**Preventative Medicine**  
The tendency of medical science is toward preventative measures. It is easier and better to prevent than to cure. Pneumonia, one of the most dangerous diseases that medical men have to contend with, often follows a cold or attack of the grip. The cold prepares the system for the reception and development of the pneumonia germ. The longer the cold hangs on, the greater the danger. Take Chamberlain's Cough Remedy as soon as the first indication of a cold appears so as to get rid of it with the least possible delay. It is folly to risk an attack of pneumonia when this remedy may be obtained for a trifle.

**A Farmer Cured of Rheumatism**  
"A man living on a farm near here came in a short time ago completely clobbered up with rheumatism. I handed him a bottle of Chamberlain's Liniment and told him to use it freely," says C. P. Sawyer, Patten Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, give me another bottle of Chamberlain's Liniment; I want it in the house all the time for it cured me."

**Indigestion and Constipation**  
"Prior to using Chamberlain's Tablets, I suffered dreadfully from indigestion. Nothing I ate agreed with me and I lost flesh and ran down in health. Chamberlain's Tablets strengthened my digestion and cured me of constipation," writes Mrs. George Stroup, Selway, N. Y.

**The Road to Happiness**  
You must keep well if you wish to be happy. When constipated take one or two of Chamberlain's Tablets immediately after supper. They cause a gentle movement of the bowels.

Vocal Solo—Carl McConnell, accompanist, Mrs. Clifford Kendall.  
Victor Mason was a visitor in Portland last week, he returned to Helix Tuesday.

## BONES OF WIDE FACED ANIMAL ARE UNCOVERED

(SYDNEY, N. S. W., April 1.—(A. P.)—Bones of what scientists say is the widest-faced animal known were found recently seventy feet below the surface of the Darling Downs region

of Queensland, have been assembled by the curator of the Queensland museum. The animal has been described as being a type never discovered before.  
The bones were found by workmen sinking a well at Brigalow and were broken into scores of pieces before being brought to the surface. They were sent to the museum where the curator succeeded in reconstructing the skull.  
It was found the skull is about two feet in length and about twenty six inches in width. The newly discovered remains are those of an animal belonging to the group of fossil marsupials known as Nototheriids, it is thought.  
Scientists believe that ages ago huge animals roamed the Darling Downs, for several years ago the yard-long skull of a giant Diprotodon was found there. Earlier, in the same region there was unearthed the famous Taigai skull, believed by many to be one of the "missing links" between the man and the ape.

## OREGON GIRLS' GLEE CLUB CONCERT PROVES SUCCESSFUL AFFAIR

Pendleton Audience Was Largest One That Has Greeted Girls on Entire Spring Tour.

The largest audience yet recorded the University of Oregon Girls Glee Club on their Spring tour greeted the girls when they appeared in concert at the high school auditorium last night. Over 1200 was cleared from the presentation and the sun will do much toward making up the deficit incurred after the appearance of the club at Hillsboro, Hood River, Enterprise, Baker and La Grande.

From the opening number, "Carmena," to the group of Oregon songs which closed the program, the concert was excellent. Besides the vocal and instrumental numbers, several girls presented a clever sketch, "When the Clock Strikes Twelve," appearing in charming costumes. Miss Bernice Alstock's solo number was much enjoyed.

Miss Margaret Phelps, Pendleton girl who is violin soloist with the club, received an ovation when she appeared for the number "Ave Maria," which she played beautifully. Miss Yashti Hoskins, also of this city, was well received as a member of the girls' quartet and as one of the players in the sketch.

The vocal solo numbers were especially excellent. Miss Genevieve "Gancy" who is possessed of a sweet soprano voice sang "Morning," by O'Connell, and Miss Laura Rand, contralto, sang "A Rose in the Bud." Miss Imogene Letcher, accompanist, is a remarkable pianist and showed splendid technique in her solo numbers.

## BOISE FARMER MOVES TO COLUMBIA PLACE

(East Oregonian Special.)

COLUMBIA, April 1.—Mrs. Van Deussen, county agent, gave a demonstration of the pressure cooker Wednesday afternoon at the home of Mrs. George Reddow of Columbia, where an interested number of the community ladies met to get suggestions and see the article in use. An old hen was well done in the cooker in 45 minutes and also a quantity of beans showing the great lessening of time and fuel used in the preparing of the food from the old method which ordinarily requires about two hours time. Any one wishing to make further inquiry in regard to the cooker can consult Mrs. VanDeussen at any time. The setting of fly traps was also the order of the afternoon and a sample of the same made may be seen at Mrs. Howard Helms or Mrs. Geo. Reddow.

A dress making and millinery school will be held at the home of Mrs. Howard Helms April 7th and 8th. Mrs. VanDeussen will have a supply of wire hat frames on hand and those wishing to make new hats can do so under her guidance or can have their old ones renewed. The sewing will consist of the making of gingham dresses and all ladies are requested to bring material sufficient for their needs.

As gingham hats are much in vogue this year the work will be principally of this kind. Each lady is asked to bring one article of food for luncheon and coffee is donated. A large school is desired as there can be no more profitable time spent under the county demonstration instructions. Remember the date Thursday and Friday, April 7th and 8th. As but few of the Columbia ladies attended the millinery school at Hermiston, Mrs. VanDeussen has kindly offered to repeat the work at this time.

Charles Sutton assistant clergyman of the First Presbyterian Church of Seattle, is visiting James Tabor, whom he has known for several years. Rev. Sutton will conduct the church services at Columbia next Sunday.

Frank Maugham made a trip to Pendleton Wednesday.

L. E. Frasier and family who are recently from Boise Idaho, have taken up their residence on the Jones farm. Mrs. Frasier is a sister of Mrs. M. L. Watson of the neighborhood.

## Modern Dentistry vs. Old Fashioned Methods

Do you know that dentistry has been turned up side down in the past few years? That the old fashioned idea of saving sore, aching, abscessed teeth is almost a thing of the past?

100 P. C.  
Oral righteousness thro a live, healthy mouth is the slogan of the modern dentist. A dead tooth is a menace to health. It rots it.
