**Wants Historical Data**  
George H. Hines of the Oregon Historical association is in communication with Major Lee Moorhouse asking for information concerning the Umatilla reservation agency buildings. In answer to a question concerning Fort Henrietta Major Moorhouse answered that the fort was located on the north side of the river about a mile above what is now known as Echo. The fort was named after the wife of a major in command of forces stationed in this section. Mr. Hines also informed Major Moorhouse that early issues of the Quarterly are getting valuable now and are worth quite a sum of money to those possessing them.
