PIONEERS HAVE MEETING

Of special interest was a meeting of Pioneer Ladies' Club members yesterday afternoon in the library club room, when Mrs. W. B. Mays, Mrs. S. H. Thompson, Mrs. Mary Dismore, Mrs. Minnie Stillman, Mrs. J. H. Haley, Mrs. Emily Isaac, Mrs. Minerva Morse, Mrs. E. L. Smith and Mrs. Nettie Whetstone were hostesses.

Pendleton's big flood, which occurred in December, 1882, was the theme for an entertaining talk by Mrs. J. F. Robinson. Mrs. Robinson recalled the amusing incidents of the event and named the names of many of the

city's pioneer residents who experienced the big torrent which swept the town.

Mrs. Frank Frazier gave a reading, "Maud Muller," and Mrs. Jesse Pailing sang "Sailor Boys," an old English song written two hundred years ago. Mrs. Will H. Bennett sang "Old Fashioned Town," and "Blue Bells of Scotland," with piano accompaniment by Mrs. Charles Bond. "The Room is on the Key" and "No, Sir," were sung by Mrs. James Hill, with Mrs. E. F. Averill at the piano. For two numbers, "Old Folks at Home" and "Auld Lang Syne," song by the club members.

Mrs. G. W. Phelps was at the piano. Mrs. Frank Frazier was in charge of the enjoyable program.

For the social hour, Mrs. Ellen G. Bond and Miss Ida Boyd presided at a tea table centered by ferns. The next meeting of the club will be the first Tuesday in April.

MRS. SNOW CHOSEN.

Mrs. J. C. Snow was chosen president of the Current Literature Club for the ensuing year at the annual business meeting held yesterday afternoon in the library. Mrs. Snow has served as vice-president during the past year. She succeeds Mrs. Norborne Berkeley. Mrs. Thomas Vaughan was chosen vice-president, Mrs. C. S. Jernard secretary, while Mrs. James Welch was re-elected secretary.

"Modern Contemporaneous Literature," was the subject for study by the club during the past year of the club's activity, was chosen as the topic for the coming year's study. Special emphasis is to be given to modern drama.

For the past two years the club has provided for a little French orphan and at the meeting it was voted to care for the child for another year, after which time she will be self-supporting. The club voted also to support the Armenian relief drive.

MEET AT MRS. LOWELL'S

Mrs. Stephen A. Lowell was hostess last night for a meeting of the Umatilla chapter of the Daughters of the American Revolution. An interesting paper on the early social life in Pendleton was read by Miss Mildred Berkeley. The paper was written by her grandmother, Mrs. Nancy DeSpain, one of the early pioneers of this section. After a business meeting, refreshments were served by Mrs. Lowell.

Mrs. John A. Keating, state regent, who was to have visited the local chapter soon, has postponed her arrival because of the state convention of the Daughters which will be held in Salem March 13 and 15. Members throughout the state will attend, and the Umatilla chapter will be represented by Mrs. Sylvia Cohn, formerly regent of the chapter. It is probable that Mrs. F. E. Judd, of Portland, a member of the Umatilla chapter, will attend also. The convention headquarters will be at Hotel Marion.

For a waiting contest Mrs. John Winer and Mrs. D. A. Johnson were the winners, the decision being made by Casper Woodward, Mrs. Bert McDonald and Kenneth McRae, all non-dancers. A husband's beauty contest was won by B. A. McDonald, who was chosen by the ladies present.

Later the guests unpacked bountiful hampers and luncheon was served, one of the features of the menu being a birthday cake with brilliant red candles. After midnight, M. L. Akers, one of the guests, received felicitations on his birthday, which is today, and was presented with a birthday cake.

U. S. TO TAKE LEAD IN OPENING CHINESE DOOR

WASHINGTON, March 2.—(Ralph H. Turner, U. P. Staff Correspondent.)—Under the Harding administration, republican leaders with an interest in foreign affairs will set forth to strengthen America's position in the Orient.

This was the intimation contained today in a statement by Senator Knox who endorsed the principles of a foreign loan consortium for financing China and expressed the hope that America, after March 4, will take the lead in making the "open door" in China "a reality and not merely a phrase."

Knox's statement was considered significant, following the knowledge that the Wilson administration, suspending plans for any further action, has decided to bequeath to the new government the handling of the Chinese consortium, organized largely through the efforts of Thomas W. Lamont, of Morgan & Company.

Knox is peculiarly fitted to speak on the probable Oriental policy of the republicans, for it was he who proposed in 1918, while secretary of state, that the railroads of Manchuria be "internationalized." By this move Knox hoped to gain an equal place for America in Chinese affairs and to check aggression by other foreign powers. Knox also was secretary of state when the United States joined the international group to aid China, only to withdraw shortly after W. J. Bryan became head of the state department.

Republican leader declares that because of his experience Knox will be one of Harding's chief advisers on Far Eastern matters.

"If my opinion is asked," Knox said today, "I would strongly urge America's active participation in the loan consortium. America's presence in the group insures aid to China without the suggestion of ulterior motives which sometimes have accompanied the movements of foreign powers in Chinese territory. It also means that America will have a voice in matters which affect China, her sovereignty and her territorial integrity."

It will be up to the republican administration to develop the consortium to the point where actual advances to China will be forthcoming.

How To Keep in Good Condition

Sound nerves, a clear head, good digestion, strength, endurance and general health depend upon clean blood. If the kidneys and bladder do not properly perform their functions, the blood cannot be clean and pure, for these organs filter and cast out the waste matter, impurities and poisonous acids that cause nervousness, rheumatic pains, backache, lassitude, sore muscles, swollen joints, stiffness, puffiness under the eyes and other weakening symptoms.

FOLEY KIDNEY PILLS

soothe, strengthen, heal overworked, weak and diseased kidneys and bladder. When these organs are working properly, the blood is cleaned and purified, appetite returns, good digestion follows, refreshing sleep is possible, health and strength come again. They have brought relief to thousands of men and women who thought old age was coming on before it was due.

Easter Styles SILK FROCKS FOR EARLY SPRING.

New frocks which depict spring fashions are now in demand, especially those of silk in becoming afternoon styles. They are exceptional values in materials of crepe meteor, Canton crepe, and rich taffeta, with braided, beaded and embroidered trimmings.

The Thomas Shop

though there are four powers in the group—the United States, Britain, France and Japan—America, it is understood, will be largely depended upon to carry the loan burden.

At the close of the Wilson administration, this is the status of the consortium:

The four powers have signed a formal agreement providing that banking groups of each nation shall unite in loans to China for the development of her public utilities. Any national group not desiring to issue bonds in its own market may request the other groups to include its share in their issue, a provision designed to enable America to carry England and France, if this is necessary. Japan first blocked the consortium scheme, but finally withdrew most of her reservations.

No money has yet been loaned by the consortium and none will be, it is stated, until the change in American administration.

Humors Come to the Surface in the spring as in no other season. They don't run themselves all off that way, however, but mostly remain in the system. Hood's Sarsaparilla removes them, wards off danger, makes good health sure.
