SPRING AILMENTS

Impure Blood, Humors,—Relief in a Good Medicine.

Spring ailments are due to impure, thin, devitalized blood. Among them are pimples, boils, other eruptions, catarrh, rheumatism, loss of appetite, that tired feeling, nervousness and "all run-down" conditions.

Hood's Sarsaparilla combines the roots, bark, herbs, berries and other medicinal plants that have been found in many years of intelligent observation to be most effective in the treatment of these ailments.

Successful physicians prescribe the same ingredients for diseases of the blood, stomach, liver and kidneys, and in cases where alternative and tonic effects are needed.

Hood's Sarsaparilla is the spring medicine that purifies, enriches and revitalizes your blood, increasing power of resistance to disease.

For a laxative take Hood's Pills.

Nats Have Two Worries

George McBride, who is leading the Washington Senators, has two worries. Courtney, star southpaw, who beat the world's champion Indians regularly in 1929, has a sore arm. Maybe it'll be well by opening day—but it's worrying McBride. Worry No. 2: What to do with Frank Brower, a one-run hitter and clever first sacker. He's too good to let go, but isn't quite strong enough to take Joe Judge's place on the initial bag. McBride is trying to make a pitcher out of him. McBride is shown in center; Frank Brower, left, and Courtney, right.
