

# Social and Club News

**TODAY IS GOOD FRIDAY.** Because today is Good Friday, the social calendar holds practically no events. Attendance at church and preparation for Easter occupies the time of Pendleton women.

Tomorrow, Saturday, will be the final day for Easter shopping. To meet the demand of the busy shopper, local stores have charming spring displays, and several Pendleton church societies will hold benefit sales tomorrow.

The Ladies Aid of the Presbyterian church will hold a cake sale at the New-Ward Shoe store during tomorrow.

Aprons and cooked food will be offered by the girls of St. Agnes Guild, Church of the Redeemer, at their sale which opens tomorrow morning at 10 o'clock in Alexander's department store.

The Ladies Aid of the Christian church will sell cooked food at the Cash Market tomorrow. The sale will open in the morning and continue during the day.

**REV. SECOR SPEAKS.** "Americanism" was the theme for an interesting talk by Rev. John Secor, pastor of the Methodist church, at a meeting of the Pendleton Woman's Club, yesterday afternoon in the library club room. "Americanism" has been the topic for the club during the year and his talk marks the organization will devote itself to other subjects during the coming season. Rev. Secor, in speaking of the "stranger within our gates," urged that Americans use every effort in making loyal citizens of foreigners.

For a charming musical program, Mrs. Maud Woodyard sang two delightful songs, "The Swallows" (Cow-an) and "Rockin' in the Wind" (Neid-jing-er), with Mrs. A. J. Owen accompanying her. Mrs. J. B. McCook sang a group of songs which were much enjoyed, "Love's Garden of Roses" (Hayden-Wood) and "Which" (Thomas J. Hewitt), with Mrs. E. F. Averill at the piano. A community sing was held also and closed the program.

During the social hour, Mrs. McCook and Mrs. Woodyard presided at a tea table beautifully decked with daffodils and ferns. They were assisted by the hostesses, Mrs. R. H. Horn, Mrs. Ralph Hassell, Mrs. James Best, Mrs. Jessie Helstand, Mrs. Harry Benson and Mrs. Owen.

**"KID" PARTY IS SUCCESS.** Juvenile attire was the feature of a delightful "kid" party last night when Mrs. Edgar Thompson entertained at her home for the Jolly Nine. Youthful frocks, flowing curls, pig-tails braids and fluffy bows were in evidence, and during the evening youngsters' games were played and each guest gave a recitation.

Lavender and yellow formed an Easter color scheme and the luncheon table was centered by an Easter lily, with baskets of candy eggs and chickens at each place. Besides club members, the guests for the evening were Mrs. Harry Thompson, Mrs. Agnes Dohner, Mrs. Dorothy Thomas, Mrs. Ida Olson and Mrs. Sylvia Walters, of Spokane.

**QUESTS AT DRAPER HOME.** Mrs. E. O. Draper and Mrs. Ben Eastridge were hostesses to 35 members of the W. W. W. club of the Christian church at the Draper home last night.

Daffodils lent a spring like atmosphere to the living and dining rooms which soon resembled a busy millinery shop, the guests being furnished gaily colored crepe paper with which to make up-to-date "Easter" bonnets.

The varied display of distinctive millinery prompted the "Style Show" that followed.

The prize winning bonnet was designed by Jack Winer with Mrs. J. N. Scott as model for the quaint poke bonnet of delicate rose and Harding blue.

The first prize for the gentlemen was won by Rev. W. A. Gressman who was stunning in a jockey cap of lemon yellow and a huge bow tie of apple green which Mrs. Rex Gray designed.

Guessing contests and music furnished further amusement after which dainty Easter refreshments were served.

**MISS HASCALL WEDS.** Miss Stella Hascall and William H. Catlett of Pine Grove, were united in marriage yesterday afternoon at the Presbyterian manse with Rev. George L. Clark, pastor, officiating. The bride chose for her wedding gown a charming frock of white tulle. Mr. and Mrs. James Hascall, prominent Umatilla county people who are the parents of the bride, were present at the wedding. Mr. and Mrs. Catlett will make their home on a farm in the Pine Grove region.

**TO ENTERTAIN CLUB MEMBERS.** Members of the University of Oregon Girls' Glee Club, to sing in Pendleton March 31 at the high school auditorium, will be entertained in local homes during their stay in the city. The members of the club will arrive here Thursday noon and will depart Friday morning.

**MR. AND MRS. DAVIS WILL VISIT.** Mr. and Mrs. William H. L. Davis, of Portland, will arrive this evening from Portland to spend Easter with Mr. and Mrs. Jess Saling. Mr. Davis was formerly employed by the O.-W. R. & N. Co. here.

**TO RETURN FROM PORTLAND.** Mrs. Balle Ulrich and little daughter, and Mrs. Clark, father-in-law, Frank Ulrich, will return tonight after a visit in Portland.

**MUST MAKE CHANGES.** WASHINGTON, March 25.—Resumption of trade relations with soviet Russia depends upon the satisfactory assurance that fundamental changes are contemplated for the protection of persons and property, said Secretary Hughes in his message to the soviet representatives at Reval.

**Science Teacher Absent from School.**—C. B. Harris, head of the science department, has been absent from school for several days. He is now in Milton where he was called by the serious illness of his mother. Mr. Harris plans to return to his classes Monday. Principal Austin Landreth and Roy Hammerley are substituting for Mr. Harris.

**Don't Pool With a Cold.** (From the New York Sun.) We must repeat our warning against pneumonias, the most dangerous disease that prevails in this city, and which is extraordinarily prevalent at this time. Be on guard at all times against taking cold. Look out for it, if you take it. Gladstone used to go to bed and send for a doctor whenever he had a cold and consequently he got well in a very short time. "The Sun" is right and their warning should be heeded. For colds, Chamberlain's Cough Remedy is excellent. It always cures and is pleasant to take. Persons past middle age should go to bed and take this remedy until recovered.

**For a Bad Cold.** Chamberlain's Cough Remedy is a certain cure for bad colds. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in freeing the system of all symptoms of the cold. It is not a palliative that simply gives relief, it cures. **They Make You Feel Good.** The pleasant purgative effect experienced by those who use Chamberlain's Tablets and the healthy condition of body and mind which they create makes you feel joyful.

**What You Need for Constipation.** When troubled with constipation, what you need is a remedy that will produce a free movement of the bowels. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Tablets meet all of these conditions. Try them and see for yourself. They only cost a quarter.

**A TOOTH PASTE MUST BE RIGHT.** You cannot clean your teeth with talcum powder; it is too fine. You would not brush your teeth with sand; it scratches and cuts.

**NY-DENTA Tooth Paste** is scientifically ground to the proper consistency. It cleanses. It does not scratch the enamel or cut the gums. You'll like the flavor.

**Price 25c KOEPPEN'S** The Drug Store That Serves You Best. "Once a Trial—Always Nyal"

## Rheumatism Comes From Tiny Pain Germs

First of all, get it firmly fixed in your mind that all the liniments in the world have no effect whatever on Rheumatism. A very common form of Rheumatism is caused by millions of tiny disease germs which infect the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and routs them entirely out of the circulation.

This is why S.S.S., the greatest known blood purifier is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, and will remove the disease germs that cause your Rheumatism, affording relief that is genuine. S.S.S. is sold by all druggists. Free literature and medical advice can be had by writing to Chief Medical Adviser, 154 Swift Laboratory, Atlanta, Ga.

the boys and girls glee clubs with the high school orchestra will present a concert in April at the high school auditorium. The three directors of the music department are now busily at work on the concert. The orchestra under the direction of Bert A. McDonald will render several selections during the evening. The girls' glee club which has given several successful concerts in previous years will present several of the best numbers that have been available. Mrs. S. H. Forsyah, is in charge. She has had charge of the girls glee club for several years and has trained a good many soloists, who will appear in the concert. The boys glee club will make their first appearance in public at that time. In previous years Pendleton high school has never had a boys' glee club, so that this year's concert will not only set a precedent but will prove to the city that a successful boys' glee club can be made from the high school. The boys have prepared six numbers which they will give as their part of the entertainment. A quartet may be formed to sing during the evening. Oswald Olson of Walls Walla and Pendleton is director. The concert will fill an entire evening and will be under the direction of the student body. As yet no certain date has been set, but it is thought that April 20 will be the appropriate time.

## GREEKS' LONG DREAM CANNOT BE REALIZED

SMYRNE, Asia Minor, (By Mail to United Press.)—Greece may extend her boundaries—on paper—so as to include practically all of the ex-Turkish Levant; she may occupy the entire coastline of the Aegean and Marmora seas, with the active or noncommittal assistance of the allies, but the long-dreamed-of Hellenization of the former Byzantine Empire is a virtual impossibility.

This is the firm conviction of enlightened and unprejudiced Greek and entente officials in Smyrna today. The situation in the city of Smyrne, for instance, is pointed to as an example of what the Greeks are up against. Smyrne has a population, roughly estimated at 350,000. Of this number fully one-third are pure Turkish, Greeks, Americans and Jews, evenly divided, make up the other two-thirds, including, of course, the scattering of Europeans and Levantines.

With the fatality of his race, the native Turk has resigned himself to his fate. He realizes that the Ottoman empire, so far as Smyrne is concerned, is no more. He has seen the aultan gradually and irrevocably pushed back, back, back, into Asia the past two decades. After ten years of war, the average Musselman is not sorry. However, he will not cooperate with the invaders. He accepts the present state of affairs because it is

So far as the Turk is concerned, the Greeks are not worried. They have seen the Mohammedans gradually forced out of Greece, Macedonia, Thrace and Bulgaria. Civilization and the Turk do not mix. In a few years they expect the overflow from old Greece and the islands to crowd out the native. They point to England's colonial policies as an example and justify their aspirations under the "March of Civilization."

It is the Levantine, the renegade Greek, the Armenian and the Jew that is the unassimilatable factor. In this part of the world, the Levantine alone is enough to discourage those who hope to see Smyrna and the Asia Minor coastline become purely Hellenic again—if it ever was. Non-national and usually multi-racial, the Levantine owes allegiance to no country and refuses to recognize the authority of none. Under the Ottoman rule he was virtually unmoored. Under inter-ally control he expects a sort of millenium, with maximum privileges and a minimum of obligations and restrictions.

"We don't want more liberty, we want more money for our olive oil," is the context of an actual message received by King Constantine in Athens, shortly after his return, when he promised revision of the constitution along more democratic lines.

## FOR ALL OCCASIONS

A dress appropriate for all occasions is this one, fashioned of Morocco crepe or one of the other silk crepes popular this season. The waist is in simple basque effect, taken in a little from the low waist line with a tapering dart at side front. There are medallions of contrasting color in the same kind of material set in by hemstitching. The skirt is formed of two widths of material with two-inch tucks running horizontally. The pockets are formed of one inch tucks and satin ribbons similar to that used to form a narrow belt and rosette round the waist line.
