

People Here and There

Charles Dehrens is a visitor from Helix.

M. E. Sturdivant is here today from Ukiah.

William Baird of Baker, has been a visitor in the city today.

Mrs. Glenn Scott is in the city today from their ranch near Helix.

Mr. and Mrs. C. Ashbaugh of Hard-mout, Morrow county, are in Pendle-ton.

Carl Engdahl was a passenger on the Northern Pacific train from Helix this morning.

Hercule Walker is up from Stanfield today visiting friends and attending to business matters.

Dr. and Mrs. H. J. Smith and son of Moscow, Idaho, are registered at the Hotel St. George.

George Goodman, formerly of Pendleton but now located at Pasco was here between trains today.

W. J. Furnien, former Pendleton Banker and widely known property owner is here from his home in Port-land.

F. L. Ballard, district supervisor of county agriculture agent work is here today to confer with Fred Bennion, Umatilla county agent.

H. C. (Clint) Ball, veteran mail carrier of La Grande, is in Pendleton to-day, and a substitute is delivering let-ters to the La Grande residents. Mr. Ball believes that said substitute is un- necessary as his old horse knows the route so well that he could deliver mail entirely unaided.

H. H. Neien returned to the city to-day on the Northern Pacific train from Pasco.

"Some little chore to look after 25 girls," said H. W. Hicks this morning as he juggled half a hundred suitcases aboard the special coach, provided for the University of Oregon Girls Glee Club, "Jimmy," who is general passenger agent for the O-W. R. & N., has toddled along with the girls during their Spring tour and finds his duties rather varied.

NEWS OF THE COUNTY OFFICES AND OFFICERS

Bit Officer's Ear.

An information was filed against Green Estes in the justice's court at Athena yesterday as a result of an alter-cation between Estes and R. W. Sinclair, special state officer. A fight occurred between the two men and it is charged Estes hit off a piece of the officer's ear. It is understood Estes will be bound over to the grand jury on a charge of mayhem.

Violated His Parole.

Richard Sutton is being held here on a charge of having violated his parole. Sutton was involved in the hold up of a colored poker game and because of his youthfulness and aid to the state in the case was paroled to an uncle. He had gone over into Wash-ington and is said to have been en-route to Iowa when taken into custody here.

Twenty Five Estates Filed.

A report of the estates filed for probate during the first three months of the year, was sent to State Treas-urer C. P. Hoff and Secretary of State Sam A. Koser yesterday by Deputy Clerk Presbeter. There were 25 al-together, which is eight less than the number filed for the same period last year. Many of them were estates of importance, the largest being that of Frank A. Michaels, given as \$50,000.

HIGH SCHOOL NOTES

From This Evening.—The Annual junior prom will be held this evening at the Elk's home at nine o'clock in honor of the senior class. Final pre- parations have been made to make this prom one of the best in the history of the school. The junior prom is formal in nature and is the only high school dance which has the sanction of the school board. Invitations have been issued to members of the senior class and faculty members.

Sophs. Win Meet.—In the trial track meet held at the high school athletic field Wednesday the sophomore class proved superior in the events, winning the meet by several points. Some ex- cellent material was discovered in the meet and these men will be sorted out and an effort will be made to en- courage the under classmen to turn out for the spring sport. Pendleton will send a team to the eastern Ore-gon track meet which is to be held in Union in May. Members of the Pen-dleton team will probably make the trip to Union by car. The interclass meet will be held at the Round-Up grounds within the next week or two. The places will be pretty well distrib-

LEADING AUTHORITIES NOW SHOW JUST WHAT TANLAC REALLY IS

Physiological Action of Principal Ingredients of Celebrated Medicine on the Human System is Explained.

SUPREMACY CLAIMS WELL SUPPORTED

Many of the Medicinal Elements Have Been Known and Used Since Civilization First Began.

Tanlac the celebrated medicine which has been accomplishing such remarkable results throughout this country and Canada, is composed of the most beneficial roots and herbs known to science. The formula is purely eth-ical and complies with all National and State Pure Food and Drug Laws. Although there are ten ingredients in Tanlac, each of which is of recog-nized therapeutic value.

Many of these ingredients have been individually known and used since civ- ilization first began, and some of them have been used and prescribed by leas- ing physicians everywhere, but until they were brought together in proper proportion and association, as in the Tanlac formula, humanity had not heretofore realized their full value and effect.

In referring to one of the more im- portant ingredients of Tanlac, the En- cyclopedia Britannica says: "It has been the source of the most valuable tonic medicines that have ever been discovered." In referring to others of the general tonic drugs contained in Tanlac, the 13th Edition of "Poison's Therapeutics," a standard medical text book, states that "They impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority, in describing the physiological action of still another of the ingredients of Tan- lac, which is of value in treating what

is commonly known as "a run-down condition," uses the following expres- sion: "It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac which, because of their in- fluence upon the appetite, digestion, assimilation and elimination, improve the nutrition and vital activity of the tissues and more important organs of the body, and produces that state of general tonicity which is called health.

The United States Dispensary makes the following comment regard- ing another ingredient: "It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required. Dyspep- sia, atonic gout, hysteria and inter- mittent fever are among the many af- fections in which it has proven useful."

There are certain other ingredients described in the Dispensary and in other standard medical text books as having a beneficial action upon the organs of secretion, whose proper func- tioning results in the purification of the blood streams passing through them. In this manner objectionable and poisonous ingredients of the blood are removed and the entire system in- vivated and vitalized.

Tanlac was designed primarily for the correction of disorders of the stom- ach, liver and bowels. At the same time, however, it is a powerful recon- structive tonic and body builder, for it naturally follows that any medicine that brings about proper assimilation of the food and a thorough elimination of the waste products must, therefore, have a far-reaching and most benefi- cial effect upon the entire system.

Although Tanlac's claims for su- premacy are abundantly supported by the world's leading authorities, it is the people themselves who have really made Tanlac what it is. Millions upon millions have used it with gratifying results, and have told other millions what it has done for them. That is why Tanlac has become the real sensa- tion of the drug trade in this coun- try and Canada, and that is also why it is having the largest sale of any medicine of its kind in the world to- day.

ated among the classes and the meet promises to be an interesting one.
