**attending her grandfather.** Mrs. Cecil Carl, Mrs. Clem McCoy and Charles Cahill are also grandchildren of Mr. Cahill.

**Jobs Are Open.**  
The feed room office in the federal building has heard of several positions which are open to laborers. The majority of them are suitable for ranch hands.

**Case Is Heard.**  
The condemning of a 10 acre tract of land near Wallowa Lake is the chief point in the case of the Dobbin Ditch company, the Wren-Dobbin Ditch company, Silver Lake ditch company, Farmers Water Ditch company and McCubbin and Craig Ditch company vs. Louis F. Anderson and Florence Anderson, being tried today in the Pendleton term of the federal court before Judge Robert S. Beun. The jury returned this morning after viewing the premises. The ditch companies affirm that they wish, by building a dam on the Wallowa river, to raise the water in the lake to 25 feet, which would flood the property of the Andersons. They ask that the court condemn the tract and aver that they, the companies, offered the owners a

sufficient sum of money for the property. It is probable that the case will be decided by tomorrow.

**Called by Illness.**  
Mrs. E. S. R. Higway left yesterday for Seattle where she was called by the serious illness of her sister, Mrs. A. Jones, formerly of this city.

**Sells Half Interest.**  
Earl Sawyer has sold his half interest in the Liberty Dance Hall to his partner Arthur Gibson. Mr. Sawyer will continue to run his own orchestra as in the past.

**Willard Bond Recovers.**  
Pendleton friends are greeting Willard Bond, who is again able to be at his work in Bond Brothers store after an illness. He was operated upon recently in Portland for tonsils.

**Called by Death.**  
Dr. J. Edwin Sharp has been called to Portland by the death of his step-mother, Mrs. J. D. Sharp. The funeral is being held this afternoon. Dr. Sharp will return next week.

**Looks at Wheat Land.**  
Mr. Lloyd, a land broker of Spokane, left Pendleton this morning for Athena with E. R. Averill of Coultas and Averill to look at some wheat land. The Spokane man handles Alberta land.

**They Couldn't Be Quiet.**  
Too much talking and fussing while under the influence of intoxicants is held responsible for the apprehension by the police of J. B. Smith and John Wyman last night. They were caught at the U. P. stockyards. Judge Fitz Gerald gave them the customary five days in jail when they came before him in the city court this morning.

**Early Fishers in Trouble.**  
F. L. Bradburn of Pilot Rock was arrested and fined \$25 yesterday when he pleaded guilty to a charge of fishing without a license. Other anglers who have been unable to withstand the lure of fish in the stream and a sunny day have also been caught in the toils by W. H. Albee, district game warden. Their cases are pending.

**Many Learning Golf.**  
The golf links are scenes of interesting activities on these bright afternoons when recent additions to the members of the club are applying themselves to learn the principles of the great outdoor game. The links are reported in excellent condition. The grass has just recently been mowed, and followers of the sport are finding much pleasure in playing.

**Urged to Clean Premises.**  
Pendleton's period for finishing the spring cleanup of premises will end April 15, and the city authorities are anxious that all citizens who have so far been too busy to give this matter attention will get out the old rake and shovel and see to it that all the scraps, dead grass and other refuse which have accumulated during the winter months are collected and burned. A week from today the cleanup period ends.

**Observe Arbor Day Here.**  
Observance of the spirit of Arbor and Bird Day is being made in the schools of Pendleton and Umatilla county today. Special exercises and programs constitute the activities by which pupils and teachers give voice to the underlying principles of the day. Special exercises in charge of the biology department in the high school were given. The schools in the county also gave special attention to the day.

**Parade With Fire Truck.**  
The new big Stutz fire engine was formally introduced to Pendleton today during the noon hour when the band blazed the way for the machine in a parade that was given through the main business streets of the city. Chief Ringold, looking as proud as the father of newly-born twins, was at the wheel of the machine. The populace was warded of the approach by the sounding of the klaxon. The equipment will be on duty within a few days.

**H. Hatton Entered.**  
Harold Hatton, Pendleton boy who is now in Portland, is winning notice as a swimmer and is entered in two events in the annual Amateur Athletic Association national diving meet to be held tomorrow night at the Multnomah Athletic club pool. Young Hatton is entered in the 50 yards junior, for boys 16 years and under, and also in the 100 yards, junior, 16 years and under. Collie Wheeler, formerly of this city, is entered in the 200 yards. Jack Cody, swimming and diving instructor of the club, has announced a large entry list and had been received for the city swimming championships, which will be held in conjunction with the diving meet. The best Portland talent will be entered, including events for both juniors and seniors.
