The ladies were then seated at tables centered with pink carnations and pink candles in silver and cut glass holders. Handpainted place cards, the product of Mrs. M. W. Podersen's skill, received much attention. A delicious two course lunch, carrying out the Club's colors, pink and white, was served by Misses Esther Williams and Vera Morrison. The committee in charge of the affair was composed of Mesdames J. A. Lumsden, Hely Winn, M. W. Podersen, Emory Stangs and Mark A. Phinney.

An elaborate Valentine party was given by the club last week at the hospitable country home of Mr. and Mrs. C. E. Fiske, the husbands of club members being the honor guests.

IN ELINOR GLYN MOVIE

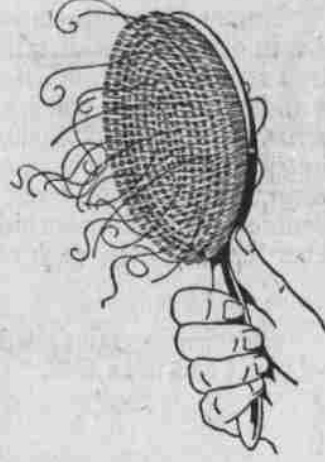

Elinor Glyn's "Her Great Moment" is being produced with Gloria Swanson in the lead.

Elinor Glyn wrote "Three Weeks" at a time when girls locked themselves in their boudoirs to read it rather than to flout its pages in the trolleys as they do nowadays.

But "Her Great Moment" can be expected to appeal to that horde of phony play fans who yearn for a bit of sex stuff, not too indelicate.

DANDERINE

How To Break Up a Cold
It may be surprising to many to learn that a cold may be completely broken up, in most instances in one or two day's time. To do this, prompt action is necessary. The first symptoms of a cold are a dry, loud cough and a profuse watery discharge from the nose. Take Chamberlain's Cough Remedy every hour as soon as those symptoms appear and it will counteract the effects of the cold and soon restore the system to a healthy condition. When the cold is unusually severe, you should also go to bed and stay in bed until all symptoms of the cold have disappeared. One or two days in bed now, is better than two or three weeks later on. This applies particularly to persons of middle-age or older.

This May Interest You
If you have coughs or colds you will certainly be interested in the experience of Thomas O'Brien, Marysville, Mo., which he relates as follows: "I have taken Chamberlain's Cough Remedy off and on for several years and it has always cured these complaints promptly. It gives me better satisfaction than any other cough medicine I have used."

As Advertised
You will find Chamberlain's Tablets just as advertised. Easy to take and mild and gentle in effect. For constipation, they are excellent.

Something You Should Know
An agreeable movement of the bowels without any unpleasant effect is produced by Chamberlain's Tablets. They should be taken immediately after supper.

**Meat
—then and now**

THE meat peddler of the old days, who killed his own live stock and then sold the meat from the tail of a cart, is gone from our larger towns and cities. He was a pioneer and did good service but he couldn't keep up with his job. Crude methods had to give way to new ideas in sanitation and distribution.

Concentration of population drove the peddler and his wagon out and brought the modern packing industry and the neighborhood retailer in his place.

And the modern packing business means this: That near the farms and ranches, the centers of live stock production, are packing plants that assemble and manufacture the meat products you use.

That swift and sanitary refrigerator cars carry your meat from these packing plants to every part of the country.

Dealers in towns and villages are supplied directly and regularly from these refrigerator cars.

And in cities the refrigerator car is unloaded into branch houses, chilled in their meat shops. And all the time the meat is kept so chilled that deterioration is prevented.

Swift & Company's plants and branches are co-ordinated, interchanging supply and supporting each other, when necessary, so that no section of the country may ever lack its daily meat.
