ANNUAL CONVENTION OF NEWSPAPER MEN

PENSACOLA, Fla., March 9.—(A. P.)—The thirty-sixth annual convention of the National Editorial Association to be held at Pensacola and St. Augustine, Fla., from March 7 to 12, will be the most important gathering of the association ever held, as far as newspaper interests are concerned, says the announcement of the meeting of H. C. Rotaling of St. Paul, financial and field secretary of the association.

The business sessions of the convention will be held at St. Augustine over a period of three days, but the meeting of the newspaper men will extend until March 25 to permit a tour of the state by special trains and automobile under arrangements of the Florida press association.

President Warren G. Harding is on the tentative program for a message on "Greetings From the Newspaper Man in the White House," and many addresses on various phases of newspaper activities and attendant problems will be heard.

The report of the resolutions committee will be read and officers and the next meeting place selected on the last day of the convention, March 12, on which day a banquet will be given the visiting newspaper men by the city of St. Augustine.

After spending March 9 at Jacksonville, March 10, 11 and 12 will be put in at St. Augustine, when the business session of the association will be held.

After this business session, the delegates will leave Sunday on a special train for a tour of the state from Palatka to Gainesville to Orlando where the train will be disbanded. The remainder of the trip to Miami, the journey's end, will be made via automobile.

Arrangements have been made with steamship lines to continue the trip to Cuba for those who desire, according to G. E. Hower, past president of the National Editorial Association in charge of the Florida program.

Approximately \$100,000 will be spent in entertainment and for special trains for the delegates.

BOARDMAN CITIZENS DISCUSS FAIR PLANS

(East Oregonian Special.)

BOARDMAN, March 9.—The next regular meeting of the Farm Bureau will be held on Friday, March 11th. Committees for the year will be named and the plans for the North Fair outlined. On the 12th a delegation will go to Irrigon to discuss co-operation for the fair.

The recent supreme court decision establishing the status of the farm loan act is of much interest to this section. Many of the homeowners laid plans to prove up about a year ago in order to take advantage of the act. A local association was organized and applications made. The possibility that these loans may now go through will bring to the country many thousands of dollars for betterments. A meeting of all interested is called for March 19th at the school house.

Saturday, March 12th is the date of the regular monthly meeting of the school board.

L. A. Hunt, county agent, was in Boardman last Saturday in attendance upon a meeting of the Stock Breeders' Association.

Adolph Skoubo's ranch seems to be the horticultural nursery for the project. The place was overrun last Sunday by neighbors looking for trees and berry bushes offered freely for the digging.

The grade boys of the Boardman school have arranged a ball game with the Irrigon grade boys for Friday afternoon, March 11th, at Irrigon. Local grade declamation contests are going forward and the winners will be chosen by the 18th. These winners will give a public contest early in April to decide the representatives for the county contest at Ione, May 18th. It is possible that the county winners of the high school event may go to Eugene for a state contest.

The boys of the pig club have completed their organization and decided which division of the work they will undertake. The cooking and sewing clubs are working to a successful conclusion and will have completed their work before school is out. The poultry club is the largest club and is well on with its work. During the recent visit of Mr. Seymour, state club leader, a calf club was organized. Gardening on the school plot will begin next week as it is hoped to have the ground ready by that time. Mr. Hedger will have charge of the work, which will largely be carried on by the elementary agriculture class.

SEEK IRISH OFFICERS

BELFAST, March 9.—Ulster, enjoying the dubious pleasure of forming its first government, is expecting with every reason to believe its expectation will be fulfilled, the birth of the new race of office-seekers. The Unionists are in the majority. They have thousands of applicants for offices who want to be fixed up with something nice. Sinn Fein, though it plans to thwart the operation of the bill in every possible way, expects to lose those of its members who prefer the comfort of office to the glory of political battle.
