### LECTURE IS DELIGHTFUL

"Louise," that charming French opera of Gustave Charpentier's, was brought to Pendleton people last night in a delightful presentation by Mrs. Louise Van Ogle, who appeared at the library club room under the auspices of the Federated women's clubs of the city.

The story of the little Louise, whose life is that of a French girl of the laboring class, is the theme of the opera and in its infinite pathos and appeal Mrs. Van Ogle found opportunity for her pleasing speaking voice and her unusual personality, which is both direct and sincere.

Added to descriptions which were vivid almost to reality were piano illustrations which in their brilliancy proved Mrs. Van Ogle a remarkably gifted musician as well as a speaker of great interpretive power. Mrs. Van Ogle was introduced by Mrs. H. W. Dickson, president of the Thursday Afternoon Club, to the audience which packed the club room.

For this afternoon, Mrs. Van Ogle is giving three short operas: "Il Habaro" (The Clock), "Sister Angelica," and "Gianni-Chicchi," all written by Puccini. In the evening she will present the play "The Cherry Orchard," by Tchekhov.

The lectures by Mrs. Van Ogle in Pendleton are the first of their kind ever sponsored by local clubs. The success of the series is assured and club women are well pleased with the result of the venture.

## Many a Pretty Face Spoiled by Pimples

Not only are these pimples and blotches disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

If you are afflicted with this form of skin disease do not expect

to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S.S.S. today, and write a complete history of your case to our chief medical adviser who will give you special instructions, without charge. (East Oregonian Special.) BOARDMAN, Ore., March 15.—The recently organized base ball team is giving a dance on the 19th to raise money for uniforms and outfit. Boardman has joined the Irrigation League and W. P. Tucker has been chosen director, and W. H. Stewart, manager.

The school board has decided to let salary schedules stand for the coming year on the grounds that decreasing prices will amount to about the same as an increase. The grade teachers will each receive \$1200, and the high school teachers, \$1350, payable in nine equal installments. The principal M. B. Signs will receive \$2500, on a yearly basis. Election of subordinate teachers will occur on April 9.

A hedge is being set along the approach to the school house. Privet will be used and it is hoped to see the settings each year to improve the system of school ground decoration.

W. A. Goodwin plans soon to leave for Portland as work there in carpentering seems to offer better inducements for the present. He will return when the haying season is over.

The Harry Murchie and Leo Root cement buildings on Main St. are progressing as fast as the cement sets, and when completed will improve the business section to a marked degree.

land at present to keep the country under the restraint aimed at by the military authorities. Attacks on military and police are more frequent in almost all sections than they were three months ago. There is only one sign of failure in the republican army: the now frequently recurring announcement that military surprised a republican ambush, killed one or two rebels. That means the military authorities are being informed of planned ambushes. There is also the big proportion of unsuccessful ambushes.

But, according to impartial observers in the martial law area, repression so far has merely made Sinn Feiners of moderates and even Unionists. Instead of causing disintegration, it has further welded the people in their determination to carry on the biggest revolt Ireland has known. Ambushes are still possible because there are not enough soldiers to carry out the British program. Patrols are used and these are ambushed. There is every sign, in the increased repressive measures, that the government intends to crush Sinn Fein. But there has been no indication so far of a determination to obtain the soldiers necessary to do it.

WANTS HIS MONEY BACK  
"I can thank Mr. G'Brien, a neighbor, for my recovery from severe colic attacks and stomach trouble that nearly forced me to cross the river Jordan. I spent thousands of dollars in the past nine years for doctors and medicine and would have died but for my neighbor's advice to use May's Wonderful Remedy. I wish I had the money back I spent for other medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Druggists everywhere.
