OREGON-WASHINGTON CANNING-PRESERVING COMPANY ORGANIZED

Combine is Backed by Leading Banks and Canneries in Oregon and Washington.

PORTLAND, March 26.—(U. P.)—Articles of incorporation for the ten million dollar fruit canning combine, backed by the leading banks and canneries of Oregon and Washington, was filed by telegraph with the state of Delaware. The giant organization is to be known as the Oregon-Washington Canning and Preserving company.

Many Behind Movement.
TACOMA, March 26.—(U. P.)—Plans for organization of the giant corporation designed to foster and develop the fruit canning industry of Washington and Oregon, with a capital of at least \$10,000,000, are rapidly attaining concrete form, according to northwest capitalists behind the move.

The tremendous field ahead of the new corporation was indicated by the statement of Will L. Finch, eastern investigator who has been at work analyzing the Northwest situation since the first of the year, that New York city alone uses more jam than could be produced from all berries now raised in the states of Oregon and Washington.

Three hundred thousand acres of land in the two northwest states, Finch found, are cleared and available for cultivation, but development has been retarded by lack of settlers and adequate marketing facilities.

Those participating in the organization conference: Tacoma—Chester Thorne, chairman of the board of directors of the National Bank of Tacoma; W. H. Rust, capitalist; G. H. H. Radeich and H. V. Alvord, manager and assistant manager of the Tacoma branch of the Bank of California.

Seattle—H. C. Henry, capitalist; H. F. Strander, shipping magnate; J. W. Spangler, president Seattle National bank; H. H. Parsons, president Northwestern Fruit Exchange; F. B. Traux, vice president Seattle National bank; G. C. Corbin, of Meinbach-Corbalee Co.; W. L. Rhodes of Rhodes Bros.

Puyallup—W. H. Panham, president Puyallup & Sumner Fruit Growers Canning Co.
Oregon—C. C. Colt, vice president First National bank of Portland; C. F. Adams, vice president same bank; S. L. Eddy, vice president Ladd & Tilton bank, Portland; Frank E. MOVIE WEDDING?

Are You Suspicious of Your Health?

One may not be actually sick, yet feel so tired and languid, low-spirited and ambitious, that he can not truthfully say he is in good health. The kidneys work all the time, night and day, and it is no wonder that they become weak, sore or diseased. Nearly everybody suffers from kidney trouble or bladder ailments. Nature gives warning signals by backache, lameness, stiff joints, sore muscles, rheumatic pains, puffiness under the eyes and blurred vision.

RELIEVED HIS BACKACHE

"It gives me great pleasure to recommend Foley Kidney Pills as in my case they relieved me of a severe backache that had bothered me for several months. A few bottles laid me up in good shape."—J. G. Wolf, 7215 Jackson St., Green Bay, Wis.

FOLEY KIDNEY PILLS

Give quick and permanent relief from kidney or bladder troubles that have not reached a chronic or bad stage. They stop bladder irritable, stimulate the kidneys and tone up the liver. When the kidneys are properly functioning, they filter and cast out from the blood the impurities that create acids and poisons and in the end may lead to serious illness. If you have any cause to suspect the way your kidneys are doing, you will make no mistake in taking Foley Kidney Pills.
