

People Here and There

Roads to California are fairly good with the exception of one hill this side of Grants Pass, says J. R. Huginin who accompanied by Mrs. Huginin has just returned from a two months' motor trip to California. At this particular hill, Mr. Huginin states, teams are employed to pull the cars out of the mud. After going over the hill, the mud on the radiator had fenders of the Huginin machine was three inches thick.

to his home after spending several days in Pendleton looking after property and visiting with his mother. Mr. Scott made the trip by automobile and reports the roads only fair.

R. N. Townsend of the Portland Railway, Light and Power Company stopped in Pendleton today on his return from La Grande and Baker where he has been transacting business.

Dan P. Smythe has returned from a business trip to Portland.

Shake Into our Shoes
Allen's Foot-Ease, the antiseptic powder to be shaken into the shoes and sprinkled in the footbed. The Plattsburg amp Manual advises men in training to use Foot-Ease in their shoes each morning. It prevents blisters and sore spots and relieves painful, swollen, itching feet and takes the sting out of corns and bunions. Always use Allen's Foot-Ease to break in new shoes.

Much Interest Shown
Much interest is shown in the Umatilla county field and track meet to be held here May 7, with county pupils of the elementary and high schools as contestants says W. W. Green, county school superintendent. Sectional meets are to be held not later than April 30 and Milton, Freewater and Umatilla section will hold their meet

April 25. Other schools will probably decide upon a date soon. New features of this year's contests will be the folk dancing and the tennis matches. Sectional directors appointed by Mr. Green are Miss Eva Hansen for the central or first district, of which Pendleton is a part; Howard Drew, the west end section; L. Macken, Pilot Rock; and Sigrid Sierst, Milton, Freewater and Umatilla.

LARGE STILL FOUND BY DEPUTY SHERIFFS

A search in the reservation for stolen articles of various kinds and description was the means of Deputy Sheriff Hildaway and Lavender discovering what they declare to be one of the largest stills ever found in this county. James Doan was arrested in connection with the find and released upon his payment of bail amounting to \$750.

The still was dismantled when the officers arrived upon the scene but parts of it were found, including a coil and a boiler. A quantity of corn meal mash amounting to 250 gallons was found but only a small portion of liquor was found.

Doan declared the mash was to feed hogs with but the officers declare there was only one hog on the place and that the mash was doubtless intended to be used in the manufacture of moonshine.

A number of empty bottles were found lying about and several empty barrels.

Officers at the court house stated the still was taken from these premises at one time before. The still discovered then, however, was of much smaller capacity than the one found yesterday, although of the same general construction.

The Pneumonia Month
March is a typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat.

Chamberlain's Cough Remedy
Nothing So Good for a Cough or Cold
"Everyone who has used Chamberlain's Cough Remedy speaks well of it," writes Edward P. Miller, Abbottstown, Pa. People who once use this preparation are seldom satisfied with any other. It is excellent to allay a cough or break up a cold.

Excellent Remedy for Constipation
It would be hard to find a better remedy for constipation than Chamberlain's Tablets. They are easy to take and mild and gentle in effect. Give them a trial when you have need.

Found a Cure for Indigestion
"I used Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspepsia remedy I have ever tried and I have used many different medicines. I am nearly fifty one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to now," writes George W. Emory, Rock Mills, Ala. These tablets contain no poison but strengthen the stomach and enable it to digest the food naturally.

NEWS OF THE COUNTY OFFICES AND OFFICERS

Deputy Assessor Here.
Deputy Assessor W. T. McLeod of Athena, was a court house visitor this morning. He will start his duties next week in this section of the county.

Duff Appointed Deputy.
W. A. Duff has been appointed special deputy sheriff by Sheriff Zoeth Houser, to serve in the Freewater district. The appointment was filed with the county clerk this morning.

Legion Post Incorporated.
Stanfield Post, American Legion, filed articles of incorporation with the county clerk yesterday afternoon. W. W. Wallow, Victor H. Martin and Robert Farley are named as officers of the organization.

Asks for Divorce.
Action seeking a decree of divorce from Ralph R. Rush was filed in the circuit court yesterday afternoon, by Heulah May Rush. The plaintiff alleges that the defendant "frequently lost his temper and viciously assaulted her" by slapping her and hitting her with his fist. Custody of two minor children is asked.

Payne Files Suit.
John Barton Payne, director general of railroads, is plaintiff in a suit filed last evening against Charles P. Lane asking for judgment of \$44.07 alleged to be due on an unpaid account. The complaint avers that Lane shipped freight, the bill of which amounted to \$143.25. There was \$119.18 paid on the bill, the complaint alleges, and the defendant refuses to pay the balance.

Soldiers Are Returned.
Three U. S. soldiers, alleged to have stolen a car from the Ford Motor company of Tacoma and for being a. w. o. l. from Camp Lewis who were arrested here last week were taken back to their camp today by three special guards sent by the commander of the camp. The three soldiers were arrested following suspicious actions on their part upon their arrival here and held by order of army officers.

MILITARY REGIME HAS ASSUMED FULL CHARGE

WITH ALLIED ARMIES, March 11—(U. P.)—Wagon loads of arms and ammunition was surrendered at the French headquarters at Dueseldorff. The collection included rifles, revolvers, cartridges and machine gun belts. Strict regulations went into effect as the military regime assumed full control of the area. All minor officials, policemen, firemen, foresters and customs officials were ordered to salute the French officers on the pain of court martial. Censorship newspapers is stricter. The censored is effective. Sentries at city's main approaches and bridgeheads challenged every person who attempted to pass. The Belgian line is extended along the Walscum canal from Speldert to Schmusel.

RAILROADS ARE TOGETHER
CHICAGO, March 11.—(A. P.)—Virtually all the larger western railroads today had swung into line in the policy started by several eastern railroads taking steps for a reduction of war time wages for unskilled employees.

EBERHART GRILES
(Continued from page 1.)

Washington has through the Harbor of Puget Sound, a great Oriental trade. Interference with such trade did not seem to deter the legislators of Washington from passing a bill which they believed to be absolutely essential to the protection of the white race of that state. The proposed treaty now in course of negotiation will not cover the subject of alien ownership of land within any one state, and this proposition was never combatted or even attempted to be met in the debates in the legislature. It is to be hoped that the next time this matter comes before the legislature of Oregon there will be sufficient courage to follow the state of Washington, if there was not sufficient courage to take the lead and pass a bill that fully ninety per cent of the people desired passed.

RECORD CROWDS
(Continued from page 1.)

large and tomorrow, the final day, gives promise of being an added success.

Music by Shyvers' six-piece orchestra is a pleasing feature. A negro quartet also adds to the entertainment and their numbers were well received by the throngs.

Machines Are Sold
Among the firms who have sold machines are the Ellis-Schiller Co., which sold a Dodge roadster; B. M. Carter, who sold a "Master" truck; the first truck to be sold at the show, and the Simpson Auto Co. which sold three Fords.

PRISONER AND JURY
(Continued from page 1.)

Carter county courthouse after a visit to the county.

Prisoner Does Not Wince.
ATDMODE, March 11.—(U. P.)—When Clara Smith Hamon heard herself branded as a rich man's chattel and cold blooded murderess, she didn't wince. The pretty defendant is charged with slaying Jake Hamon, the miracle man of the southwest and went under fire when Prince Freeling told the jury what he expected to prove. J. R. Mullen, a capitalist, was the first witness called.

"Hamon first came to Ardmore in 1913 to build a railroad," he said. "With him came John Ringling, the circus man. I first saw the defendant in 1912, when she was Hamon's private secretary. She remained in that capacity for seven months. Hamon was frequently in her company out of office hours. I have been in his rooms in the Handol hotel when she was there."

BELIEVES IT SAVED HER LIFE; SHE SAYS

Portland Woman on Visit to Los Angeles Tells of Remarkable Experience.

"It means a lot to say a medicine saved a person's life but I firmly believe Tangle saved mine," declares Mrs. Louise Smiley, 216 North Grand Ave., Los Angeles, Cal. Mrs. Smiley's home is in Portland, Oregon, but she is spending the winter in Los Angeles with her children, who live at the above address.

"It just seems wonderful that I am enjoying such splendid health again after I had suffered for seventeen years. It was in 1900 that I first began to have bad attacks of digestion and in 1902 I had such a severe spell that little hope was held out for my recovery.

"Each year I gradually grew worse and all the time I just lived in dread of one of those spells. My nerves broke down and often I caught myself all in a tremble. Of course I had little or no appetite and I was almost afraid to eat. Sometimes my whole body ached, and I just felt so discouraged and worried all the time I didn't think I could live much longer.

"About three years ago Tangle came to Portland and I began taking it and the very first few doses seemed to be doing relief. In all I took five bottles and after that I felt perfectly well, was not a bit nervous and could eat just whatever I wanted. Since then I have enjoyed splendid health and haven't had a single attack of indigestion."

Tangle is sold in Pendleton by Thompson Brothers.

Jake was physically strong and war no match in a fight.

"Were not they associated more intimately than you described?" asked W. P. McLean, on cross-examination. "Yes," said Mullen.

Dr. E. T. Harlow, an optician, testified he saw the pistol when Clara opened her handbag in his store last September. Freeling snatched the pistol that killed Hamon. "Did you see this?" he asked. "I think that's it," the doctor replied.
