Time Limit Cause For Higher Prices

CHICAGO, March 4.—(A. P.)—Higher prices for grain resulted today from news that a definite time limit had been fixed in which Germany must accept the reparations terms. Prices closed strong, 2 to 2 1/2 c. net higher, with March \$1.70 1/4 to \$1.70 1/2 and May \$1.61 1/2 to \$1.62. Corn gained 5-8@7-4 to 7-5@1; oats 1-2 to 1-4@2-4 and provisions 2 1/2 to 2 1/2 c.

Strength showed in the wheat market at the opening and the few reactions filed to last. The close was at the highest point of the day. In addition to the allies ultimatum, bullish factors included talk of probable domestic crop damage. Green bug reports came from the southwest, and a government report was that Hessian fly infestation had become general in the soft wheat states. A good demand from mills was noted. What little success the bears attained was associated with uncertainty of the industrial outlook.

Prospective falling off in receipts of corn tended to lift its value and that of oats. Higher quotations on hogs helped lift provisions. Sheep Steady. To 25 Cents Lower. KANSAS CITY, March 4.—(A. P.)—Cattle, receipts 3,700; beef steers and fat she stock steady to 15c lower; top steers \$10.00; bulk \$8.75@9.50; prime cows bid \$7.65; best heifers held at \$9.00, all other classes generally steady but closing weak; best vealers \$12.00; little trading on stockers and feeders.

Sheep receipts 4,500; uneven; killing classes mostly steady to 25c lower. Ewes \$6.00; 53-pound yearlings \$8.25; 51 pound lambs \$9.75.

The Hand Writing on the Wall
Presumably it is the natural aversion of the average man to do something without precedent, to move out of the groove, to drift along perhaps to failure. He does not want to read the Handwriting on the Wall, though quite visible.
Such handwriting usually holds a warning. Observe it, early remedies often are very effective. Your Bankers Business is invited.
