ARCADIE SUNDAY AND MONDAY THOMAS MEIGHAN IN POST NUPITAL ROMANCE

Some of the sweetest romances ever told are those which develop after marriage, when the husband and wife, estranged or separated perhaps, are finally brought together again with that understanding that insures future happiness. Such is the romance in "The Easy Road," the new Paramount picture, starring Thomas Meighan, which will be shown at the Arcade theatre Sunday and Monday.

The husband, who in spite of hardships has achieved fame as a novelist, settles down on easy street with his rich wife to enjoy life. But with pleasure as his false idol, his life and his character deteriorate. His wife, in the hope of renewing his ideals goes abroad. The novelist goes from bad to worse. He is about to commit suicide when something happens that inspires him anew and he again becomes the man of old. The wife returns, half-

ALTA SUNDAY AND MONDAY NEW REALART STAR

TO BE SEEN HERE
Realart Pictures announces Justine Johnstone as its sixth new star. Miss Johnstone has been widely heralded as the most beautiful girl in America. She is of Swedish extraction and is twenty years old. Born in Englewood, N. J., and after leaving public school attended the Manor School at Larchmont, N. Y. Miss Johnstone later took the full course at the Emma Willard school at Troy, N. Y. She evinced a predilection for dramatics at a very early age and while at the Emma Willard School was president of the Dramatic Society. She was a member of the "Follies" of 1915 and again in 1916. In the 1916 edition she appeared as a principal. While a member of the 1915 "Follies" the war was in its early stages and patriotism ran high. Miss Johnstone had the part of "Columbia," and appeared draped in an American flag, her beauty having won the honor for her. During intervals in her "Follies" engagement, she supported the castles at the New Amsterdam with Ed Wynn in "Over the Top."

Justine Johnstone's first starring feature for Realart will be "Blackbirds," adapted from the stage play by the late Harry James Smith. Mr. Smith was also the author of "A Tailor-Made Man," in which Grant Mitchell appeared and "Mrs. Bumpstead-Leight" in which Mrs. Fluke was starred for several seasons. "Blackbirds" appeared at the Henry Miller Theatre several years ago with Laura Hope Crews as the star. "Blackbirds" showing Miss Johnstone and a strong supporting cast, comes to the Alta Theatre Sunday and Monday. Jack Dillon, who directed Mary Pickford in "Suds," performed the same office for this Realart production.

MORPHINE IS BROUGHT FROM U. S. TO JAPAN

TOKIO, April 4.—(A. P.)—Morphine brought from the United States every year to Japan for re-export to China amounts roughly to \$5,000,000, Baron Fujimura, raising the question of the opium traffic in China, asserted at a session of the Budget committee of the house of peers.

It is impossible under existing conditions, Baron Fujimura said, for China to prevent the importation of opium and morphine and the Chinese are compelled to endure terrible sacrifice. A large quantity of morphine is brought every year to Kobe from England, said the Baron, as well as from India and other places. It is re-exported from here to Tsingtau and to Kwantung.

The Japanese government-general of Kwangtung derives a revenue of Y. 2,800,000 (about \$1,500,000) every year through opium, Baron Fujimura said. Under these circumstances, he declared, it is not surprising that the Chinese charge the Japanese government with conniving at this nefarious trade.

Such a state of affairs is inexcusable whether viewed from the standpoint of humanity or from that of international relations, declared the Baron, and he asked what the government had to say on the matter.

In reply Mr. Tokomami, the home minister, said that the Japanese government has been controlling the opium traffic in accordance with provisions of the opium law of 1913. This law required that all those who ex-

ported opium should first obtain the permission of the home minister. The home office allowed no permits for the exportation of narcotics except under the condition that they were to be used solely for pharmaceutical purposes. On account of persistent talk regarding the smuggling of opium, the government framed a new law in December which came into operation at the beginning of January. It was hoped, he said, that this would prevent the smuggling alleged to be going on in the past years.

Count Uchida, the foreign minister, supplementing the home minister's explanation, said that Japan signed the international opium treaty of 1912 but has not ratified it. As the treaty will begin to operate this year,

however, the government, he said, is determined to exercise strict control over the trade in opium.

BUTTER AND 'DRUM' VEGETABLES WILL BE SHORT IN SEATTLE

SEATTLE, April 4.—(A. P.)—Butter and "drum" vegetables will be short on the Seattle market as a result of the sinking of the steamship Governor off Point Wilson, with the loss of a large cargo of produce for this port. Radishes, parsley, peas and other vegetables were included in the losses and scarcity was evident early today, it was said.

Says Governor Coolidge: "As capital went down when it undertook to be law, so will organized labor fare if it goes to the same point."

The national debt of Great Britain is now \$27,205,000,000.
