Including Pendleton Prices and Associated Press Reports

Cattle Sell

On Better Basis (From the Oregon Journal.) Only a nominal run of hogs and a small supply of indifferent quality cattle made their appearance at North Portland Friday. General trend and prices showed no change. Less than a full ton of hogs came forward but there was no change in the price. Chicago's top in spring alleys for Friday was 10c above the extreme quoted at North Portland, and the price at Omaha indicated that supplies from there were costing more money to land here than the market here quoted. General hog market range: Prime light \$11.00@11.50 Smooth heavy 10.50@11.00 Rough heavy 8.50@9.50 Fat pigs 10.00@11.00 Feeder pigs 10.00@11.00

Strength was generally indicated in the market for cattle at North Portland Friday. There was a small run in the alleys and while there was a general absence of what might be considered good quality, sales of what came forward were at prices fractionally better than those previously in effect. Nevertheless, the general cattle market range showed no change for the day. General cattle market range: Choice steers 7.75@8.50 Medium to good steers 7.00@7.25 Pair to medium steers 6.25@7.00 Common to fair steers 5.25@6.25 Choice cows and heifers 6.25@7.00 Medium to good cows and heifers 5.75@6.25 Pair to medium cows and heifers 5.25@5.75 Common cows, heifers 4.25@5.25 Canners 2.00@4.25

Bulls 3.50@5.00 Choice feeders 5.00@6.00 Pair to good feeders 5.00@5.50 Choice dairy calves 12.50@15.00 Prime light dairy calves 11.50@12.50 Med. light dairy calves 9.50@11.50 Heavy dairy calves 6.00@7.25 With no arrivals for the Friday the sheep and lamb market at North Portland was considered nominal, although former prices continued to be generally offered. General sheep and lamb market: East of mountain lambs \$8.50@9.25 Willamette valley lambs 8.00@8.50 Heavy lambs 6.50@8.00 Feeder lambs 6.00@7.50 Cull lambs 4.00@6.00 Light yearlings 7.00@7.50 Heavy yearlings 6.50@7.00 Wethers 5.50@6.50 Ewes 1.50@2.00

Short Setbacks

Feature Wheat Market. CHICAGO, March 12.—(A. P.)—Sharp setbacks in the price of wheat resulted today mainly from disturbed industrial conditions. The market closed nervous, 3 3/4 to 4 1/4 net lower, with March 1.62 1/4 to 1.62 1/2 and May 1.52 1/2 to 1.53 1/4. Corn lost 7/8 to 1 1/4c and oats 1/8 to 1 1/4 to 1 3/8 and provisions 17 to 45c. Bears in the wheat pit had things all their own way right from the start. Attention of traders focused almost altogether on proposed wage cuts and on danger of widespread strikes. As a consequence, buying lower shrunk and selling pressure increased until values had been slashed in some cases nearly 5c a bushel. Then the fact became evident that export interests were taking advantage of the downturn. According to some estimates, 1,000,000 bu. were taken for Europe. Knowledge of this activity on the part of foreigners checked the bears, but led to no important reaction. Much liquidation was wild, and there was heavy selling in particular by a house that appeared to be closing spreads with Winnipeg. Official figures on total wheat stocks in the United States were construed as bearish. Corn and oats declined with wheat, notwithstanding export buying of corn to the extent of nearly 800,000 bushels. Provisions were weak, reflecting the action of grain and hogs.

Forecast Early Opening of Trade.

NEW YORK, March 12.—(A. P.)—Dun's will say today: With the advancing season there is some stimulation of activities in certain directions and an early opening of spring trade is fore-shadowed. Favorable weather and the near approach of Easter are helpful to retail distribution in different sections and offerings of new merchandise are meeting with a readier sale than had been expected. The reported paucity of supplies in some textile branches also gives moderate impetus to buying, and a measure of support of prices after a protracted period of yielding. The situation is still marked by unsatisfactory features, especially in industrial channels and revised estimates of the general purchasing power are necessitated by the frequent reductions and restricted manufacturing operations. While orders flow more freely to some producers the demand remains fitful and usually in small lots to cover immediate or nearby requirements, indicating a purpose among many interests to defer extensive

28 YEARS AGO

(From the East Oregonian, March 12, 1893.)

Norborne Berkeley, Jr., and Miss Florence DeSpain were married on Tuesday, March 7, at Oroville, California, in the Methodist church. They are now in Portland and will be in Pendleton soon to remain for a short time, after which they will go to Ilia, Washington, to make their home. Both Mr. and Mrs. Berkeley are very popular and they have many well wishers.

The places of two city pastors were supplied yesterday by young men of Pendleton. Rev. W. E. Potvin was absent in California and John Lambirth read the service. Rev. W. H. Sellen was in Echo, so A. F. Eddy read a sermon. Mrs. Frank Frazier, who recently returned from a visit to her parents in La Grande, is ill at her home. Ben Hagen came home this morning from Caldwell, Idaho.

GENERAL PROMISES REVIEW. WASHINGTON, March 12.—(A. P.)—Attorney General Daugherty has promised an early review of Palmer's ruling on beer prescriptions.

BUICK

The Buick name is Buick's best salesman. And Buick 1921 models have added prestige to that name. The new models possess the known Buick reliability to meet every condition of travel. To that reliability there is added comfort resulting from improved seating arrangement and spring suspension and easier control of mechanism. And the new lines are beautiful. Each car's reliability is re-inforced by Authorized Buick Service.

The Steady Wind

When Boreas gets resentful, the skipper trims all sails and fastens all hatches; he knows that squalls are coming and then no headway can be made. It is the steady wind that brings the ship across.

So it is the steady worker and the constant and persistent saver which gets across.
