COACH YOST WOULD MAKE FUMBLED BALL **DEAD: WANTS CHANGE**

Saturday nights, was slow and + Veteran Coach Points Out in Behalf of Plan That Inferior Team May Win Through Luck Under Present Practice

> NEW YOLK, Feb. 22,—(Å. P.)— Fielding Yost, Hulversity of Michigan veteran football couch today suggested a change in football rules whereby a fumbled ball becomes dead where it s recovered.

Declaring many games have been wen by inferior teams through the lucky recovery of a fumble, he believe his idea would result in all games be ing won on their merits.

He is opposed it is said to the suggestion of abolishing the goal after

touch down.

NEW YORK, Feb. 225-(A. P.)-A group of scientists left here today of a nission that will keep them in the vant entrodden areas of Asia for five years. When they return to America, they hope to have evidence that the "misse ing link" between man and beast actually existed. Also they expect to ring back thousands of animal and estanical specimens to fill the propos

Roy Chapman Andrews, leader of two former scientific parties into China, will head the new groups, to be known as the Third Asiactic Expedi-Natural Historry. Supporting it fi-nancially are more than a score of New orks wealthlest men and women, the arty will sail from San Francisco on

Joined in Asia by scores of native guides, huntsmen, cooks and helpers, the scientists expect to introduce Amorican automobiles, moving picture cameras and other modern machines on the Gold Desert, Central Asian plateaus, Tibetian steppes and other little known lands.

Gasoline trucks will constitute mo bile bases for various branches of the expedition—auacontologists, archaeotations and hunting. Dr. Andrews has dieting damage amounting to almost ound a 50-mile-an-hour too slow to \$200,000 in ten fires over the week keep up with frightened antelopes in Central Asia, and is taking a speedic. destroyed. All the fires broke forth racer to use in hunting these mile-a-minute runners.

minute runners.

The first base of the party will be established in Mongolia, where the scientiffs expect to remain twenty-tour months before penetrating Western China. After the vanguard has spent a year in Mongolia, a second group of scientists will leave New York to lost them.

Northern and Central Asia will be thoroughly gone over in a study of the origin and migration of man, to prove origin and migration of man, to prove or disprove the popular scientific be-lief that Asis was the center of dis-persal of the human race as well as fer many of the mammals the descendants of which now are scattered over the earth.

There were five persons in the party leaving New York today under the leadership of Mr. Andrews. His wife will go along as the color photographer. The others are Walter Granger and George Olsen palaeontologists, and Clifford Pope, geologist; all from the museum here.

Next year the museum will send out scologists and a motion picture photo-grapher, and in 1923 archaeologists and anthorpologists will follow. Then more years to intensive work.

More than 2,000 persons have sought

in vain to accompany the scientists, Mr. Audres said. REMEMBER?

your coat collar to keep it in place Here's the same idea back again-this time it's for trouser cuffs. It's the inention of G. Parnell, a Londoner.
