

People Here and There

T. P. Bruce has been here today from Clifton.

Carl Engdahl, Helix businessman and farmer, is here today.

Ralph Lance of Pomeroy, Wash., is registered at a local hotel.

Mr. and Mrs. J. W. Fenley of Adrian, Wash., are in the city today.

Max Rizer, local clothing merchant, returned this morning from a visit to Portland.

There is five feet of snow at Kamela and at Menahan the snow is four feet deep according to William Chief, Neesham blacksmith who is in Pendleton today.

Several years ago no bucking contest was considered a success without the presence of one or more of the Luckner boys. Charley was one of the star performers. He is in the city today from his ranch in the foothills of the Blue Mountains.

Charley and Willard Bond are not the only members of that family. Another brother, Bob, takes care of the Bond interests outside of the city. He divides his time between the ranch at Ukiah and the one at Nolin but is in Pendleton today for a conference with his merchant brothers.

W. M. Peterson left at noon today for Portland where he will appear in the federal court tomorrow as attorney in the defense of Bascom Doan who is under indictment for making liquor on the Umatilla reservation. Doan was arrested last October by Sheriff Jinks Taylor. A brother, Trafion Doan, was also arrested at the time but the federal grand jury did not indict him. The case of Bascom Doan will be heard at 10 o'clock tomorrow by Judge Dean.

When Ben Trombley was at the Tijuana race track in Lower California several days ago he could scarcely believe his eyes when he saw Charley Irwin on the track coveting much as he does on the track here during the Round-Up. Both the Irwin string and the Parsons string were in the Tijuana races and were taking the big money. Mr. and Mrs. Trombley who were in California for several months, motored to the Mexican city while taking in various portions of the southland. They reached Pendleton yesterday morning.

Bob Simpson, prominent local automobile man, returned this morning from Portland where he has been on a short business trip. Mr. Simpson believes it probable that the one-cent gasoline tax bill which passed the house in the legislature yesterday will pass the senate also. The bill provides an additional tax of one cent per gallon on gasoline and a half cent on distillate, sold in the state, such tax to go into the fund for road construction and maintenance. Exemption from the tax is made for gasoline used for tractors, stationary engines and boats.

Thomas Butler, is a genial son of Old Erin who formerly lived in Pendleton and who has scores of friends here. In those days he made it possible for the O. W. R. & N. to handle its passenger service satisfactorily. Later he tried living in Seattle but he now resides in La Grande and he came over yesterday in call on some of his friends, notably District Attorney Keator.

Mr. and Mrs. J. T. Llewellyn and children returned home last evening from California where they had been for several months. During their stay south they visited various parts of southern California and enjoyed the southern climate.

When the town of La Grande is mentioned, many people instinctively think of Jack Peare. He has a large jewelry store there but he devotes the greater part of his time to things for which he receives no remuneration. That is why he is so well known. Mr. Peare was in Pendleton yesterday.

R. F. Kirkpatrick is a member of the K-Club by reason of his having been a member of the city council. He fully intended to attend last night's banquet but was called to Portland yesterday noon on business.

J. M. Crawford, Eastern Washington lumber dealer, was here yesterday from Walla Walla. Mr. Crawford is vice president of the Umatilla Rapids Power Site association and is handling the work in Eastern Washington.

C. O. Rinehart was among the Pendletonians who found it profitable to visit the west end of the county yesterday. He went down on the morning local.

QUESTION OF IMPORTANCE

(Continued from page 1.)

When the passage by congress of the Knox resolution or a similar measure, declaring peace and informal exchange between the United States and Germany and of the adjustment of financial matters and other questions relating to peace.

A dispatch of an American minister to Berlin and the acceptance of a German minister to Washington, with re-establishment of consular services in both countries.

The negotiations will be conducted by Secretary of State Hughes. United Press dispatches from London said Europe was virtually marking time, waiting for Harding's administration to go into power before going ahead with the settlement of reparations and other questions.

No Advance Announcement. St. Augustine, Feb. 23.—Any advance announcement of what the Harding administration intends to do for the guidance of the alien would be improper now, so it is expected there that practically nothing can be done toward winding up the war's affairs until after Harding enters the white house.

NEWS OF THE COUNTY OFFICES AND OFFICERS

Two Deputies Ill

Sheriff Houser is bemoaning the fact that two of his deputies are ill. Dave Lavender has been confined to his home by a severe cold and today Ridgeway was suffering from a very severe attack of tonsillitis.

Gould Brought Back

Alvin Gould, who has been wanted in this county for some time, was brought back from Pasco this morning by Deputy Sheriff Ridgeway. Gould is the young man charged with a statutory offense, alleged to have been committed near Freewater, his former home.

Money Coming In

Several taxpayers called at the office of the sheriff this morning to pay their 1920 taxes. The clerks were kept busy for some time and the money taken in exceeds the amount received during any day so far this year. Sheriff Houser was delighted at the prospect of early payments as it saves much confusion and hard work later.

Would Collect On Note

Ray W. Ayres today filed a suit against Roy L. Davidson. It is alleged in the complaint that Davidson signed a promissory note in favor of Joe Kurley for \$400. Kurley assigned the note to Ayres and the complaint alleges that demand has been made upon Davidson for the money but without result.

Charges Cruel Treatment

Elizabeth Ledgerwood versus David H. Ledgerwood, is the title of a divorce suit filed in circuit court this morning. J. D. Zuercher of Stanfield is the attorney. Mrs. Ledgerwood, in her complaint, says they were married in Pendleton Oct. 6, 1919 and that the cruel and inhuman treatment started soon after the marriage ceremony was performed.

Game Licenses to Salem

Deputy Clerk Probst today bundled up the supply of fishing and hunting licenses on hand, together with the stubs of the licenses already issued and shipped them to the office of the game commission in Portland. This was in accordance with a telegram from the state game warden, saying the legislature had raised the license fees and that the present licenses are not to be sold. The license fees have been raised from \$1.50 each for hunting and fishing to \$3.00 each, or \$5.00 for the combination.

PLAYING PONIES

(Continued from page 1.)

ate, 25 to 10. The privilege is optional as women may refuse to serve if they choose. The bill had previously passed the house.

Playing the ponies at the Oregon state fair will not be legitimate sport. The senate indefinitely postponed the bill this morning and passed creating a state racing commission and legalizing betting on horse racing.

Bill in Governor's Hands

The Norblad bill putting the purse sealers out of business in one year and trollers in two years is now in the governor's hands. These are designed to protect Columbia river fishermen from deep sea fishers. The senate passed the house motor code bill. A bill creating a state bond commission to handle the investment of state funds was finally enacted.

Governor's Salary Raised

SALEM, Feb. 22.—(U. P.)—The house passed a bill raising the salary of the governor from \$5000 to \$7500 a year on a vote of 30 to 15.

House to Adjourn Today

SALEM, Feb. 22.—(U. P.)—The house was ready for its final adjournment at eleven thirty, but recessed until 2 because the senate was still busy. The session will probably end late this afternoon or early this evening.

The senate passed the Roosevelt highway bill with only eight votes against it. The bill carries no appropriation and merely designates the road part of the highway system.

The house killed the bill practically abolishing the direct primary system, only 10 affirmative votes being cast.

The senate adopted a bill authorizing the issuance of seven millions in highway bonds.

The house killed the measure increasing the salary of the state printer from \$2,400 to \$3,000.

Not Opposed to Bill. The Roosevelt highway bill sets out a route along which the highway commission is to construct a road and leaves the matter of construction to

What Your Kidneys Should Do For You

The kidneys are really filters, finely organized for their work of cleansing and purifying the blood, selecting and throwing out waste products which would act as poisons if permitted to remain in the system. When your kidneys are out of order, the impurities are not removed and remain to poison the system, causing backache, swollen or stiff joints, rheumatic pains, puffiness under the eyes, floating specks, biliousness, weakness and pale, waxy, dry skin.

WAS MISERABLE AND ALL TIRED OUT

"I suffered with kidney trouble and have taken many kinds of medicine without getting relief. I used to have severe pains across my back and felt miserable all the time, but after taking Foley Kidney Pills I am well. In fact I have not been bothered with kidney trouble since taking the pills."—Mrs. C. J. Elliot, 500 1/2 Ave., Sioux Falls, S. D.

FOLEY KIDNEY PILLS

are made from the purest and finest medicines, accepted as the most helpful for kidney trouble and bladder ailments. They cost far more to make than the average kidney pills, for the high standard of their making is never deviated from, no matter how the cost of ingredients advance.

TROUBLE BEGAN IN 1900 STATES SEATTLE MAN

Well Known Florist Tried Eighteen Years to Get Relief—Tanlac Overcame Trouble Three Years Ago—Still Enjoys Fine Health.

"Tanlac proved to be just what my wife and I both needed, and we have been praising it for nearly three years," said W. A. Mohr, well-known wholesale florist residing at 2630 Holly St., Seattle.

"In the year nineteen hundred I began having trouble with my stomach, and fully fifteen years ago it got so bad I was in misery all the time. My food seemed to collect in a lump right in the pit of my stomach. I had such terrible pains nearly all the time I would rather miss a meal than endure the suffering afterwards. I grad-

ually went down hill. Many days it took all my will power to keep from going to bed, and finally I began having pains all through my body and my back often hurt so bad I could hardly stoop over. I had rheumatism in my shoulders and knees so bad I couldn't sleep well.

"When Tanlac was first introduced in Seattle so many people began praising it that I fell in line and it wasn't long before I was completely relieved of all my trouble. I still keep the several pounds in weight I gained by taking Tanlac, and my appetite is strictly splendid. In fact I am in perfect health in every way. My wife also took the medicine and it did her a world of good, and I don't think anybody praises Tanlac any more than we do."

Tanlac is sold in Pendleton by Thompson Bros.

those who plan to attend are S. E. Thompson, secretary of the club; Dr. Frank Boyden, Fred Lampkin and H. W. Collins. Others may attend also.

Would Buy City's Bonds

An offer to take the bonds authorized by the city for the purchase of new fire equipment has been made by one of the companies submitting bids on a fire truck which bids will be opened this evening. It is understood the offer made is more favorable than another offer recently made for the bonds. However, the company's bid for the bonds is contingent on the sale of their fire truck to the city. At the council meeting tonight a report on the city's financial status will be made by Funk & McLean, who have been auditing the books of the city. It is possible the complete auditing report will not be available but if so a tentative report will be submitted.

Will Complete Work by July 15

Construction operations on the five and a half mile unfinished highway between Weston and the Dry Creek hill have started. The Warren Construction Co. is now getting out rock for the work, the quarry being on the "Lory-Sama place, a half mile west of Blue Mountain station. The rock is being taken to the company's mixing plant and it is planned to begin laying out staff by the first of April. The paving company will use a double shift during the laying of the hard surface on the road and it is the estimate of that contractor that the road will be completed by July 15. With the completion of this stretch of road there will be a complete hard surface highway between Pendleton and Walla Walla.

Taxes Must Be Paid

Salem, Feb. 22.—(A. P.)—Governor Olcott signed the "double election board bill" and then presented his pen to Colonel Mercer, the veteran chaplain of the senate, who drafted the measure. The senate adopted a bill requiring delinquent taxes on timbered lands to be paid up before the timber can be removed.

Locks Stopped at Noon

SALEM, Feb. 22.—(A. P.)—Both houses stopped the clocks at noon today and continued to wind up their business. It is expected to have a final adjournment this afternoon.

NEWS NOTES OF PENDLETON

E. P. Marshall Convalescing

E. P. Marshall, who on Monday suffered a fainting spell while in his machine in convalescing at his home on North main street. He will probably be out within the next few days.

East End Residents Caught

At least three residents of the Freewater section have been arrested for driving automobiles at night without sufficient lights. The arrests were made by State Inspector Saltzman and warrants were issued from the local office of the district attorney.

Mrs. Ely Very Ill

Mrs. H. Ashley Ely, formerly Miss Gwendoline Smith of this city, is very ill in Portland and there is but little hope for her recovery, according to word received here today. Mrs. Ely, who has a host of friends here, has been ill since the birth of a son two weeks ago. She is the daughter of Dr. and Mrs. S. J. Smith, formerly of Pendleton, now of Portland.

Going to Adams Tonight

Having visited Hercules Lodge Knights of Pythias at Milton last evening, Grand Chancellor Clarke and Walter Gleason, grand keeper of records and seal, will pay an official visit to the lodge at Adams tonight. The two men are here today and will be accompanied to Adams by a large local delegation. Among those in the Pendleton party going to Milton last evening were S. J. Johnson, J. M. Williams, R. E. Hammerley, Stillman Purchase, A. Frankum, Frank Paulsen and J. H. Gwinn.

Display Is Shown

An excellent representation of the plenty in the United States as compared with the want in China and Armenia is shown in a big display today at Wallace Brothers, in the Elks Building. An attractive table, bearing all evidences of prosperity, is shown as America's portion, while empty plates are shown as the sign of the times in China and Armenia. Pla-cards bear the following captions: "Shall we let them die while we live in plenty?" "A table twenty-four miles long and every plate empty." "Compare your table with theirs." "Ten thousand die a horrible death in Europe every hour."

Sensational Case in Court

The case of Herbert versus Beebe is being tried in the circuit court today. This is the Hermiton case, in which Clyde D. Hebert is charging James Beebe, Earl Beebe and Ida H. Beebe of forcefully compelling him to give them a deed to his land. The defendants claim the deed was given to satisfy a debt which he owed. Evidence brought out today indicated that Hebert sought to leave Hermiton. That he departed on the local train and that James and Earl Beebe followed on a faster train. It seems that Earl, son of James Beebe, left the fast train at Arlington and caught the train on which Hebert was riding. When this train arrived in Portland, the elder Beebe was waiting for them at the depot gate.

James Sturgis Resigns

James Sturgis, president of the Pendleton Rotary Club, resigned at today's meeting of the club, giving as his reason the pressure of business duties and his duties as president of the Commercial Association. Carl Cooley, vice president, will assume the duties as chief executive of the club, which will be without a vice president until the annual election in April. Today's luncheon meeting was attended by about 30 members. The Rotary convention to be held in Seattle March 14 and 15, was discussed. Among

COLDS

"Pape's Cold Compound" is Quickest Relief Known

Don't stay stuffed up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks any cold right up.

The very first dose opens clogged nostrils and the air passages of the head, stops nose running, relieves the headache, dullness, feverishness.

"Pape's Cold Compound" costs only a few cents at drug stores, acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

IN POUND

The following described animals have been taken up by the marshal of the City of Pendleton, to-wit:

One dark brown mare, star in forehead, white spot on nose, cut on left nostril, weight 800 pounds, age three years old.

One bay mare, white spot in forehead, has bell on, weight 1000 pounds, 10 or 12 years old.

One bay mare white strip in face, left hind foot white, brand on right hip invisible.

One bay, two years old, left hind foot white, brand on right hip invisible.

One light sorrel mare, white strip in face, both hind feet white.

One gray horse mule, broke to work, weight 1000 pounds, no marks or brands.

It said animals are not claimed by the owners or those entitled to their possession, costs and expenses paid and taken away within ten days from the date hereof, then at 2 o'clock p. m., on the 15th day of March 1921, the said animals will be sold to the highest bidder, at public auction, for cash, at the City Pound in said City of Pendleton, the proceeds of such sale to be applied to the payment of such costs and expenses of making sale.

Dated this 22nd day of February, 1921. AL ROBERTS, City Marshal.

The Value of a Name

Yesterday was Washington's birthday and the reflection came to us—that we could well learn from him the

VALUE OF A GOOD NAME

A man whose word was so undisputed, that it was as good as a bond—but then no firm can hold respect that does not live up to its word and its promises.
