

THE TURNING POINT SALE

Thursday, Friday and Saturday of this week **3 DAYS** Thursday, Friday and Saturday of this week

Prices have reached the bottom. No further reductions are being made by the wholesalers. There are even some advances in quotations. We have been waiting for this particular time. Now is the opportune time to buy—right now, this week. You won't get such prices again for a long time because there will be advances in the near

future. We have secured the stocks of two other Army Stores. These goods are now being opened up and priced—and priced right. You know what Army Quality means. The supply of surplus Army goods is fast diminishing. Then there will be no such prices as we are offering. Here are just a few selected at random:

Army Slickers
\$1.00

These were made for us on the battlefield to keep the boys dry while out in all sorts of weather. Compare this price with anything you see anywhere else.

Reclaimed Army Shoes
\$1.00

These have been half-soled and thoroughly prepared for re-issue to the boys in the trenches when the war closed. You will get as much wear out of these as you would from commercial shoes costing ten times as much.

Reclaimed O. D. Shirts
\$1.00

These are in good condition, clean, patched. There is a lot of wear in them. We have other O. D. Shirts, both new and re-issue. These shirts are made of virgin wool; no shoddy, and made to wear; not made to sell for profit.

Our Army Goods stock includes the following articles. Read the list over carefully, then come in and inspect the goods. Compare the real quality with what you find

elsewhere. Compare the prices. Then buy—buy for your future needs. You won't have opportunities like this again.
