portland.

E. L. Suther, of Seattle, is a business visitor in Pendleton today and is registered at the Pendleton Hotel.

H. G. Kirkpatrick, manager of the Hargain Basement at the Peoples Warehouse, has gone to Hot Lake for a brief stay.

J. H. Sherman, traveling salesman for the Western Drygoods Co., with headquarters here, returned from Baker on No. 22 last night.

Thermometers at Athena last night registered 12 above zero. My winn, well known rancher from that section, said today. Mr. Winn is in the city today on legal business, having come down on No. 1 this morning.

It was two below zero last night at Helix. E. L. Smith, local rancher reported this morning. There was also quite a fall of snow there. Mr. Smith came in from Helix on the Northern Pacific train this morning after looking after interests in Helix and vicinity.

H. E. Brown, of Portland, arrived here this morning on business.

D. E. Clark and N. G. Pike, of Portland, are registered in Pendleton today.

Business conditions are good in the Pilot Rock region, says E. H. Casteel, prominent Pilot Rock citizen, who was here last night. There are no idle men and there is steady employment for labor, says Mr. Casteel.

Pendleton is traveling in good company, so far as community service is concerned, according to a list of northwestern cities which have taken up this line of activity. Ray E. Carter, field worker for community service, who arrived here this morning from Portland, says that Seattle, Tacoma, Bellingham, Aberdeen, Hoquiam, Charleston, Port Townsend and Portland are going ahead with organization. All of these towns have two or considerably larger than Pendleton hot in none, Mr. Carter says, is there a better prospect for success than here. Mr. Carter will meet this afternoon with the community council of 25.

Automobile transportation between Long Beach, Cal., and Pendleton, is interrupted only in two places at this season of the year. L. L. Mann, rancher and bank director, who arrived home today, says. One impassable portion is over the Skikyou mountains in Northern California and Southern Oregon where there is four feet of snow. The other is between Hood

River and The Dalles on the Columbia River highway, which is closed for a few days. Mr. and Mrs. Mann and children, Miss Faye Mann and Layton Mann, left Long Beach a week ago Saturday in their auto, shipped over the Skikyou and drove as far as Portland, arriving there last Sunday. Mr. Mann left his machine in Portland and will drive it here when the road is opened again. The Manns have been in Southern California since November, being numbered among a colony of Umatilla county folk at Long Beach. They report a very enjoyable winter season.

Col. J. H. Bailey, of the law firm of Bailey, Haley & Steiwer, left this morning by train for Dayton, Wash., where he was called on legal business.

M. E. Mayberry, merchant from Astoria, was among the visitors in Pendleton today from the wheat growing community nearby.

## NEWS OF THE COUNTY OFFICES AND OFFICERS

**Fines Levied Against Pair.**  
Two hundred dollars was the fine imposed by County Judge J. M. Schanep against E. R. Graham for a charge of having liquor in his possession. Frank Cable, arrested with Graham, was fined \$50.

**Inmate Greek Committed.**  
Antonios Pavlides, who carried a large amount of flesh from his skin-bone yesterday morning during a fit of insanity, was examined and ordered committed to the Eastern Oregon State Hospital here yesterday afternoon.

**Divorce Case Heard Today.**  
The case of Sarah Ellen Look vs. Frank C. Look, in which the plaintiff seeks divorce, was tried today in the circuit court, Judge G. W. Phelps presiding. Yesterday afternoon taking of testimony in the Sturtevant case was completed.

**Transfers Being Recorded.**  
The county assessor's office is busy recording transfers of property made since the last year. This work will continue until and including March 1. Taxes on the 1921 roll will be levied on property in possession of taxpayers on March 1. It will be March 15 or later before field books can be brought up to date and field men start assessing for this year's roll.

**Liquor Cases Drag.**  
Efforts to get the five defendants held by the government in the Bill Hart liquor case before U. S. Commissioner E. A. Newberry thus far have proved unavailing. Fred Curry, federal prohibition officer, has been awaiting the arrival from Portland of a deputy U. S. marshal since Monday but none has come. The Portland office is busy with grand jury investigations at present and has no men available to send here.

**Sheriff Will Accept Payments.**  
Tax payments on the 1920 roll are now being accepted at the sheriff's office, the roll having been received from the assessor. Mrs. Nona McCann, in charge of collections, has not made out all of the individual tax sheets as yet but is ready to accept

**How To Break Up a Cold**  
It may be surprising to many to learn that a cold may be completely broken up in most instances, in one or two days' time. To do this, prompt action is necessary. The first symptoms of a cold are: a dry, loud cough and a profuse watery discharge from the nose. Take Chamberlain's Cough Remedy every hour as soon as those symptoms appear and it will contract the effects of the cold and soon restore the system to a healthy condition. When the cold is unusually severe, you should also get to bed and stay in bed until all symptoms of the cold have disappeared. One or two days in bed, now, is better than two or three weeks later on. This applies particularly to persons of middle-age or older.

**This May Interest You**  
If you have coughs or colds you will certainly be interested in the experience of Thomas O'Brien, Marysville, Mo., which he relates as follows: "I have taken Chamberlain's Cough Remedy off and on for several years and it has always cured these complaints promptly. It gives me better satisfaction than any other cough medicine I have used."

**As Advertised**  
You will find Chamberlain's Tablets just as advertised. Easy to take and mild and gentle in effect. For constipation they are excellent.

**TOO LATE TO CLASSIFY**  
FOR RENT—Single or double sleeping rooms, furnished—furnace heated—Inquire 715 Washington.

**For Sale**  
North Side Residence  
I am leaving Pendleton and am offering my residence for sale at once.  
An opportunity for a family to secure a beautiful home in a choice location.

# MRS. AKIN SUFFERED SINCE SHE WAS GIRL

**Portland Woman Is Entirely Relieved of Stomach Trouble and Rheumatism by Tanlac, She Says.**

"With every sick man, woman and child in Portland knew what I know about Tanlac," said Mrs. S. O. Akin, of 450 Mulder Ave., Portland, Ore. "I suffered from stomach trouble practically all my life. When a girl I was always bothered with indigestion and sick headaches. The pains in the pit of my stomach were simply awful, and often I had to get up in the night and walk around on account of the pressure of gas around my heart. My appetite was poor and I had to be very

careful about what I ate. I was so badly crippled up with rheumatism I could hardly walk and it was all I could do to turn my head.

"That was my condition when I began taking Tanlac and my improvement with the very first bottle was just wonderful. I continued to take it until it put an end to all my troubles.

"Ever since I have taken Tanlac I have been a well and happy woman, and even with the care of my baby I do all my housework and never feel tired. I have gained considerably in weight and feel better than I ever remember feeling before."

Tanlac is sold in Pendleton by Thompson Bros.

what payments persons are ready to make. The county treasurer is anxious to see money come in to the sheriff's office as the county treasury is in straitened circumstances at this time of year.

## FOOD CONDITIONS IN CHINA ARE ALARMING

NEW YORK, Feb. 26.—Fathers and mothers in some of the famine-stricken districts of China are committing suicide rather than watch their children starve to death, says a report received at the headquarters of the Methodist Board of Foreign Missions here from Dr. Ralph A. Ward one of its missionaries in China.

"Multitudes die from the foodless districts only to die of exposure and hunger in distant cities where rice and bread are plentiful," wrote Dr. Ward. "Adults die, old women and children scramble over each other in the streets in the rush for a copper flung by a passerby. Children are often crushed at stations of food distribution."

Dr. Ward repeats the assertion previously published that 1,000 persons are dying daily in the famine-stricken district and adds: "More people starve in China this winter than perished on the battlefields of the great war."

The Rev. Henry S. Letzel, Methodist missionary at Sainfo, Shantung, wrote of visiting many villages where there was no sign of fuel or grain of any kind. "There was nothing but desolation," he went on. "The people were sitting around hopeless, discouraged and hopeless. They knew there is nothing to do but starve and end the struggle."

At least 40,000 Chinese Christians are among the famine sufferers, the Rev. Lyman L. Hale, reported in a letter. In many cases, he said, whole church memberships have been hopelessly scattered.

## BLAZING COAL UNDER CITY OF SCRANTON, PA.

SCRANTON, Pa., Feb. 26.—(U. P.)—A red-hot coal, ten feet in thickness and at least 500 feet in length, is blazing 400 feet under Scranton.

The fire is located in the abandoned workings of the old Central mine, West Scranton, and is steadily creeping eastward, consuming in its course thousands of tons of anthracite. All efforts of 200 fire fighters to extinguish the fire, or even to check its progress, have, up to the present, been of no avail. Seven streams of water have for weeks been pouring upon the burning coal with no apparent result; the water causing fantastic vapors in the white heat which serve only to hamper the work of the fire fighters, already hampered enough by the heat and poisonous gases issuing from the burning coal.

The firemen enter the mine through a shaft two miles away. They are unable, on account of the terrible heat, to venture any nearer the fire than 500 feet. A perpendicular airshaft, located directly above the fire, and communication with the open air 100 feet above affords a draft greater than that of the most towering smokestack. Grave danger confronts the men fighting the flames, as a sudden depression in the atmospheric conditions above might send the sulphurous gases backward.

## WHITE SOX PLAYERS ON CONSPIRACY TRIAL

CHICAGO, Feb. 26.—(U. P.)—The White Sox players under charges of conspiracy in connection with the 1919 world series won one battle and lost another in their first court fight. The court ordered the state to furnish defense attorneys with "a bill of particulars," outlining the evidence which it expects to present at the trial to show there was a conspiracy. The court denied the petition asking that the charges be separated so separate trials could be held on charges of conspiracy and charges of breaking contract promises by the players.

## SECRET STORE OF ARMS DISCOVERED IN BERLIN

BERLIN, Feb. 26.—(A. P.)—An official statement today reports the discovery of a secret store of arms in Berlin, including 2000 rifles.

**Sterling Silver 20% Reduction**

The drop in the price of silver bullion enables us to make a 20 per cent reduction in all sterling silver.

This reduction makes it a most opportune time for you to buy silver—as silver is now as low as we can reasonably expect.

Silver is a "Gift That Lasts."

**Sawtelle's Inc. Jeweler**  
Pendleton Ore.

The Largest Diamond Dealers in Eastern Oregon.

**GRUEN WATCHES**

JANUARY 24: branch libraries, adult library with an attendance of 1704, 136 juvenile 48. Five transient readers registered.

Fifty four shipments of books were made from the central library to individual schools and branches. Thirty one meetings were held in the

library with an attendance of 1704, while the attendance for five Sunday concerts was 151.

A balance of \$52.43 is on hand. The balance on hand January 1 was \$38.39 and receipts were \$18.92. Expenses were \$77.23.

**"Here's Real Tobacco" says the Good Judge**

That gives a man more genuine chewing satisfaction than he ever got out of the ordinary kind.

Smaller chew lasts longer—so it costs less to chew this class of tobacco.

And the good, rich tobacco taste gives a world of satisfaction.

Any man who uses the Real Tobacco Chew will tell you that.

Put up in two styles
