JEWTRAW WINNER OF NATIONAL AMATEUR SPEED SKATING TITLE

Won Greatest Number of Points in International Circuit at Lake Placid, New York.

LAKE PLACID, N. Y., March 8.—(A. P.)—Charles Jewtraw, national amateur speed skating champion was the winner of the greatest number of points in the international circuit skating events which closed here recently.

The three meets comprising the circuit were the Canadian, held at Montreal; the National, held at Saranac Lake and the International, held here at Lake Placid.

Jewtraw finished second to Russell Wheeler, of Montreal, having a total of 89 points. At Saranac Lake Jewtraw carried off the National championship with a total of 129 points. At the recent International meet here he added 79 points, making his total for the three meets, 297.

Ranking next in the total number of points is Charles I. Gorman of St. Johns, N. B., who has 200. He earned 79 in the Canadian meet, 70 in the National meet and 51 in the International. PARIS, March 8.—Paris, like New York and Brussels, is to have its six-day bicycle race this year for the first time since 1913. The race will be run from March 25 to Easter Monday, until Sunday April 4. Such noted riders as Brocco, Seres, Egg, Defyster, Michel, Berthel, Godivier, Aerts and Splomans have already entered and the management of the Parc des Princes Velodrome is trying to sign up two or three American teams.

LONDON, March 8.—Opinion is divided among leading English golfers on a rule recently adopted by the executive committee of the United States Golf Association eliminating the stymie definition or mention of the stymie. The new regulation, as reported here, provides that, when laid a stymie on the green by his opponent, a player may remove the opponent's ball, but that the opponent "shall then be deemed to have holed in his next stroke."

"I would do away with the stymie altogether," said Abe Mitchell of the North Foreland club, in a published interview. "In my view, the ball near the hole should be putted first. I do not think the new rule is quite a good solution of the stymie difficulty. To lift the ball under English rules of course, means disqualification."

Alexander Herd, of the Coombe Hill Club, has been quoted as unenthusiastically opposed to abolition of the stymie. "There should be no interference, I think, with the ball on an opponent," he declared. "The stymie may be old-fashioned, but it is a part of the game which should not be sacrificed."

MOTORING TAKES PLACE OF ALL OTHER SPORTS

FRESNO, Calif., March 8.—(U. P.)—This city of 50,000 souls enjoys the reputation of having less sports and more automobiles than any other city of its size in the United States. It is probably the only city of this size in the country with no baseball team and no football park.

"Fresno is dead as a doornail so far as sports go," said the sport writer of a local newspaper, "and some of us blame the autos for it."

Fresno's sports consist of one bowling alley, two basketball teams and some playgrounds. The high school tries its hand at football in the fall. "Every janitor and every street sweeper owns his own car," said the sport writer, "and he spends his spare time riding in it. You have to hunt for blocks before you can park on a downtown street. Fresno just doesn't seem to have time for sports. It doesn't even have a city golf course."

But Fresno prides itself in its playgrounds, which are declared to be the best in the State.

JAP-PRINCE NOT COMING TO U. S

WASHINGTON, March 8.—(U. P.)—There is a feeling of regret in Japanese diplomatic circles here that Crown Prince Hirohito of Japan has decided not to come to the United States in connection with his forthcoming visit to European countries.

A visit of the Crown Prince to the United States and an official exchange of courtesies with President Harding, who then will be the chief executive, and other American government leaders would go far towards clearing up presidential difficulties between the two countries, it is believed. The young Crown Prince, who is only twenty, has the fundamentals of a world statesman, his admirers declare.

Crown Prince Hirohito will leave Japan for Great Britain the first European country to be visited, on March 13. It was announced by the Japanese Embassy here. He and his party will sail for Europe on two Japanese cruisers one of which was built in Great Britain, going west by way of the Indian ocean. The Prince also is said to plan to visit France, Italy and Belgium. He will exchange courtesies with the rulers of these four countries and make a study of post-war conditions. The Prince's visit is said, however to have no political significance.

Accompanying the Crown Prince will be another royal Japanese Prince, Prince Kanin, each will have their own official party. In the Crown Prince's party will be Viscount Chinda, former Japanese Ambassador to Great Britain, and Mr. Satomi, Jr., son of Marquis Satomi, who was chief of the Japanese mission to the Paris Peace Conference.
