BELGIAN CUE CHAMP FAILS TO GET VERY FAR IN THIS LAND

Horemans Picked to Defeat All of U. S. Billiardists But Loses to Two Wear-Champs.

NEW YORK, March 25.—(Henry L. Farrell, U. S. Staff Correspondent.)—Edouard Horemans didn't get very far in his quest for the world's billiard championship.

The Belgian champion and the best of the European players came over here widely heralded as the challenger of Willie Hoppe.

No agreement could be reached upon terms and conditions for the match and it was then suggested that Horemans play some of the "near champions."

He agreed to meet Jake Schaefer and Weiker Cochran, two of the very best youngsters in the United States and he was beaten by both in his first matches.

Horemans' defeat proved just what the experts said after looking over his game when he came to this country. He is marvelous in an exhibition match, but as a "money player" he lacks the class. Hoppe on the other hand is at his best in a game for big stakes.

Horemans, however, deserves credit for playing the two American youngsters. He could have continued in exhibition work and would have made money in addition to getting a match

with Hoppe because the champion eventually would have been forced into a match with him.

The defeat will hurt the Belgian's drawing power and make him less of an attraction.

The series did prove one thing. In Schaefer, Cochran and Horemans the champion has a trio of contenders who would be exceedingly dangerous in a distance that Hoppe has shown no liking to go.

PETE HERMAN LANDS KAYO IN SHORT ORDER

NEW YORK, March 25.—(A. P.)—Pete Herman, former bantamweight champion, last night knocked out George Adams of New York in the first round of a 15-round bout. It was Herman's first match since he knocked out Jimmy Wilden, British flyweight champion.

Adams took the count of eight after receiving a right to the jaw and went down for the full count from hard body blows. The time was two minutes, 55 seconds. Herman weighed 119-14 and Adams 126 pounds.

Aglie Batten of New York, won the judges' decision over Jack Stone of New York, in a 10-round bout. Batten weighed 154 pounds and Stone 149-12.

PAULETTE PLACED ON INELIGIBLE LIST BY COMMISSIONER LANDIS

National Leaguer 'Offered to Betray His Team' Declares Supreme Baseball Dictator.

CHICAGO, March 25.—(A. P.)—Eugene A. Paulette, National league baseball player, yesterday was placed on the ineligible list by Judge Landis, commissioner of baseball, for his alleged connection with throwing baseball games. Paulette had been a member of the Philadelphia and St. Louis clubs.

Paulette in his statement to the commissioner, declared he never had "thrown" a ball game and asserted that during the last playing season he held himself aloof from corrupting associations, but according to the commissioner, the fact remains "that he offered to betray his team and that he put himself in the vicious power of alleged gamblers."

Paulette admitted to the commissioner that he received money from Elmer Farrar of St. Louis, as a loan which he has not repaid; that the money was given him by Farrar after an interview with Farrar and another St. Louis man named Carl Zork, in which interview Farrar and Zork urged Paulette to co-operate in crooked gambling on ball games.

SPORTS WRITER SAYS EARL SHEELY LOOKS AS GOOD AS HIS RECORD

The following is taken from the Sunday Chicago Tribune and shows just what they think of Earl Sheely, who is well known to Pendleton baseball fans. Earl played with Walla Walla several years in the good old days of the Western Tri-State League. "Sheely looks better every day. He is every bit as good as his Pacific Coast League record indicates. He is an earnest worker. Rather boyish in appearance he never seems to tire. When he reported at Washburne last Wednesday he was ten pounds over weight, but the Texas sun soon brought him down to his normal weight. His playing weight is an even 200, but he doesn't look it. It takes plenty of heat to cover a feet 4 inches of height.

UNEMPLOYED PENSIONER TO BE SENT TO SCHOOL

LONDON, March 25.—(U. P.)—Owing to frequent abuses of the out-of-work rule, under new regulations made by the minister of labor, an insurance officer may require any insured contributor who applies for out-of-work benefit to go to school.

Many of the thousands now drawing unemployment benefit are not anxious to find a job. A recent example of abuse of the government dole was the case of a woman who had been drawing the out-of-work pay for months. Fearing it was coming to an end, she accepted a post as cook at \$250 a year, board, laundry, lodging, etc., furnished. On the day her employer was expecting her, he received a letter instead, announcing that "as the government has decided to continue the out-of-work benefit, I have decided not to accept the position you offered."

Employers declare that the unemployment benefit is merely subsidizing idleness, and those taxpayers who are "sinking out existence on any kind of a job so long as it is a job, are legitimizing the way the government is being hoodwinked, especially as they have to defray the cost of the hood-winkers' upkeep.

SHORT SKIRTS AND LOW NECK GOWNS RAISE INSURANCE

GENEVA, March 25.—(A. P.)—Swiss women who wear short skirts and low-necked gowns will have to pay higher rates of life insurance than those who do not. The Swiss insurance companies have announced that they will take into consideration the women's wearing apparel. The shorter the skirt or lower the neckline, the higher the insurance rate will be.

The Swiss companies justify this action on the ground of a great increase of illness and disease among their women clients which they claim is due to the wearing of short skirts and low-necked gowns.

FINANCE BRIDGE BUILDING SEATTLE

SEATTLE, March 25.—(U. P.)—The Seattle real estate association endorsed a move on the part of Seattle citizens to help finance the \$500,000 steel trestle bridge across the Columbia at "saw."

GROUND YENDER

Mamie Wilhelm thinks more of powdering the foul lines of the Red Sox and Pirates' diamonds, at Hot Springs, Ark., than of powdering her nose. She's the only woman ground-keeper in the world. Her job is to keep the training camp diamonds of both big league clubs in shape. She's shown her pushing a "squeedee" in the Red Sox camp.
