## Fordson Tractor

Many Umatilla county farmers are using the Fordson for their spring plowing. With it they are able to pull a two-bottom plow anywhere, plowing on average of an acre an hour with a running expense of fifty cents an acre. Can you plow that cheap with your horses? Think of time, and to say nothing of the caring of these horses night and morning.

A great many of these Fordsons are three years old and apparently going as strong as ever.

Think the matter over carefully and remember if you are interested we will gladly demonstrate on your own farm at our expense.

### PILOT ROCK NEEDED TO COMPLETE 6 TEAM LEAGUE NOW PLANNED

Enthusiasts Will Descend on Neighboring Town Thursday to Get Affirmative Answer.

To get Pilot Rock into the league along with Milton-Freswater, Weston, Athena, Helix and Pendleton is now the main desire of the baseball enthusiasts of the Blue Mountain league. To this end they are going to descend in a body on Pilot Rock Thursday evening and they say they will be satisfied only with the affirmative answer.

A particular reason why Pilot Rock is so badly needed is that Weston wants into the league and to admit Weston would necessitate a six team league. Therefore Pilot Rock must be brought into the game. Previous to the meeting here Friday it was not known that Weston had developed the baseball bug to such an extent. One spring it was disclosed however that a team at Weston is already financed. All have been ordered and the team is having practice. So the task now is to get a sixth team so that all five towns new ambitions to play may be in the game.

A tentative schedule of games, based on the hope of a six team league has been drawn up here. The schedule which is subject to change is as follows:

April 24th.	Pendleton at Helix.
	Athena at Milton.
	Weston at Pilot Rock.
May 1st.	Helix at Athena.
	Pilot Rock at Pendleton.
	Milton at Weston.
May 8th.	Weston at Pendleton.

May 15th.	Pendleton at Athena.
	Pilot Rock at Helix.
	Weston at Milton.
May 22nd.	Milton at Pendleton.
	Athena at Weston.
	Helix at Pilot Rock.
May 29th.	Weston at Helix.
	Pilot Rock at Milton.
	Athena at Pendleton.
June 5th.	Pendleton at Weston.

### HOW THE BUCKS LOOK AT THIS TIME.

About 30 ball players were out Sunday morning to try for positions on the Pendleton team in the Blue Mountain league under the leadership of Marshal Spall, manager, and Field Captain Gunner Peterson, they held a two hour workout. With an old head at the game like Peterson behind the bat and as skipper of the team, the boys have improved 50 percent. Peterson knows the game from A to Z and is of great assistance to the boys from hitting to fielding.

Peterson will catch this year and this assures the "Bucks" of the efficient catcher in the league.

Twinklers who are working out here are Warmouth and Williams of the young team. With Peterson holding them on they should work 50 percent better than last year, and if such is the case, they should both prove winners. Kueck who pitched around the Dalles and for several teams looks good, although like the others he hasn't pitched himself out yet. Duff hasn't had a chance to work much, but those who have played with him say he has enough stuff to set him pretty in the league. "Big Bill" Cary and Dick Hanley both worked on first. Cary is a good hitter and a dependable fielder when he is in form. Hanley being a new comer has yet to win his spurs. He looks good in his initial appearance. Woods, a recent arrival from Idaho looks sweet in the outfield. Farley knocked down everything that came his way. It was his first time out this year. "Doc" Newton seems to improve each year, and like wine gets better the older he gets. The boys that crowd "Doc" off of short will have to be ripe for the higher leagues.

Outfielders were out in force, some look good and some not so good. Pendleton needs outfielders and needs them badly. Last year several games were apparently won, only to be kicked anduffed away by some youth of color fly chasing ability. Dean Thompson who broke into the box score a few times last year is again on the job. Dean nails 'em all in practice but could improve some with the stick. "Pat" Friedly has been working hard every day along with O. S. Hays and numerous others.

If present dope indicates anything, Pendleton is due for a team that will be the pride of the city.

### BURNS \$5000 BILL.

BUDAPEST, March 28.—(A. P.)—Stephen Nemeth, a clerk, wasting away on the little found his salary would buy, appealed to his almost forgotten brother George, who went to America years ago and is now in Chicago.

When months later, there came from George simply a large photograph, Stephen Nemeth, disappointed and angry, threw his brother's picture in the fire. The next day there came a letter. It read:

"I've got most of the marbles in our block, and I wish I had all the Post Toasties Superior Corn Flakes"

**Don't Fool With a Cold**  
(From the New York Sun.)  
We must repeat our warning against pneumonia, the most dangerous disease that prevails in this city, and which is extraordinarily prevalent at this time. Be on guard at all times against taking cold. Look out for it, if you take it. Gladstone used to go to bed and send for a doctor whenever he had a cold and consequently he got well in a very short time. "The Sun" is right and their warning should be heeded. For colds, Chamberlain's Cough Remedy is excellent. It always cures and is pleasant to take. Persons of middle age should go to bed and take this remedy until recovered.

**For a Bad Cold**  
Chamberlain's Cough Remedy is a strain cure for bad colds. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in freeing the system of all symptoms of the cold. It is not a palliative that simply gives relief, it cures. They Make You Feel Good.

The pleasant purgative effect experienced by those who use Chamberlain's Tablets and the healthy condition of body and mind which they create makes one feel joyful.

**What You Need for Constipation**  
When troubled with constipation, what you need is a remedy that will produce a free movement of the bowels. A remedy that is mild and gentle on the system. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Tablets meet all of these conditions. Try them and see for yourself. They only get a mustard.

**HEADACHE**  
Is very often only a symptom of eyestrain and is quickly relieved when proper glasses are worn. If you are a sufferer from headaches, by all means have your eyes examined.

When you come here very thorough examination is made and when glasses are needed they are ground to exactly fit your eyes.
