## SIX TEAM LEAGUE NOW ASSURED; BUCKS WILL PLAY SUNDAY

Local Colored Team Will be Opponents; Pilot Rock Will Have Good Team in League.

Pilot Rock has joined the Blue Mountain League again this year. President Ellis returned from the neighboring town yesterday and brought word that the boys there are hard at work molding a team from last year's remnants and this year's finds.

Mr. Ellis met with the Commercial Association of "The Rock," and after putting the proposition squarely up to them they all voted to put the best team possible into the field. Pilot Rock has in all past years had one of the best teams in the county, never have they had a team that hasn't been able to finish in the money. No trouble has ever been caused from their players and the town supports the team to a man, so the other five teams feel that they are very fortunate in retaining them in the circuit.

This means that the league composed of Pilot Rock, Milton-Freewater, Helix, Athena, Weston and Pendleton as drawn up two weeks ago stands. The schedule as appeared in the paper seems to be acceptable to all concerned.

Mr. Ellis has as yet to line up capable umpires and only the best will qualify. Last year there was lots of crabbing over a few games where the umpiring wasn't of the best, it's hard to get good men and keep them through the season but the league officials are scouring the country for men who will at least call them as they see them and not be influenced by the grandstanders.

The Pendleton Bucks meet the Colored Giants tomorrow in their first game of the season. The game will be at Round-Up park at 2:30 sharp. Fifty cents admission will be charged, proceeds to go towards putting the grounds into shape. Moose Jaw will be the attraction for the next two or three Sundays. Nick Williams, manager of the Canadians wired yesterday that he might book a game or two here with the famous Chicago Colored Giants. If such is the case Pendleton ball fans will have the opportunity of watching one of the best ball clubs in the country in action. The Giants train on the coast each year and for the past two weeks have been playing the Portland Beavers.

## He Nips 'Em Anywhere Within 11 Feet 7 Inches of the Bag

CISCO, Texas. — Maynard Felix, Denver recruit, is showing Pat Moran a new stunt in first basing. He does a perfect jack-knife split. It enables him to grab a ball anywhere within a radius of 11 feet and 7 inches of the sack.

He is 6 feet 3 inches tall and just opens himself up like a monster pair of scissors—one leg straight out in front of him, the other straight back, until he almost sits on the ground. Last summer he played with the Billings (Mont.) club and drew \$500 a month and expenses. Three major league clubs tried to land him. Felix chose Cincinnati because he was born there.

Two weeks after his arrival at the Reds' camp Ivy Wingo let his bat slip and it hit Felix on the right foot. The accident may cost the youngster a chance to crowd Jake Daubert off the first bag, but Moran is likely to keep him around as an understudy.

Pendleton staged another hard workout yesterday. The squad numbering about twenty men, are all in good shape. The team that takes the field tomorrow are not necessarily favorites. It will take a game or so for Gunner Peterson to look the men over carefully, see just what they can or cannot do.

## SENATOR STANFIELD DINNER GUEST OF CHARLES T. EARLY

PORTLAND, April 2.—United States Senator R. N. Stanfield was guest of honor at a dinner given by Charles T. Early, president of the Stanfield Republican club, at the Benson hotel Thursday. No effort was made to give the occasion a political aspect as it was the desire of the host to safeguard the senator from importunities relative to federal patronage. Stanfield delivered an address in which he outlined the program which he believes will be put into effect by congress at the special session opening April 11.

## JERSEY CITY NOW IN LIMELIGHT FOR HEAVYWEIGHT FIGHT

But Tex Rickards is Not Ready to Admit Such an Arrangement is to be Made.

MONTREAL, April 2.—(A. P.)—The heavyweight championship bout between Jack Dempsey and Georges Carpentier will be staged in Jersey City, according to word received yesterday by a local promoter from Jack Kearns, Dempsey's manager.

The promoter said Kearns gave him the definite information over the long distance telephone from New York. He added that Kearns said he was leaving immediately for the West to consult with the champion.

## NEW YORK MANAGER STRUCK THE UMPIRE

MOBILE, Ala., April 2.—(A. P.)—Coach Dolan of the New York National Baseball Club and Umpire Edward Lazon were arrested at the Southern League Park yesterday on charges of disorderly conduct as a result of a mixup during a game between the Giants and the Athletics. The umpire, it is alleged, was struck in the eye before policemen could reach him.

## FARMERS TO PASS ON NEW MARKETING PLAN

CHICAGO, April 2.—(U. P.)—Farmers' representatives from all the grain growing states will meet in Chicago April 6 for the purpose of ratifying or rejecting the grain marketing plan evolved by the Farmer's Marketing Committee of Seventeen. Each state will have one delegate for each \$15,000,000 worth of grain marketed during the last ten years.

A number of organizations, including a national wheat growers' association in the southwest have attacked various features of the committee's proposed system on the theory that it will take years to develop the giant marketing structure to a point where it can replace the present system under which hogging is possible.

Other agriculturists say the pooling plan may throw the entire system open to charges from consumers of violating the anti-trust laws by attempting to fix prices.

"It is not the desire of farmers to form a grain trust," said Clifford Throne, counsel for the committee, in discussing this phase. "We recognize the dangers involved, but I anticipate no serious difficulties along that line. Unfair price fixing by farmers might defeat the farmers themselves, by encouraging overproduction."

The general condition of the world, taken all together, is worse today than it was at the height of the war, and not the least important element of the situation is the almost total lack of public appreciation of what the war really meant, how narrow an escape it was from a wholesale collapse of civilization, and how much of war still vexes the earth even today.

## \$48,000 BAIL SET FOR BALL GAMBLERS

CHICAGO, April 2.—(A. P.)—Carl Zork and Ben Franklin, St. Louis men recently indicted in the second grand jury investigation of the baseball scandal, and said by state officials to have organized the alleged conspiracy for Chicago White Sox players to "throw" the 1919 world series to Cincinnati, are expected to surrender today and give bail. Robert E. Crowe, state's attorney, said last night. At the same time it became known that most of the other 16 men indicted with Zork and Franklin were ready to surrender if bail could be fixed at what attorneys termed a "reasonable figure." Bail for each indicted person was fixed in the indictments at \$48,000.

## LANDIS SAYS MINOR LEAGUES RUN SELVES

CHICAGO, April 2.—(A. P.)—Judge Kenesaw M. Landis, baseball commissioner, in a decision yesterday, held that the agreement under which he became arbiter of baseball disputes, "clearly intended that the minor leagues shall be wholly self governing so far as reinstatement of minor league players is concerned," and that consequently he was without jurisdiction in the case of L. N. La Longe, who deserted the Kansas City American Association team to play independent ball and now seeks reinstatement.

Judge Landis held that, under the major-minor agreement of January 12, 1921, which made him baseball commissioner, that he held jurisdiction only in major-minor disputes, or where a minor player had a financial claim of more than \$100 or else claimed to be a free agent.

The case of La Longe was entirely under the minor league national board of arbitration, Judge Landis ruled.

## Fordson Tractor

Many Umatilla county farmers are using the Fordson for their spring plowing. With it they are able to pull a two-bottom plow anywhere, plowing on average of an acre an hour with a running expense of fifty cents an acre. Can you plow that cheap with your horses? Think of time, and to say nothing of the care of these horses night and morning.

A great many of these Fordsons are three years old and apparently going as strong as ever.

Think the matter over carefully and remember if you are interested we will gladly demonstrate on your own farm at our expense.
