MAKING YOUR DOLLARS WORK

You can pare your clothes budget and still keep up a brave-attractive-front. Wear Eagle Shirts of Parsee Percale. This is a splendid example of printing on fabric. The colors won't run or fade. The patterns you won't find duplicated in other makes. The cut and workmanship are just as good as in a fine Eagle madras. Best of all is the soft, glove finish of the fabric itself, which gives it the feel of expensive cloths. The cost is only \$2.50 Parsee Percale.

HEALTH should be the first consideration in the purchase of your Corset.

Only by a thorough appreciation of this fundamental fact can any woman guard herself against those bodily ailments that are often the result of improper corsetry. The woman who buys her corset largely for appearance without due regard for its hygienic qualities is nearer the hospital every time she puts it in.

Our expert corsetiers understand modern hygienic corsetry in all its branches. Permit them to fit you to the world famed

NOTICES

Notice of Street Improvement
Notice is hereby given that at a regular meeting of the Common Council of the City of Pendleton held at the Council Chambers in Pendleton, Oregon on March 16th, 1921, the following Resolution was duly adopted:

WHEREAS, the City Surveyor of the City of Pendleton did on the 9th day of March, 1921, under direction and by requirement of the Common Council file in the office of the Recorder of the City of Pendleton, plans and specifications for an appropriate improvement of the following named street in said city:

Thompson Street from the north right of way line of the O. W. R. & N. Co. to the south line of High Street, together with the estimates of the work to be done and the probable cost thereof with a statement of the lots, parts of lots and parcels of land to be benefited by such improvement, and the percentage of the total cost of improvement, which each of such lots, parts of lots and parcels of land should pay on account of the benefits to be derived from such improvement, and

WHEREAS, the Council has examined such plans and specifications and estimates and found the same satisfactory and the estimates therefor to be in accordance with the probable cost of such work, and

WHEREAS, the property recommended by the City Surveyor to be included within the boundaries of the district benefited is in the judgment of the Common Council properly to be included within such improvement district and no property is excluded therefrom which should properly be included therein, and

WHEREAS, the improvement of the hereinabove described portions of Thompson Street either gravel bituminous pavement, concrete pavement or Warrenite bituminous pavement or crushed rock or crushed gravel foundation is at this time necessary, therefore, be it

RESOLVED by the Common Council of the City of Pendleton that it is expedient to improve and it is hereby proposed to improve Thompson Street from the north right of way line of the O. W. R. & N. Company to the south line of High Street, by paving the same with either gravel bituminous pavement or concrete pavement or Warrenite bituminous pavement or crushed rock or crushed gravel foundation; such pavement to be constructed and the surface thereof to be finished upon the established grade of said street and the street to have curbs and gutters and all other things in accordance with and as shown in the plans and specifications for the improvement of said portions of said Thompson Street from the north right of way line of the O. W. R. & N. Company to the south line of High Street, prepared by F. B. Hayes, City Surveyor, filed with the Recorder of said City on the 9th day of March, 1921, which said plans and specifications are hereby particularly referred to, and be it further

RESOLVED that the Engineer's estimate of the probable total cost of

such improvement, which said City Engineer's estimates was made and prepared by F. B. Hayes, City Surveyor of said City, in the sum of \$13,245.56 and was filed with the Recorder of said City on the 9th day of March, 1921, is hereby included and hereby referred to particularly, and be it further

RESOLVED that the plans and specifications and estimates for such improvement as prepared by the City Surveyor and filed with the Recorder of the City of Pendleton on the 9th day of March, 1921, be and they are hereby adopted and approved, and be it further

Resolved that the cost of making such improvement shall be a charge and lien upon all lots, parts of lots and parcels of land to be benefited by such improvement, and the owners of such lots, parts of lots and parcels of land so specially benefited by such improvement shall be liable for the payment of the costs thereof, and be it further

RESOLVED that an Assessment District is hereby created to be known as "Assessment District No. 78" embracing the property benefited and to be assessed for the payment of such

improvements, which Assessment District shall include all lots, parts of lots, and parcels of land lying and being within the district bounded and described as follows, to-wit:

Description of Assessment District Number 78.

Commencing from the northeast corner of lot 12, block 113, Reservation addition to Pendleton, Oregon, thence 120 1/2 ft. 3-8 in. in a southerly direction and parallel with the east line of Thompson Street, thence 260 ft. in a westerly direction and parallel with the south line of High Street, thence 120 1/2 ft. 5-8 in. in a northerly direction and parallel with the west line of Thompson Street, thence 260 ft. in an easterly direction and along the south line of the O. W. R. & N. Co. right of way line to the point of beginning.

And be it further
RESOLVED, that a copy of this resolution together with a notice that the surveyor's estimate of the proportion of the cost of said work to be charged against each lot, part of lot and parcel of land is on file in the office of the City Recorder, be published for a period of ten days in the East Oregonian, which newspaper is hereby designated by the Common Council for

the publication thereof.
And notice is further given that the Surveyor's estimate of the cost of said improvement to be assessed against each lot, part of lot and parcel of land on account of said improvement is now on file in the office of the City Recorder, subject to inspection. Done and dated at Pendleton Oregon this 17th day of March 1921.
THOS. FITZ GERALD,
City Recorder.

ADOPTION RIGHTS CONSIDERED
PEKING, March 21.—(A. P.)—Whether adoption by foreigners of Chinese girls deprives the legitimate parents of a right to interfere with matrimonial plans for the foster-daughter is the subject of a suit before the High Court of Justice of Shanghai, according to a dispatch from Tsinanfu.
It is alleged that many missionaries have adopted young Chinese girls of poor families, and that these have usually been sent abroad to be educated. The cause of trial seeks to establish the right of the girl's foster parents in the selection of a husband.
An instruction from the Supreme Court of Peking is alleged to be in favor of the legitimate parents.

MADE ENOUGH FLOUR TO FEED POPULATION

MINNEAPOLIS, Minn., March 21.—Ranking as the champion flour miller of the world, John Kraft, who retired March first, after continuous service for 46 years, holds the unique record of making enough flour to feed the entire population of the United States and its possessions for a period of one year. Because of impaired vision, Mr. Kraft, who is 62 years old, terminated his connection with a local flour company after establishing a record which milling engineers believe will stand for many years.
Engineers at the plant estimate that during his 46 years of active service, Mr. Kraft made 135,000,000 barrels of flour. According to the veteran miller, an average normal person consumes about one barrel of flour a year or its equivalent. Mr. Kraft's output therefore could feed the population of entire United States and its possessions which is approximately 115,000,000 and at the end of one year have a large surplus.
Expressed by milling engineers, the stupendous amount of flour milled under Kraft's eyes would if placed in barrels end to end, extend around the world three times; would cover every square foot of the site of Minneapolis with flour six inches deep, and if loaded for shipment, would require 460,000 cars or 15,000 average trains.
Mr. Kraft has been a head miller for 38 years and during this time has had three mills under his supervision.
Born in Schlusbaum, Germany, January 12, 1852, he came to this country when 20 years of age. It was not until he had resided here three years that he obtained employment in the mills. Beginning at the bottom as a sweeper, he gradually worked his way up through the various stages of smelter, machine tender and grinder. He was made head miller in 1883. Five years later he was in charge of three mills. In 1908 however, with advancing years, he relinquished his authority over two of them.
During his long period in the flour milling profession, Mr. Kraft has seen it revolutionized. While a worker in the mills, he witnessed the replacing of rolls for the old millstones, new purifying methods, and the installation of dust collectors. Also, the former head miller has watched the mighty growth of the village to which he came in 1872 to a large city known throughout the world for its flour mills.

HOOVER DISCUSSES PLANS CONSIDERED TO ASSIST FARMERS

These include Embargo Importations Wool, Meats, Wheat and Perhaps Other Products.

WASHINGTON, March 21.—(U. P.)—Secretary Hoover and some of the directors of the United States chamber of commerce discussed the steps which President Harding has under consideration for aiding the American farmer. These include:
1—Embargo on importations of wool, meat, wheat and perhaps other products. The president could proclaim this under the war trade act, still in force.
2—Immediate emergency tariff legislation.
3—The "anti dumping" legislation, followed by protection in the regular tariff bill.

VATICAN GAINS STRENGTH AS WAR'S AFTERMATH

By HENRY WOOD.
(United Press Staff Correspondent.)
ROME—(By Mail).—With the certain resumption in the very near future of diplomatic relations between France and the Vatican and with a movement under way for the establishment of such relations between the United States and the Holy See, the diplomatic position of the latter will be greatly enhanced.
The Vatican, already as a result of the war, has gained a diplomatic representation never before attained in the history of the church. During the past year five new countries accredited ministers to the Vatican whilst the ambassador to the Vatican established early in the war by Great Britain as a temporary war measure was made permanent.

The five new countries to exchange diplomatic representatives with the Vatican are Czechoslovakia, Poland, Switzerland, Rumania and Yugoslavia. In addition the legations of Peru, Chili, Brazil and Prussia were raised to the rank of embassies. The representative from Prussia has the title of German Ambassador to the Vatican.
A total of thirty-one countries now maintain official diplomatic relations with the Vatican, five with the rank of ambassadors and twenty-six with the rank of ministers. To this number it is expected here both France and the United States will be added, the former with the rank of an ambassador and the latter presumably with a minister.
As a consequence the Vatican is today in diplomatic relations not only with all of the great Catholic countries of the world and most of the Protestant nations, but it has succeeded in entering into semi-official relations with several of the great nations with other religions, such as Turkey, Japan and China.

Diplomatically therefore the Holy See has attained a reputation never before reached in the history of the church. The increased prestige and strength that has thus come to the Vatican largely as a result of the war will be used, as Pope Benedict has already made known, in every possible way to bring about a peaceful post-war adjustment throughout the world.
The five countries which now have diplomatic representatives at the Vatican with the rank of ambassador are Peru, Chili, Prussia, Brazil and Spain. The other countries represented with ministers are Argentina, Austria, Bavaria, Belgium, Bolivia, Colombia, Costa Rica, Czechoslovakia, Ecuador, Germany, Great Britain, Haiti, Honduras, Monaco, Nicaragua, Holland, Paraguay, Poland, Portugal, Rumania, Russia, San Domingo, San Salvador, Yugoslavia, Hungary, Uruguay and Venezuela.
