- May 21, June 1 and 2—State convention of Oregon Federation of Women's clubs.
- March 21—University of Oregon Women's Glee Club, at high school auditorium under management of Pendleton alumni.
- September 22, 23, 24—Annual Pendleton Round-Up.

Will Have New Offices.
The law firm of Carter & Smythe have purchased the fixtures in the Cunningham Sheep Co. offices, 224 East Court street, and will move to the new location soon. The former Carter & Smythe quarters, 111 East Alta street, are to be remodelled and made a part of the American National bank. The new Cunningham Sheep Co. location has not yet been decided upon, says Mac Hoke, secretary.

Pool Not Advisable.
The concentration of wool and mo-

half of the state for a general grading and sale in Portland, as planned by Western Oregon growers, would not be advisable for Umatilla county woolman because of the large size of the clips, says Mac Hoke, secretary of the State Wool Growers Association. There are about 200,000 sheep in the county making the total clip reach about 2,000,000 pounds, which is owned by a comparatively small number of woolmen who, because of the great expense, would not find it advantageous to pool the wool. Mr. Hoke states, although a few small growers in the county might join with Western Oregon growers.

Harry Avery Chosen.
Harry Avery, who is known to Pendleton people, has been appointed county agriculture agent for Union county. He has taken up his duties and has his headquarters in La Grande.

Local Property Sold.
Bentley, Hodges & Schiffler report the sale of three pieces of local property, one by W. J. Burns to Beckwith & Wright, Kerr-Gifford & Co. to Chas. P. Gregory and J. V. Tallman to J. S. Cornwall.

Fined \$15.
Mike Keating was found guilty of being drunk and disorderly last night by Judge Fitz Gerald in the police court this morning. He paid \$15.

Ludwig Johnson Arrested.
The first arrest of St. Patrick's Day was this morning when Ludwig Johnson was taken in the tolls of the law for being drunk.

Find Girl's Bicycle.
A girl's bicycle, painted brown, has been picked up by the police and now awaits its owner at the police station. The tricycle found some time ago is still awaiting its owner.

Hert Mays Fined.
Hert Mays was fined \$50 in the police court this morning for unlawful possession of intoxicating liquors. The case was held over for trial last evening while indulging in a "party."

Weather Warm Today.
The weather today is very warm, the maximum being 68 and the minimum 50. The barometer registers 29.30, and is falling which gives indication of a change in the weather.

Negress Forfeits Bail.
Lela Taylor, colored, forfeited her bail of \$5 by non-appearance at police court this morning to answer to a charge of disorderly conduct. She was arrested last night and was alleged to have "tricked" a white man of the sum of \$21. The money was returned, it is said.

Community Worker Leaves.
H. E. Tucker, community service worker who has been in Pendleton for some time past in the interests of that organization, left this morning for Snohomish, Washington, where he will spend some time with his wife and family. Mr. Tucker will next take up work in Everett for community service.

Boys' Parents to Appear.
The parents of Everett Pambura, William Jackson and George Hugh are cited to appear in the county court Monday morning to show cause why their sons should not be sent to the reform school. The youths are alleged to have stolen several articles last Sunday from the ranch of Harry Sears.

Mrs. Turner Breaks Leg.
Mrs. Bertha Turner suffered a broken leg last night when she fell backwards down the stairs at her home on Court street. Mrs. Turner, after reaching the top of the stairs, missed a step in the darkness, lost her balance and fell to the foot of the stairs. The limb was badly fractured above the ankle and Mrs. Turner was taken to St. Anthony's hospital. So painful was the break that it has been necessary to keep Mrs. Turner under the influence of morphine.

Jewelry Sale

Now is your only opportunity of buying Diamonds, Watches, Jewelry, Clocks, Silverware, Cut Glass, etc., at the lowest price you have ever known, besides you have only 3 days of which to get a chance on the \$125.00 Playerphone which has no equal in price. Less Wheat in Mills.
There is less wheat in the mills in Umatilla county than there was a year ago at this time but there is more grain in the elevators and warehouses and on farms than in 1920, says Fred Bennion, county agent. The condition is due to the wheat price. Some wheat is being sold daily as many farmers are anxious to set the crop before plowing. According to the U. S. department of agriculture, report, the stocks of wheat March 1 in country mills and elevators were 81,946,959 bushels, as compared with 117,650,000 bushels a year ago, a reduction of 30 per cent.

Club Endorses Spangle.
Endorsement of Ray Spangle, sportsman of Pendleton and well known throughout eastern Oregon, for the appointment as game warden for Umatilla and Morrow counties was made by the Pendleton Rod and Gun club at the mass meeting, held last night. The club also practically decided upon the inclusion of the Umatilla County Fish and Game association into the Rod and Gun club following a proposal that such merger be made by J. L. Vaughan, president of the association. There was a large crowd present last night and the rooms of J. H. Estes were crowded to capacity by members of the clubs and those interested in fishing and hunting. Forestry officials, located here, made short addresses and offered every assistance to the club. A committee will work on a plan for the propagation of fingerlings and troughs may be placed for this purpose in the north fork of the Umatilla river as the result of discussion held on the subject last night. J. H. Estes and J. B. Wyrick were elected to captain teams for a competitive maple and crowd shoot to be held in April.

SAYS 400,000 WORLD WAR VETS ARE IDLE

NEW YORK, March 17.—(U. P.)—From a "peak" of more than half a million jobless ex-soldiers in the United States shortly after the first of the year, the unemployment situation affects veterans of the world war appears to have taken a turn for the better, according to a survey of the national situation made for the American Legion by the organization's official publication, the American Legion Weekly. Based on "the best information obtainable" the number of unemployed veterans on March 1 was placed at 400,000, with "promise of further improvement."

A chain of employment agencies operated by the Legion in every state has done much to relieve the situation in various ways, according to Legion officials. The Legion has encouraged a movement from cities to the farms, and has insisted that workers who left their jobs to go to war should enjoy seniority rights on par with those of military age who stayed at home.

Ex-service men have suffered more in proportion to their numbers than other workers, according to the Legion's survey, because of the operation of seniority rules and efficiency standards. Nearly a year is required for the returned veteran to get back to his old stride in industry according to the testimony of large employers of labor. Another thing that has handicapped the ex-soldier is his restlessness and gnomadic tendencies, both products of the strain and circumstances of war service.

TO WED DUKE

GLADYS DEACON

* Paris reports say that Miss Gladys Deacon, formerly of Boston, is to wed the Duke of Marlborough, who was divorced recently by the former Consuelo Vanderbilt.

ALL WORKERS MAY STRIKE

CHICAGO, March 16.—(U. P.)—All unionized packing plant employees will strike if butchers and meat cutters decide to walk out, labor leaders have announced.

School Is Success.
About 25 Athena women attended the millinery school there yesterday, says Mrs. Edith G. Van Deusen, county home demonstration agent, who was in charge. Work was begun on 13 hats. Mrs. Van Deusen is conducting a school in Pendleton this afternoon and evening as well as tomorrow afternoon and evening at the library.

Wild Horse Creek Quiet.
Despite the fact that high water is menacing the country around Walla Walla there is no danger of floods on the Wild Horse creek according to reports received today. At the Tachell ranch on the creek the water is reported not much above normal and at Adams although the water was high yesterday it has receded so that no damage is feared.

Enlistments Open.
First enlistments in the United States Navy are now open, according to word received here this morning from P. R. Weaver, C. Q. M., U. S. N., formerly recruiting officer here, now of the Portland office. Mr. Weaver states that the age limit is now 18 years instead of 17. He will give further information upon application by letter or in person at his office, 296 Dekum building, Portland.

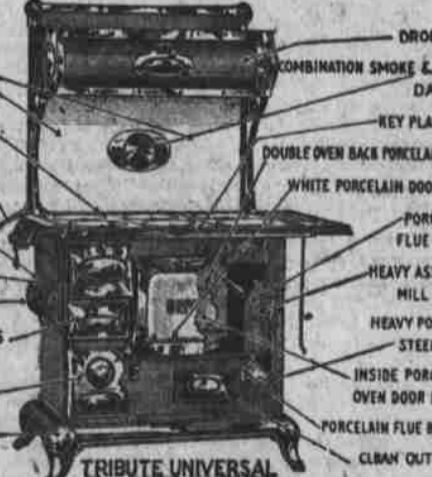

P. T. A. to Meet.
The Parent-Teacher Association of Washington school, will meet Friday afternoon at 2:30 in the school building. A program will be given, the numbers consisting of a talk on playgrounds by Miss Eva Hansen, instructor in physical training; recitations by Jack Wright, Jean Fraser and Leon Dayton, all second grade pupils, a song by the first grade pupils and a vocal solo by Miss Clara Griggs, one of the Washington school teachers.

Acres to Be Given.
The irrigated acreage of Umatilla county is 56,040 according to a report just issued by the Bureau of Census. This amount, as compared with the 1909 acreage of 31,022, shows an increase of 80.6 per cent. The acreage to which existing works are capable of supplying water is 63,787, the per cent of increase over 1910 being 27. The acreage to be irrigated by works either completed or under construction is estimated at \$4,115, a decrease of 19 per cent over 1910 when the acreage was 54,189. Six thousand two hundred sixty acres are available for settlement in the county, the total to be supplied with water by works either completed or under construction.

Wheat to Be Grown.
Some of the Stanfield farmers will sow about 500 acres of wheat this year, or about 10 times as much as has been sown in the past in the Stanfield region, says Fred Bennion, county agent. Mr. Bennion states that while in the past all the new land was sown to alfalfa in order to hold the soil, the stands have been growing weaker and for this reason it is necessary to rotate the crop with grain or cultivated crops. A carload of Jenkins club, for which orders were pooled through the Umatilla county Farm Bureau, is being shipped from north of Pendleton to Stanfield. Among the farmers who will plant more wheat this year are W. T. Reeves, J. B. Pearson and A. A. Allen, of Stanfield.
