Cattle Market In Portland Depressed

(From the Oregon Journal.)

PORTLAND, March 31.—Nine loads of livestock came to North Portland Wednesday and there was no apparent desire to take hold in any line, although practically all quotations were nominally unchanged.

There appears to be an almost utter lack of demand for spring lambs and even offers to sell at \$3 do not entice at this time. General sheep and lamb trade, however, while slow, is considered about steady. Much of the trouble in the trade at this time appears to be due to poor quality.

General sheep and lamb market:
 Ewes of mountain lambs \$ 7.25@ 8.00
 Willamette valley lambs 6.00@ 7.50
 Heavy lambs 6.00@ 7.50
 Cull lambs 4.50@ 5.00
 Light yearlings 6.50@ 7.90
 Heavy yearlings 6.00@ 6.50
 Wethers 5.00@ 6.00
 Ewes 1.50@ 2.25

Cattle market continues depressed at North Portland with no change in general price list, although bids for the offerings were about 25 to 50c below former figures.

As in the sheep and lamb alleles, there is no quality stuff available in the cattle division at the moment and

buyers appear to have about all of this class of stuff they can handle.

General cattle market range:

Choice steers \$ 7.50@ 8.00
 Medium to good steers 7.00@ 7.50
 Fair to good steers 6.00@ 7.00
 Common to fair steers 5.00@ 6.00
 Choice cows and heifers 6.50@ 7.00
 Medium to good cows and heifers 6.00@ 6.50
 Fair to medium cows and heifers 5.50@ 6.00
 Common cows and heifers 4.50@ 5.50
 Canners 2.25@ 4.50
 Choice feeders 6.00@ 6.50
 Fair to good feeders 5.50@ 6.00
 Bulls 3.50@ 5.00
 Choice dairy calves 12.50@ 13.00
 Prime light dairy calves 11.50@ 12.50
 Med. light dairy calves 8.50@ 11.50

Even swine continued under a depressed tone at North Portland for the Wednesday morning trade. There was another small run but further weakness in the East and Middle West was the predominating influence.

General hog market range:
 Prime light \$12.00@12.25
 Smooth heavy 11.25@11.75
 Rough heavy 8.00@10.25
 Fat pigs 12.00@12.25
 Feeder pigs 11.00@12.00
 Steers 6.00@10.25

Today's Optimism Did Not Hold Up

NEW YORK, March 31.—(A. P.)—The hopeful feeling created Tuesday by the increased American Telephone dividend rate and signs of greater industrial activity were dissipated yesterday, extensive selling of special issues at net reactions of two to ten points unsettling the general list.

Shares under greatest pressure comprised those of companies which rumor associated with new financing or dividend revision, including International Harvester, American Linseed and International Paper.

Aside from the motor industry, weekly reviews of the iron and steel trade failed to sustain the belief that any pronounced increase of demand for fabricated products is under way. Average quotations were at lowest levels in the last half hour, the reaction being accelerated by an unexpected rise in call money from 4 1/2 to 7 per cent. This was attributed to withdrawal of funds required to meet payments maturing tomorrow, the end of the year's first quarter.

Sales amounted to 665,000 shares. The foreign exchange market was unusually active, decided strength being shown.

Liberty issues closed at fractional gains and Paris 6s strengthened, but Pennsylvania 6 1/2s made a new low at 96 and other prominent bonds were irregular. Total sales, par value \$10,375,000.

Think Fruit Is Not Badly Injured

WASHINGTON, March 31.—(A. P.)—With the passing of the Easter cold wave, department of agriculture officials express the belief that the fruit crop surplus of the country as a whole had not been materially affected, despite reports from various sections of heavy damage. First reports in such cases, they said, usually are "hysterical" for those suffering loss are inclined to judge conditions generally by the situation in their own districts.

It was pointed out that no reports had been received of damage to fruit crops in New England, New York, Michigan, the Great Lakes region, the Pacific coast or the south. The principal apple sections affected, officials added, appeared to be those of the Ozark mountains and the Cumberland and Chenandoah valleys.

Corn Liquidation Hurt Wheat Prices

CHICAGO, March 31.—(A. P.)—Grain underwent a severe setback in price yesterday largely as a result of liquidation on the part of rural holders of corn. Wheat closed heavy, 3 to 5 1/4c net lower, with May 1.39 3/4 to 1.40 and July 1.21 to 1.21 1/4. Corn lost 2 1/4@2 1/4 to 2 3/4c and oats 1 1/4@1 3/8 to 1 5/8. Provisions gained 5c to 30c.

Bearish sentiment also was emphasized owing to the nearly complete absence of new export business. All deliveries of corn and oats dropped to the lowest prices yet for the present crop.

Packers buying rallied provisions.

MARRIAGE OF MISS PHILIPPI APRIL 6TH

UMAPINE, March 31.—R. E. Bean, secretary-treasurer of the Walla Walla Valley Pure Bred Jersey Bull association is in receipt of a letter from J. V. Costa of Crawfordsville, Indiana, the noted Jersey breeder and sales manager, as follows:

"We are mailing the four pedigrees of the herd bulls of the Walla Walla Valley Pure Bred Jersey Bull association and we trust they will please you very much.

The writer takes this chance to say that he believes that the four bulls owned by your association show the best breeding that he has ever seen in this kind and predicts that the future of this association if these bulls are used and official testing is done will become famous.

I might also add that I have spent lots of time and money in this work and believe I know a little about it, having been managing-owner of the Fairview Farm Company, of Geneva, Ohio and later vice president and manager of Fairview Farms, Incorporated, of Atlanta, Ga."

The following bulls comprise the association: Sophie's Golden Glow Pops 150522 whose sire, Maple Park Chief with 5 tested daughters, dam Chief's Evening Glow, sister to Old Man's Darling, with record of 962 pounds butter; Sultan's Golden Chief 159498, whose sire, Adelaid Sultan, sire of 22 tested cows and dam Golden Glows Violet, grand daughter of Golden Glows, chief winner of American Jersey Cattle club gold medal, and sire of 33 tested daughters, including Vive La France, "the wonder cow," 1224 pounds butter; Lucy's Golden St. Maws 151352, whose sire, Poppys St. Maws, gold medal bull sire of 12, and whose grand sire, Rosaire's Olga Lad, sire of 24; dam Lucy of Pleasant View with record of 808 pounds butter at 8 years; La Croche's Select Cleo 151223, sire of 11 tested daughters, dam Morrav's Select Register of Merit, record 823 pounds butter, and a sister to Vive La France, the ex-champion cow of any age and the present champion senior-four old with a record of 1212 pounds of butter.

The pedigrees of these bulls will be framed and placed in the county agent's office at Walla Walla. There are 25 members of the association, representing approximately 125 cows, the majority of which are high grade Jerseys, although the members of the association are gradually adding pure breeds to their herds. No official testing has been done as yet but is being considered at this time.

On Saturday afternoon the home of Mrs. James Kirk in Milton was the

scene of a merry occasion when Miss Della Philippi was "showered" with beautiful gifts prior to her marriage with Rev. Wilson of Portland, next Wednesday. Mrs. Dan Kirk, Mrs. R. E. Bean and Mrs. Roy Frazier were hostesses for the occasion and fifty-ladies enjoyed an afternoon of fun. The Kirk home was beautifully decorated with pink and white carnations, and pink and white streamers from a bell were festooned from the center of the rooms.

Refreshments were served after the bride to be had been showered with her gifts.

Mr. and Mrs. W. W. Philippi have issued invitations announcing the marriage of their daughter Della, to Rev. McAfee Wilson of Portland, the event to take place April 16 at the Philippi home. Mr. and Mrs. Wilson will make their home in Portland, where they will immediately journey after the ceremony. Miss Philippi has been a resident of Umapine for several years but has also lived in Walla Walla and Pasco. She has a host of friends who wish her best wishes in her new home.

Mrs. J. W. Harbert and daughter Hazel and Mr. and Mrs. E. P. Jensen and family, spent Sunday with Mr. and Mrs. Tom Campbell. On Sunday, Miss Jensen, who is a domestic science pupil at Columbia, prepared and served the Easter dinner.

Miss Ethel Hodgen of Athens, spent last week with Mural Beauchamp.

Dean Beauchamp left Sunday evening for Corvallis after an Easter vacation with his parents at Umapine.

Mrs. A. C. Hobbs visited one day last week with her daughter Miss Rita Hobbs, coming from her Walla Walla home.

Guy Young made a business trip to Umapine last week. Mr. Young is using a crutch and cane as the result of an accident when in the employ of the Ellison White Chautauqua people, when a huge pole fell across his leg.

Mrs. Guy Young and daughters will arrive Friday from Lewiston, Idaho, and will be guests at the W. W. Philippi home until after the Philippi-Wilson wedding.

His Only Fear
 "Papa," she said, "when you see a cow ain't you 'fraid'?"
 "No, certainly not Evelyn."
 "When you see a horse ain't you 'fraid'?"
 "No, of course."
 "When you see a dog ain't you 'fraid'?"
 "No!"—with emphasis.
 "When you see a bumblebee ain't you 'fraid'?"
 "No!"—with scorn.
 "Ain't you 'fraid' when it thunders?"
 "No!"—with loud laughter. "Oh, you silly, silly child."
 "Papa," said Evelyn solemnly, "ain't you 'fraid of nothin' in the world but mamma?" — Pittsburgh Chronicle-Telegraph.

"Shop" for the Dealer As Well as the Auto!

If you could get a 10 per cent reduction of the price of the car you want by going a block farther down the street, you would be inclined to go to that much trouble.

Do you know that the actual intrinsic value of the service and responsibility that a good dealer can put into any car he sells is often worth more than 10 per cent of the car cost, in the first season?

Isn't the price of the car so much as it is the performance of the car, and that depends much on the man who sells it to you.
