

# News Notes of Pendleton

**CALENDAR OF EVENTS**

- April 7 to 15—Annual Clean-Up week.
- May 6—County school Oratorical and Declamatory Contest, at high school auditorium.
- May 7—County school track and field meet at Round-Up Park.
- May 21, June 1, 2 and 3—State Teacher Association convention.
- May 21, June 1 and 2—State convention of Oregon Federation of Women's clubs.
- September 22, 23, 24—Annual Pendleton Round-Up.

**Clubs To Play**

The Baptist Church baseball club of Helix will play the Pendleton Baptist Church club at the Round-Up grounds Thursday evening at 5 p. m. The Commercial Club of Helix is backing all sports there this season and a large number from the neighboring town is expected for the game. The Pendleton club has had about 15 practicing each evening for several weeks and a close game is anticipated. There will be no admission fee charged.

**Committee Meets Saturday**

At a meeting to be held here Friday afternoon of the executive committee of the Umatilla Rapids Power Site association the status of the move in behalf of the project will be discussed. Notices of the meeting were recently sent by Secretary C. L. Barr to the committeemen.

**Many Seek Work**

Employment is not so easy to find as in the old days and the "hobo" of the camp fire and railroad track is a common sight. Local people have many requests for money or food from transient laborers. At one household in the city, two requests for employment were made just 20 minutes after a load of wood had been placed in the yard.

**Tried To Laugh It Off**

Leodore White Bull imbibed a little too freely of some kind of live juice yesterday, and he was arrested by the pitz and taken before Judge Thomas Fitz Gerald. The Indian had on a "laughing jag," and not even when the judge said \$10 did he desist from his chuckling. The case of E. H. Sumnerville, in court on a similar offense, was continued for sentence.

**Car is Bought**

George Sievers is driving a Ford sedan purchased from the Simpson Auto Co. The company dealers say that business is good and that they sold 29 cars in March, 14 being new machines and six old.

**Miss Winder Transferred**

Miss Edna Winder, who has been employed at the local ticket office of the O. W. R. & N., has been transferred to La Grande. She left for La Grande yesterday.

**Maximum Is 60**

The weather is warmer today, the thermometer registering 60 with a minimum of 35. The barometer is up and is at the 29.80 mark, which gives promise of fair weather, says Major Leo Moorhouse, weather observer.

**Record is Claimed**

The Simpson Auto Co. claims for a Ford touring car the honor of being the first car over the Blue mountains between Pendleton and La Grande in 1921. The company states that three men from Boise, Idaho, drove through on Sunday and were in Pendleton Monday, going to Spokane.

**Eager Crowd Gathers**

"Ticket buyers for "Way Down East," shown at the Alta theatre, thronged the doors of the theatre this afternoon and congregated in the street in an effort to buy seats for the show. The house was packed last night and the matinee crowds promise to be just as large.

**Preparing for Building**

The old buildings on Main street which formerly housed several small business enterprises are being torn down today in preparation for the construction of the new motion picture theatre to be built by Greulich & Matlock. Work on the excavation is continuing.

**Boys Will Hike**

Boys Scout Troop No. 1, tenderfoot scouts, will hike on Saturday from the City Hall to the Umatilla Indian Agency. The boys will take with them their base ball bats, tennis rackets, and incidentally their lunches. The party will leave at 9 a. m. and will return at 5 or 6 p. m. The new uniforms, which arrived recently, will be worn. Rev. J. M. Cornelson, scout master, will be in charge.

**Would Organize Cowboy Band**

A letter has been received at the office of the Commercial Association from W. L. Floyd of Polson, Mont. in which the Montana man makes inquiry as to the possibility of organizing and maintaining a strong band in Pendleton. In his letter, Floyd writes that he has been at Polson during the past three years, during which time he has directed a band there. He is a cornetist.

**Local Milk Price Protested**

Severe complaints against the price of milk in Pendleton have been made and yesterday afternoon the subject was brought before the Commercial Association manager. After some discussion the secretary was instructed to ask local dairymen for a conference on the subject to see if a reduction in price is not in order. Those complaining at present prices base their point largely on the fact the cost of feed is now low.

**Elks Install Tomorrow**

Pendleton Lodge No. 288 B. P. O. E. will install officers tomorrow night. J. V. Tallman, past exalted ruler, will serve as installing officer and new officers will be inducted into office as follows: F. J. McMonies, exalted ruler; H. J. Kay, esteemed leading knight; H. J. Warner, esteemed loyal knight; G. A. Ferguson, esteemed lecturing knight; Frank J. Quinlan, secretary; Mark J. Barthel, treasurer; Thomas Smart, tiler and G. W. Phelps trustee.

**Speak at Banquet**

S. D. Peterson of Milton, W. W. Green, county school superintendent, J. T. Hinkle of Hermiston and Fred Steiwer of Pendleton were the chief speakers at the X-Club banquet served last night to 30 members in the Parish Hall of the Church of the Redeemer. Mr. Peterson spoke on the subject of women as jurists. Mr. Green on the county unit plan of school taxation, Mr. Hinkle on the McKay creek irrigation project and Mr. Steiwer on the need for economy in governmental administration.

**W. W. Green Speaks**

The county unit bill, to be presented to the people for action some time in the future, was explained today by W. W. Green, county school superintendent, at a meeting of the Pendleton Rotary Club. Mr. Green gave an outline of the plan and pointed out the various features. He stated that it will be impossible to put the bill before the people in June but that it will be presented at a later date. About 30 Rotarians were present, the luncheon being held, as usual in the Elks club. F. B. Swazey, president of the First National Bank of Hermiston, was a guest.

**Talking Cold Springs Road**

Whether work on the Cold Springs road, in Umatilla county, should start at the river or at the Pendleton end is a subject for controversy. Farmers want the road started from the river, so that they can truck their wheat to the boats and ship by water to the market. Pendleton people want the work started from Pendleton, as this will bring business into the town. There isn't enough money in sight at this time to complete the road, so one end or the other is bound to be disappointed. The highway commissioners went over the situation last week, but have made no decision. Yesterday W. W. Harrah, B. E. Anderson and others of Umatilla county came to Portland to discuss the proposition with the state commission. A decision will probably be made before the commissioners adjourn this week—Oregonian.

**Preventative Medicine**

The tendency of medical science is toward preventative measures. It is easier and better to prevent than to cure. Pneumonia, one of the most dangerous diseases that medical men have to contend with, often follows a cold or attack of the grip. The cold prepares the system for the reception and development of the pneumonic germ. The longer the cold hangs on, the greater the danger. Take Chamberlain's Cough Remedy as soon as the first indication of a cold appears so as to get rid of it with the least possible delay. It is folly to risk an attack of pneumonia when this remedy may be obtained for a trifle.

**A Farmer Cured of Rheumatism**

"A man living on a farm near here came in a short time ago completely crippled up with rheumatism. I handed him a bottle of Chamberlain's Liniment and told him to use it freely," says C. P. Hayder, Patten Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, give me another bottle of Chamberlain's Liniment. I want it in the house all the time for it cured me."

**Indigestion and Constipation**

"Prior to using Chamberlain's Tablets I suffered dreadfully from indigestion. Nothing I ate agreed with me and I lost flesh and ran down in health. Chamberlain's Tablets strengthened my digestion and cured me of constipation," writes Mrs. George Stroup, Salinas, N. Y.

**The Road to Happiness**

You must keep well if you wish to be happy. When constipated take one or two of Chamberlain's Tablets immediately after supper. They cause a gentle movement of the bowels.
