## The Message of the Hour

"MILLIONS NOW LIVING WILL NEVER DIE!"

You may be one of them. This topic has been recently treated by Judge Rutherford before gatherings in all the large cities of U. S., England, and Continental Europe, besides Egypt and Palestine.

This same topic will be thoroughly analyzed and proven by an eminent lecturer and student.

### Is It Quiet ?

### LISTEN!

There is something really unusual about the sweet running qualities of the LALLEY LIGHT. It operates so quietly, so smoothly, and so freely that it attracts you to it by the absence of noise.

This feature in itself proves that the LALLEY LIGHT is a finely constructed piece of mechanism—

It proves its simplicity and freedom from numerous and complicated parts.

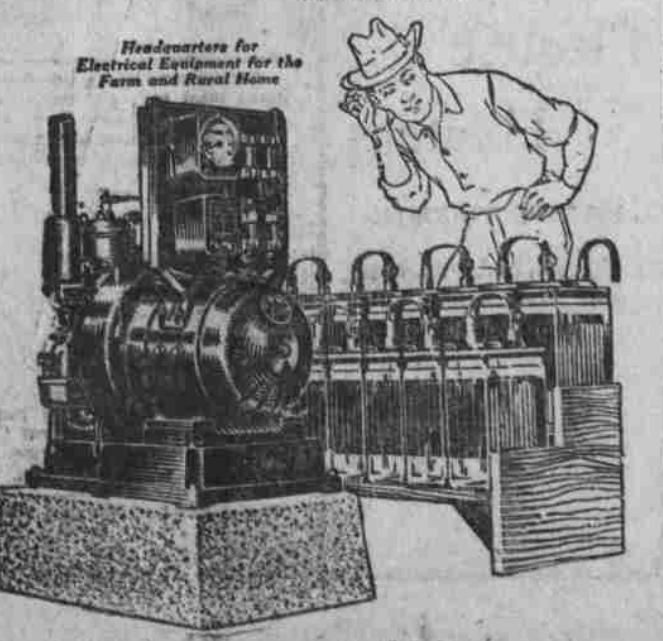

It proves that greatest care and exactness in the selection, testing and fitting of the materials and parts have been used.

It proves that the LALLEY operates as nearly frictionless as it is humanly possible to build a plant of this kind.

And besides the mechanical advantages, indicated by the quietness of the LALLEY LIGHT, the satisfaction which you derive from this one feature alone is important.

Come in and listen for yourself—let us tell why it runs so quietly and just what this means to you.

Be Sure—See the LALLEY First
