## UKIAH RESIDENCE IS DESTROYED BY FIRE

(East Oregonian Special.)  
 Ukiah, March 14.—The little town of Ukiah was thrown in a tremor of excitement Monday afternoon when it was discovered that J. H. Wagner, hardware dealer had made an unsuccessful attempt on his life by using a razor on his throat, making a deep incision from his ear to the wind pipe. He had a room fitted up in the rear of the hardware store where he had been sleeping but took his meals at the hotel, but on account of illness he would not eat breakfast and Henry Layman who was rooming with him and also attending the hardware, would usually call him for dinner. And when he went to call him Monday he received no answer so he tried the door, finding it had been locked after he left the room, so the door was forced open, when it was discovered that Mr. Wagner had committed the rash act. Mrs. Mosaic, nurse, was immediately sent for, who began using restoratives and by the time Dr. Spaulding of Pendleton reached here he had rallied and was able to talk. The doctor took 21 stitches in the wound. Chances are good for his recovery and at this writing he is resting easy but is very weak from the loss of blood. His despondency was due to ill health.

Peterson Bros. Ukiah's new merchandise now carry all the fresh vegetables and fruit, and expect to also carry fresh meats and fish which is appreciated by all their customers which is a great treat to the people of Ukiah.

Jinks Howard made a trip to his homestead Monday, returning Wednesday.

Mr. Scroggins of Meadowbrook farm near Dale was in Ukiah Monday night. Robert Bond came in Monday from Yakum to look after his interest here.

J. D. Kirk left for Spokane Wednesday on a business trip returning Wednesday.

The home of Carl Balance who lives near Bitter was destroyed by fire Tuesday night with nearly all its contents.

Arthur McRoberts manager of the telephone office left Wednesday morning for Pendleton on business, expecting to return Saturday.

Clyde Helmick left Tuesday for Bridge Creek with his cattle which he expects to turn on the grass.

On account of the snow melting rapidly, the old stage coach was pressed into service again last Friday.

Frank Hilbert has turned several hundred cattle out on the grass.

Mr. and Mrs. V. E. Peterson returned Saturday evening from Pilot Rock, Pendleton and Freewater. Mr. Peterson visited his aged mother at Freewater.

Miss Mary Calverly of Oregon City who has been visiting at the home of her aunt and uncle, Mr. and Mrs. J. H. Constants for the last three months returned to her home last week.

Little Billie Allison who was so badly scalded about the neck and shoulders last Sunday morning was taken to Pendleton Thursday for treatment and a message from Mr. Allison Friday states that he is doing nicely under the care of a doctor and a special nurse.

Mrs. Emma Lenz, son Ray and daughter Norma returned Thursday to Ukiah after two years absence and will now make her home here. She will have charge of the postoffice here after. Everybody welcomes Mrs. Lenz and family back to Ukiah.

L. O. Case returned from Portland Monday, going on to his home at Dale Tuesday.

Dr. Spaulding made the trip from Pilot Rock to Ukiah Monday in three hours. He came as far as he could in his car and after he struck the mountain and the bad roads he was supplied with fresh horses along the way in order to reach Mr. Wagner's bedside.

## HERMISTON EXPERIMENT STATION WILL REMAIN

(East Oregonian Special.)  
 HERMISTON, March 14.—The Hermiston people are very much pleased over the fact that the experiment station one and a half miles northwest of town is to be kept on the experimental list for at least another year. Harold Dean will continue in management as well as to do the civil engineering work for the irrigators of the project, while a new man from the Oregon agricultural college will carry on the different experiments at the farm as well as on other parts of the project.

Good cheer prevails all over the Hermiston project because of the almost unanimous vote given the new contract with the U. S. I. S. (a) Now the "A" canal will be enlarged and concrete lined almost the entire length. (b) All supplemental construction work heretofore done and (formerly) intended to be paid for by those benefited as well as that yet to be done will be paid for by the project as a whole, thus giving everyone an equal chance. (c) All water payments falling due in 1921 will not be payable until June and December, 1922. (d) All building charges, deficiency charges, and supplemental charges as well as all original water right charges not yet due will be extended to the 29-year limit on the simple graduated payment plan of the U. S. R. F.

Mrs. F. H. Taylor has been confined to her home for the past week with an attack of bronchitis. At last reports she was doing nicely.

The gravelling on Hermiston avenue is now completed from the depot to a point one mile west of Hermiston. This improves the appearance greatly. The 1920 hay crop on the Hermiston project is nearly all baled, sold and shipped. The only large holdings left belong to Haddock of the Columbia district and consists of four or five hundred tons which is now being baled.

Mrs. Edith Van Deusen came up from Umatilla Tuesday evening where she has been holding a millinery school. Wednesday she held a millinery school in the library here. Many ladies were present and a profitable afternoon was spent. She will be here again all day Saturday at the library.

The C. S. McNaught baling crew is now on Butter creek baling the Hamilton hay which Mr. McNaught recently purchased.

A change has taken place in the Kingsley Mercantile company, in which E. S. Kingsley the senior member of the firm has sold out his interests to the junior member, E. J. Kingsley. A. W. Adamson, owner of the Playhouse, will do the delivery work for the new firm as well as for the Hermiston Produce and Supply Co. and the City Meat Market.

## ERIE RAILROAD WILL PAY FORMER WAGES

NEW YORK, Mar. 14.—(U. P.)—The Erie railroad has issued a general order restoring the wages of common laborers which were reduced on January 31. The company has also restored the six-day per week employees put on a five-day rate a few weeks ago.

## 'LOVE ME, LOVE MY DOG' CAUSES DIVORCE

PORTLAND, March 14.—"Love me, love my dog," was the rule laid down in the home of John McNeil.

Mrs. McNeil, however, decided that it was John and not Pido McNeil that she had married, and consequently obtained a divorce. In her testimony she said that her husband "scarcely ever drew a sober breath" and he frequently took his dog to bed with him, and compelled her to occupy the same bed with the animal.

# BUICK

True to the Buick tradition of twenty years, the one feature Buick engineers have particularly sought to develop in the new Nineteen Twenty One Buick Series is high utility value. You will find, in fact, when you investigate these new models, that Buick capacity for hard, fast, sure transportation is even greater than ever before. The high-powered, sure-working Buick Valve-in-Head Motor is a feature of each of the new models.

Added to their great service value are a beauty of contour and appointment and comfort of movement and seating arrangement that appeal to the most particular.

Buick primarily, however, is a car of action. Built for business—built to stand up—is a well known Buick feature. Business men will find the new five passenger touring car a happy selection.
