## CALIFORNIA QUINTET WON FROM UNIVERSITY OF OREGON 24 TO 18

### Idaho Defeated O. A. C. Basketball Team 29 to 13; Washington Takes Victory From Stanford by Score of 17-16.

#### Pacific Coast Conference Basketball Standings

California	8	1	889
Stanford	6	3	567
Oregon	6	4	609
Washington	6	4	609
Washington State college	3	5	367
Oregon Aggies	9	10	699

There was little doubt as to the outcome of the contest. The game was not nearly as well played as that of Friday night, which was won by the Aggies. At several stages of the contest the players started roughing things, which resulted in numerous fouls being called.

A. Ross, playing a running guard position for the Aggies, was easily the star for the local quintet, while Hunter and Carder played a brilliant game for Idaho. O. A. C. made several substitutions in an effort to stop the Gem Staters, but the switches in the line-up did not appear to work any noticeable change.

## Pure, Rich Blood Will Keep Your Body Vigorous and Healthy

When impurities creep into your blood the first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown. Nearly everybody needs a few bottles of S. S. S., the great vegetable blood remedy, to cleanse out all impurities about twice a year. It is an excellent idea to take this

precaution to keep the system in a vigorous condition so as to more easily resist disease to which every one is subject. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vitality to both old and young. ## Painless Parker on Advertising

By Painless Parker

I BELIEVE in advertising and people don't. I believe in advertising the benefits of good dentistry in every possible way. I believe that if more people had their teeth properly cared for, we would have less sickness and more health everywhere. Anything that makes better health will make better people.

Nobody knows anything until he is told. For twenty-eight years I have been telling people about their teeth and how to make them last. Something like a million folks have had their teeth treated in the Parker Offices, so I have been well rewarded for my work. I also have the fine satisfaction of knowing that I have rendered a service well worth what was paid me for it.

When you think of TEETH think of PARKER.
