TROOPS MAKING PLANS TO DASH TO PETROGRAD

Wireless Reports Indicate Lenine is Still in Control but Preparing for Flight.

FIRES ARE SWEEPING CITY OF PETROGRAD

Reflections From the Flames Are Clearly Visible From Along the Finnish Frontier.

LONDON, March 7.—(U. P.)—Dolshiev troops are reported to be concentrating at Moscow for a dash to Petrograd which is now in the hands of the revolutionaries. A private telegram was received here announcing the fall of the soviet government but was discredited by wireless, indicating Lenine was still in control.

Fires Sweeping Petrograd. HELSINGFORS, March 7.—(A. P.)—Great fires are sweeping Petrograd, according to couriers from Russia. Reflection of the flames are visible along the Finnish frontier.

PANAMA ACCEPTS U. S. MEDIATION UNDER PROTEST

Will Continue Her Arming Preparations to Compel the Costa Ricans to Evacuate.

COSTA RICAN FORCES ESTIMATED AT 1700

Army is Not Attempting to Take Bloca Del Toro but Are Passing on to Almirante.

BALBOA, Panama, March 7.—(U. P.)—Republic of Panama accepts under protest the mediation of the United States in a dispute with Costa Rica. President Porras declared that Panama, however, will continue her arming preparations to compel the Costa Ricans to evacuate Almirante. If these forces are not withdrawn.

Consider White High Authority. In an interview with The United Press, President Porras said: "Secretary Hughes has given me a very painful impression because he advises us to withdraw our troops from the Coto territory, which always has been under our jurisdiction. The

STATE DEPARTMENT STILL REFUSES TO GRANT CABLE LANDING AT MIAMI, FLA.

WASHINGTON, March 7.—(U. P.)—The attitude of the Wilson administration in refusing to allow a landing for the Barbadoes cable at Miami, Fla., will be maintained by the state department under Hughes, is the authoritative statement here. The reason the state department refused to allow the landing of the Western Union cable at Miami is because of its connection at Barbadoes with the British Western Telegraph cable running to Brazil. The British have a monopoly along the coast of Brazil, which the United States has continuously opposed. A definite action toward laying the cable is held up pending a decision of President Harding.

FORMER POSTMASTER GENERAL IS UPHELD

WASHINGTON, March 7.—(U. P.)—The supreme court upheld the action of Burleson in September, 1917, in withdrawing from the Billwagee Leader, Victor Bergers paper, second class mailing privileges because of articles which the postoffice department claimed violated the espionage act. The decision of the court was seven to two, Justices Brandeis and Holmes dissenting. "Our constitution is enacted to protect our government and not to screen those seeking to cause violations of our laws in time of war," Justice Clark said. "The articles for which the postmaster general revoked the mailing privilege were false and designed to give aid and comfort to the enemies of our country. Revo-

MAYOR AND JUDGE HAVE A MARATHON SIGNATURE CONTEST

Mayor Hartman and Recorder Fitz Gerald may be carrying their trusty right hands carefully wrapped in heavy bandages and odoriferous with arnica within the next few days. And it won't be because they have come to blows nor the result of an automobile accident. It will be because of the new general indebtedness bonds which will provide funds for the purchase of the new fire fighting apparatus. These bonds require the signature of the mayor and recorder on every interest coupon and there are 1704 of them. Recorder Fitz Gerald will be signing his 798th coupon about the time this paper goes to press, but at noon he was showing no signs of weakening and it is expected that he will accomplish his task by midnight, should he keep on. Mayor Hartman will start tomorrow, it is expected. A local statistician has estimated that if the signatures of the mayor and recorder were placed end to end and stretched out thin enough they would reach from here to Portland, almost.

CLOSE CONTEST MARKS U. OF W.-AGGIE GAME

SEATTLE, Wash., March 5.—(A. P.)—University of Washington defeated the Oregon Agricultural college basketball team by a score of 25 to 24 in one of the most closely contested games of the conference series on the varsity floor here last night. The Washington quintet did not have the game safely won until the final whistle sounded. Selk of Washington and Stinson of O. A. C. were the stars of the contest.

WHITE SOX LEAVE FOR TEXAS TRAINING CAMP

CHICAGO, March 5.—(A. P.)—William "Kid" Gleason, manager of the Chicago White Sox, bubbling with enthusiasm last night left with his players for the training camp at Waxsahatchie, Texas, to commence the task of rebuilding the club broken up following the baseball scandal last year. In the party are four catchers, six pitchers, an infielder and an outfielder. Gleason was greatly pleased with the deal announced yesterday in which Harry Hooper, veteran Boston outfielder, joined his club in exchange for John Collins and Harry Liebold, outfielders. "Say, fellows, you don't know how happy I am to get Hooper on my ball club. We want miss Felsch or Jackson," said the "Kid" with a smile as he boarded the train. "We are going to have a ball club that's going to be up there fighting and every member of the club will be given a chance to make good." Hooper, who is in California, has been notified to join the club at the training camp. The second squad will leave next week.

'LITTLE MASTER' TO JOIN BRAVES STAFF

BOSTON, March 5.—(A. P.)—Starting for Galveston, Texas, Manager Fred Mitchell of the Boston Nationals, learned that he would have with him again Richard Dudolph, "little master," one of the three pitchers who brought victory to the Braves in 1914. Dudolph's arm failed him last year and he was given permission to play anywhere, but he decided after a conference with President Grant in New York yesterday that he would be back with the Braves on a bonus basis, so much for the games he pitched and so much more for the games he won.

FARMER IS ROBBED. SEATTLE, March 5.—(A. P.)—J. E. DeBois, a farmer living near The Dalles, Ore., was beaten into insensibility and robbed of \$474 in currency in the east side of the city early last night, he told the police, and is in the city hospital in a serious condition. DeBois said he carried the money in a belt.

The Fordson Tractor

The Fordson has many friends in Umatilla county because of its dependability and freedom from repairs and trouble. Its ability to keep going day after day either plowing, harrowing, discing, seeding, moving grain or hay, hauling or any kind of belt work, will make itself, in a short time, as valuable and indispensable to you as any one of the present owners.

We ask that you give us the opportunity to show you, at our expense, that it will do what we claim for it and more.

Our allotment for this territory this year is small and we ask that you arrange for a demonstration as soon as convenient, so that we may have your order in time to insure your delivery this spring.
