

# News Notes of Pendleton

## CALENDAR OF EVENTS

- Feb. 24.—Co-operative Poultry Association meets in library auditorium.
- Feb. 25.—Mass meeting Weston women.
- Feb. 26.—District convention Oddfellow lodges of Umatilla and Morrow counties—Heppner.
- March 10, 11, 12.—Fourth Annual Pendleton Auto Show, Happy Canyon.
- March 15.—Last day for filing of income tax reports for 1929.
- May 11 to 14.—State Parent Teacher Association convention.

**Leave on Trip**  
Henry Mansfield and William Bryant of the Pendleton Auto Co., left yesterday on a business trip through the Yakima Valley. They will be gone for a week.

**Foot Deep at Ukiah**  
Snow was a foot deep at Ukiah when Albert Peterson, young merchant left there on Monday. Mr. Peterson is suc-

cessor to J. R. Laurence as the merchant prince of Ukiah and was here for the purpose of offering some horses for sale. He has 75 head which he is placing on the market and is planning to deliver them either here or at Ukiah.

**Has Long Bench Record**  
For 15 years Judge Thomas Fitz Gerald has sat on the bench in the local police court and listened to the greeting, "good morning judge." If the judge were a humorist and so inclined he could write a book of aphorisms that should find a ready sale.

**Will Conduct Funeral**  
Rev. George H. Clark, pastor of the Presbyterian church of this city, left this morning for Pilot Rock to conduct the funeral of the late Roy Michaels, who met his death recently in an accident. Mr. Michaels was driving a wagon which turned over and crushed him.

**Two Drive Without Lights**  
Two more Pendleton people know that State Inspector Saltzman means what he says when he says autos must

be equipped with lights for and aft. They are G. M. Rice and Charles Rose. Each pleaded guilty to the charge of driving without tail lights and each contributed \$5.00 to the city treasury.

**Portland Man Buys Store**  
P. E. Blinn, Helix merchant has sold his store to a Portland man. Mr. Blinn had conducted the store for three years after purchasing it from M. L. Morrison. He is intending to confine his future attention to farming.

**Demonstrator Coming**  
Miss Locklin, demonstrator for the Kerr Gifford & Co. cereals, will arrive here tomorrow for a 30 weeks stay, during which time she will serve, free of charge, cooked cereals to the Pendleton public. The demonstration will be in Pendleton stores and the first week of demonstration will be at Gray Brothers.

**Is Retailers President**  
C. P. Bishop, father of the Bishop brothers and well known here because of his connection with the Pendleton Woolen Mills, is president of the Oregon Retail Clothier's association which is to have a banquet at the Portland hotel in Portland on the evening of February 23. The banquet will mark the close of the annual convention of the association.

**New Offices For H. E. Inlow**  
Workmen are completing the construction of a partition in the old city library quarters in the city hall which will give H. E. Inlow, city school superintendent, an office twice the size of his present quarters. He expects to move in within the next two days. His old office will be used by the firemen. The city library itself is to be used for the boy's club room.

**Snow at Bingham**  
There is now sixteen inches of snow at Bingham Springs, according to John Hager. He came down this morning from the Hager ranch on the upper Umatilla and will be here until morning. There are also many deer along the upper river at this time, says Mr. Hager who reports a total lack of game law violations in his part of the county. Hager has been trapping this winter and among other animals has taken 19 mink.

**Declines Offer at Milton**  
Had W. H. Jones, principal of the Walla Walla high school accepted the offer of the principalship of the Milton-Freewater school he would have had a salary of \$4500 a year—the largest salary paid to a school man in Umatilla county. It is understood that Mr. Jones seriously considered accepting the east end offer but was persuaded by the Walla Walla board to remain in charge of Walla Walla high school. His salary at Walla Walla was raised to \$4000 a year which was an increase of \$250 over his present salary but is still \$500 under the salary offered at Milton-Freewater.

**Wood Being Carried Over**  
Some 2500 or 4000 cords of wood is being carried over by owners who have the fuel on hand at Meacham and vicinity. Owing to the mild winter there has been less than the usual demand for wood and in consequence the market has been slow. Most of the wood was cut last summer and spring under high labor conditions and the owners have been reluctant to sell at declining prices. However some who have felt obliged to turn their product into cash have sold on a weakened market. Because of the amount of wood now on hand there is less cutting than usual underway this winter.

**To Improve Mountain Road**  
There is considerable interest here in the announcement from Salem that 20 miles of grading between Kamela and La Grande will be included in the budget of work to be contracted for by the state highway commission at its April meeting. When the Kamela-La Grande section of the road is improved and the present contract for work west of Deadman's hill is finished the mountain highway will be in splendid condition for travel with the exception of the road between the foot of Deadman's hill and Kamela, a distance of about 10 miles. It is understood the work as far as Deadman's hill can be easily finished this summer but there is uncertainty as to the remainder of work upon the Umatilla county part of the road.

**Voted for "Straight Ticket"**  
In the vote in the state senate yesterday to pass the so called straight party ticket bill over the veto of Governor Olcott Senator Ritter of this county and Senator Eberhart of the joint district voted for passage of the bill. The fight over the bill was keen and was featured by bitter personalities between Senators Joseph and Moser. Joseph opposed the bill as "iniquitous" and won out in the final voting, there being insufficient senators favoring the measure to pass it over the governor's veto. Joseph accused Moser of having attempted to get votes for the measure by trading. The opponents of the bill have claimed it would destroy the time honored ballot system used in Oregon and would enable weak candidates to slip into office on the strength of a party name.

**Meetings Draw Crowds**  
Of interest to church goers and others who are attending the special meetings held at the Christian church, by Rev. W. A. Gressman, evangelist from Spokane. Last night Rev. Gressman presented "The Greatest Danger of the Age," and called attention to the fact that as in ages past, the greatest danger today is a preoccupied heart, selfishness, too much concentration on work, pleasure and in becoming a self-made man, which is, according to Mr. Gressman's view, a "selfish made" man. A startling fact was brought out in his statement that the recent selective draft disclosed that one out of four among the men drafted were unable to read or write, and that the largest percentage of illiteracy was not in the large cities with foreign born population, but in rural districts; which suggests that spiritual illiteracy is the forerunner of moral bankruptcy and national decay. Tonight Mr. Gressman will talk on "The Three Great Verbs of the Bible."

## What Does the Future Hold?

Will you retain your youthful figure lines or, as the years roll by, will you gradually lose them?

The difference between a youthful and prematurely mature figure is, after all, only a matter of outline. Why have hips that are inches too large in proportion to the waist? Why have large hips at all? It is over-development that gives the impression of age. Youthful figure lines can be obtained, but only through scientific corseting.

## MODART CORSETS

Look to your corset. Make sure it is designed by one having the true artistic sense of proportion. If not, your figure will eventually acquire all of the corset's bad lines just as readily as it will take on the shapely youthful lines of a scientifically designed corset.

The MODART is a properly designed corset. We carry a wide range of MODART models to fit all figures. As they are made of brocaded silk or more durable materials, the price of MODART Corsets suits occasion and purse. Trial fittings are gladly given. \$5.00 to \$18.00.

## PLAIN SHADES ORGANDIE \$1.25 to \$1.75

Beautiful pastel shades, fine imported organdie. Adapted to so many uses, such as dresses, waists, trimmings, collar and cuff sets and the like. In all the desirable shades.

## Use This Stylish Fabric

**New Floor at T. P. W.**  
Carpenters are now at work laying a new floor for the main store room of the Peoples Warehouse. Owing to the extensive use of the floor it is necessary to replace it every seven years.

**Store Will Open**  
The new Nye-Ward Shoe Co. plans to have its opening on Saturday if the entire stock arrives. The attractive new store front has been completed. The store will handle shoes and hosiery for men, women and children.

**Will Farm Ruppel Ranch**  
John Lorenzen has purchased from Fred Rees the lease on the A. Ruppel ranch north of town. The purchase had previously been farming the Minnie Kohler section and has sold that lease and a small outfit to Pete Shaver. Mr. Rees is to farm land she owns south of Pendleton.

**Auto Trap Catches Victim**  
George Hazlett, who is a shoe distributor with the whole northwest as his territory and Pendleton as his home, is the fourth auto driver to come to grief at the same spot within three days. The spot is the curve on Riverside Drive at Park View Apartments. Like the others he lost a left front wheel because the mud washed onto the pavement would not permit his car to take the curve. Fortunately he was going slow and the damage done was small. I have driven 30,000 miles in seven years and that is the first time I could not get around a curve," said Hazlett. Incidentally this is the first accident.

**Hoboes Kept Moving**  
Chief of Police Roberts says Hoboes are being treated rough by the Pendleton officers. Where as other towns permit the knights of the road to maintain camps near the city the local officer says these camps are destroyed as fast as established and that the "hoboes" are "dogged" until they move on. The sites of the former camps both above and below town are visited daily. The cans, wood and

**BAD BREATH**  
Dr. Edwards' Olive Tablets Get at the Cause and Remove It  
Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them. Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 15c and 30c a box.

shelters are destroyed or heaved into the river with the result that camping a-la-hoboes is not what it was before the war. Chief Roberts says Walla Walla and Arlington are infested at this time.

## OTHER NEWS OF THIS DEPARTMENT ON PAGE 5

**WOMEN IN HOMES AND SOCIETY**  
Countless women devote their whole lives to their homes, while others are in the business world, or find happiness only in society. Whether you are a home woman, a business woman, or a society woman, you know how hard it is to "drag along" day after day, suffering aches, caused by some female derangement that has developed from overtaxing your strength. The natural restorative for such ailments is Lydia E. Pinkham's Vegetable Compound, which for nearly half a century has been considered a standard remedy for woman's ills.
