## CALIFORNIA SPRINTER MEETS WORLD RECORD FOR 100 YARD DASH

Paddock Makes Fast Time in 220 Also; Stanford Wine in Meet Despite U. S. C. Stars.

STANFORD UNIVERSITY, Cal., March 30.—(A. P.)—Another successful attack on the existing International Amateur Athletic federation world record of 21 1/5 seconds in the 100-yard dash was made here yesterday by Charles W. Paddock, University of Southern California, when, running against Stanford university, he made the distance in 21 seconds. Saturday at Berkeley Paddock ran the event in 20 4/5 seconds but his record has not yet been allowed.

Paddock yesterday also repeated his feat of Saturday in running the 100-yard dash in 23 3/5 seconds, the world record. Although Paddock took both his races and U. S. C. captured eight first places out of 15, Stanford won the most 76-56.

Two of the five official watches caught Paddock in the 220-yard dash at 29 3/5 seconds and three registered him 21 flat. Dr. Frank Angell, head timer, said that if Saturday's mark is not allowed, yesterday's record should be, for there was no wind to help the winner.

Morris Kirksey, Stanford, was but a foot behind Paddock in the 100-yard event. Kirksey and Paddock have been running each other for two years, at the Antwerp Olympic games, at Los Angeles, at Stanford and at other places and Kirksey never has won.

A new electric timing device, used to supplement the watches yesterday, registered Paddock in the 100-yard run at 20 9/10 seconds and in the 220 at 21 1/4.

President Appoints Committee  
WASHINGTON, March 30.—(U. P.)—The appointment of a committee to investigate the treatment of wounded service men and affairs of the war risk bureau and a board for vocational training, is announced at the white house. Among the committeemen, are Colonel Theodore Roosevelt, Franklin D'Oiler, T. P. O'Connor and Colonel E. W. Galbraith Jr., national commander of the American legion.

### SPORT BULLETINS

**BOXERS ORGANIZE**  
CHICAGO, March 30.—(A. P.)—Members of the boxing fraternity will gather here today to launch the Boxers Association of Chicago. Similar meetings will be held later in other cities, with the view of organizing a national body which will cooperate with the Boxing managers association.

**WONT REINSTATE KENNEDY**  
CHICAGO, March 30.—(A. P.)—Judge Landis, commissioner of baseball yesterday denied the application for reinstatement of C. W. Kennedy, star pitcher with the Philadelphia Americans, who violated the contract last May to play with an independent team.

### 28 YEARS AGO

(From the Daily East Oregonian March 30, 1893.)  
Joe Connelly has moved his band of sheep to his lambing camp at Buckner Springs. He has had good luck this winter and his sheep are in fine condition.

H. Koepke of Helix is in the city. R. N. Stanfield is here from Echo. He says that peach, prune and apricot crops are ruined but that other fruit trees are unharmed.

W. J. Furnish is moving to his new residence purchased from Dr. LaDow on Water street. Mr. Furnish has improved the house and grounds.

**A Warning Friendship**  
"That new C. O. of ours sure is a stand-offish guy," complained the private who had just come off guard, as he lay on his bunk.  
"How come?" queried the barracks orderly.  
"Well, last night I heard him coming up to my post, so I asked, 'Who sees there?' He says, 'Friend.' And this morning he don't hardly notice me."—Heme Sector.

### YOUTH WALKS 200 MILES OVER SNOW TO ATTEND SCHOOL

PORTLAND, Ore., March 30.—(Special)—Merwin Anderson a young lad from Alaska, arrived in Portland last week and was enrolled as a cadet at Hill Military Academy. Young Anderson's home is in Fairbanks and in order to get out from that far Northern place the boy had to walk more than 200 miles over the snow.

He is greatly interested in baseball and is a live wire runner.  
At the academy Harry Kahlo, who served in the Australian army during the war, has been appointed baseball coach. He also will assist Major T. E. Cathro, U. S. A. in the discipline. One of Major Cathro's right hand men in discipline is Captain Homer Heyden. Heyden is an all round athlete. He probably will attend O. A. C. next fall but has not definitely decided. Heyden is from Pendleton.

### RAILROAD SITUATION IS DISCUSSED AT CABINET MEETING

Belief in General is That Government Should do Something to Assist Roads.

WASHINGTON, March 30.—(Claymond Clapper, U. P. Staff Correspondent)—The government aid and rehabilitation of railroads was discussed at the cabinet meeting today. Very deep concern was expressed over the situation. The belief in general in the cabinet is that the government should do something to aid the roads. It announced that the president would shortly call into conference the chairman of the Interstate commerce commission and the heads of the railroad labor board to discuss the situation. No specific plan has yet been decided upon, he said.

**Roads Are Not Well Managed.**  
CHICAGO, March 30.—(U. P.)—Inefficient management is costing the railroads of the nation a billion dollars a year, W. Jett Lauck, the consulting labor economist, told the United States railroad labor board, Lauck appeared for the rail employees to show why the national shop agreements should not be abrogated. An asked by the rail executives, Lauck said the rail tangle is due to "inadequacies of management, not to the national agreements." He charged carriers arguments to have the national agreement abrogated are to prevent the establishment of human standards in industry.

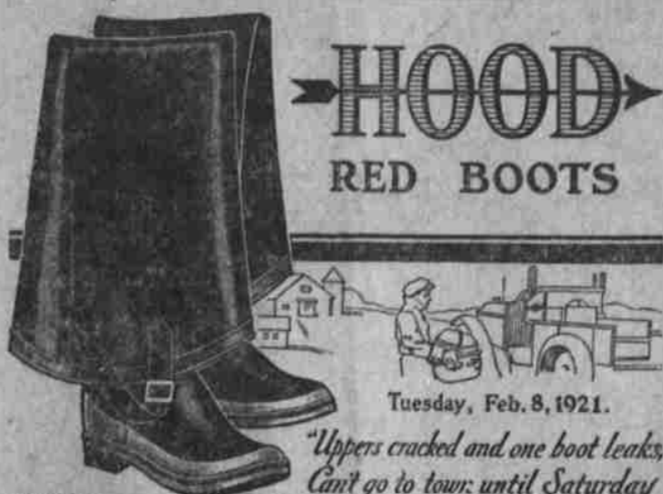

### BOARDMAN BALL TEAM DEFEATS ARLINGTON

BOARDMAN, Oregon, March 30.—Easter services were observed in the local community church with a program by the Sunday school and special music, the sacrament of the Lord's Supper and reception of members, Mr. and Mrs. I. Skoubo, Mr. and Mrs. Wm. Finell, Mrs. W. O. King and Misses Rachel Johnson and Helen Boardman joining the church. The Easter service marked the conclusion of the work of Rev. W. H. Amos of the Presbyterian Board of Home Missions, who has been assisting Rev. J. W. Hood for the past two weeks. The meetings will continue another week. "Haywire Dave's" will work with Mr. Hood during that time.

In school matters the week will be in commemoration of Johann Amos Comenius, a prominent educator of the 17th century. Monday was the 329th anniversary of his birth and his life was outlined for the pupils at the general assembly and a further review will follow up in each room in

### PRACTICAL FOR CHILD

Yellow chambray, piped and sashed with the same material in light blue, is suggested for this practical frock for a six-year-old. It is delightfully simple and introduces as the only bit of decoration small squares set on one corner, as shown.

**HOOD RED BOOTS**

Tuesday, Feb. 8, 1921.

"Uppers cracked and one boot leaks. Can't go to town until Saturday. Next time, I'll buy HOODS."

LOOK FOR THE YELLOW LABEL

THE uppers on most red boots crack very quickly when exposed to sun and air. While no boot can stand undue exposure, the Hood Pressure Process produces a boot exceptionally free from this objectionable feature. When you buy a red boot with a yellow label and the word HOOD on it, you are getting the latest development—an upper that will stand rough treatment combined with the newest tire-tread soles, which means long wear and good looks. HOOD is your guarantee.

The Arlington H. S. team met defeat at the hands of the Boardman H. S. team on the Boardman grounds last Saturday. The score was 13-7. Results might have been different if some of the Arlington players had not been left behind on account of the mumps. They brought along a good crowd of rooters and proved to be good sports. They staged two strong rallies but were never able to tie the score. A return game is scheduled for April 8th, at Arlington.

### "There's More Real Satisfaction" says the Good Judge

In a little of the Real Tobacco Chew, than you ever get out of the ordinary kind. The good rich taste lasts so long you don't need a fresh chew nearly as often—that's why it costs you less to chew this class of tobacco.

Any man who uses the Real Tobacco Chew will tell you that.

### Fordson Tractor

Many Umatilla county farmers are using the Fordson for their spring plowing. With it they are able to pull a two-bottom plow anywhere, plowing on average of an acre an hour with a running expense of fifty cents an acre. Can you plow that cheap with your horses? Think of time, and to say nothing of the careing of these horses night and morning.

A great many of these Fordsons are three years old and apparently going as strong as ever.

Think the matter over carefully and remember if you are interested we will gladly demonstrate on your own farm at our expense.
