A shirtwaist and bunzlow party will be given Tuesday evening at the opera house under the auspices of the civic club.

SPENT QUIET SUNDAY

ST. AUGUSTINE, Feb. 21.—(A. P.)—President-elect Harding spent Sunday quietly at his headquarters, seeing no callers. With Mrs. Harding the president-elect attended church this morning and later went for a walk. He had a long talk with Harry M. Daugherty of Ohio, understood to be his choice for attorney general, but it was said no question of policy was discussed.
Selections for the three unallotted cabinet places apparently were no nearer consummation last night than they had been several days ago.
Appointments of exceptional importance are understood to be on his programme for Tuesday.

SCHEME OUTLINED TO DIVERT JAPANESE IMMIGRATION TO AMERICA

WASHINGTON, Feb. 21.—(U. P.)—A scheme for diverting the Japanese immigration from the Pacific Coast to Northwestern Siberia and Russia, and thus ending the Japanese problem in the United States has been suggested to the house foreign affairs committee by John Hays Hammond. He has been mentioned for secretary of commerce in Harding's cabinet. Mr. Hammond is a world famous engineer and is an authority on Russian affairs.
"Japan must have an outlet for her population," Hammond declared. "We do not want them in California. But the problem can be solved if Russia will give Japan a large territory for colonization and development in return for a large sum which Russia would use to build a new railroad into China. All the nations concerned would greatly profit, the far east would be developed and the United States would be relieved of a perplexing question." Hammond explained his scheme was conditioned upon the fall of bolshevism and the establishment of a stable Russian government. He predicted that the bolshevik government would crumble within a few years and be succeeded by a constitutional mon-

KOEPPEN'S PRESCRIPTION DRUG STORE

The Drug Store That Serves You Best.

A. C. Koeppe & Bros.

BE PREPARED

For three generations mothers have successfully used **Foley's Honey and Tar** as a safe remedy for the relief of cold, cough, croup and whooping cough. It is pure, wholesome, and children like it. Contains no opiates. Especially good for croup and whooping cough—the two terrors of childhood.
Mrs. W. H. Thornton, Little Rock, Ark., writes: "My little boy had a severe attack of croup, but two doses of Foley's Honey and Tar relieved him, and he went back to sleep and was troubled no more. I would not be without it at any price."

Gassaway Miles—Motorist By Stanley

WASHINGTON

FEBRUARY THE 22ND

"So high was Washington's bearing, so admirable his control of the most diverse elements, so serenely did he look disaster, obloquy and suffering in the face, that we can hardly think of him except as the pre-destined savior of his country. In every dark hour Washington's star shone out bright and unsullied by any taint of personal ambition; nor could any sense of personal wrong turn him a hair's breadth from the path of duty."

BATTLE WILL BE WAGED AGAINST TYPHUS FEVER

WASHINGTON, Feb. 21.—(U. P.)—Surgeon General Cumming, of the United States public health service, extended a federal sanitation battle against the deadly typhus fever and sleeping sickness. Typhus, now raging in Poland and Central Europe, has appeared sporadically here. Deaths from sleeping sickness are being reported with increasing frequency. The disease has been found outside of New York City and reaching here. Should the disease spread in any interior locality, a battle to prevent its reaching an epidemic stage would be greatly complicated. Typhus is contracted only through the bite of a louse, public health physicians explained and spreads only where filthy and insanitary living conditions prevail.

FATTY ARBUCKLE HAS A RIVAL IN OHIO

HICKSVILLE, O., Feb. 21.—(U. P.)—Fatty Arbuckle had better watch his step. A rival fat comedian for the film fans is in the making here and he is just about set for a "big time" job.
He's a good looking youngster of 18 years and his name is Keith Gorrell. From his toes to his forehead he measures six feet two inches and his belt is nearly six feet long. The circumference of his leg is three feet, five inches, and that of his waist line is five feet two inches. He weighs 447 pounds.
All of these bulky attributes have their values in the film land of make believe and Gorrell may capitalize on them. Cameramen have been here "shooting tests" of Hicksville's youthful giant.
Whenever the big boy's flivver goes wrong, he lifts either the front or aft, wherever the trouble may be and lets it down on an automobile jack for repairs. The cameramen caught him in the act of lifting the front end of a farm tractor to permit it to pass a stump.

INNOCENT MAN HAS BEEN SERVING TERM

LOS ANGELES, Feb. 19.—(U. P.)—Leaving a note stating that a guiltless man is serving a penitentiary term in New York for a murder he committed, Edward Perry or Daniel Plummer shot and killed himself last night at Lancaster, near here. Although he has been using the name of Plummer, he stated in a farewell note that his true name was Perry. He said he was wanted in several states on murder charges but did not mention the names of the states.

CIGARETTE SMOKE OBSCURED HORIZON

PARIS, Feb. 21.—(A. P.)—American cigarette smoke obscured the northern horizon of Paris for 48 hours this week when 99,000 pounds of cigarettes originally brought here for the United States army were burned.
Relays of 18 policemen were needed to keep off raiders who had ardent desire to burn the cigarettes, one at a time, in the usual manner.
It was an American Red Cross Sacrificial fire—lighted under compulsion. There were 622 metal-lined cases of cigarettes burned. They were condemned by French authorities and destroyed according to law. They were part of two lots rain-soaked in shipment through faulty metal lining in the cases. Many cases, not too badly damaged, were salvaged when the French authorities could be convinced that a moist cigarette would be more welcome than none at all to some smokers.

NOT ALL GLOOM.
