## JOHNSON SEES OPEN RACE AHEAD OF TEAMS IN AMERICAN LEAGUE

### President Urges Public to Aid Gleason in His Efforts to Build Up White Sox Nine.

CHICAGO, April 9.—(A. P.)—Ban Johnson, president of the American League and for years an enemy of Charles A. Comiskey in administration of league affairs, urged that the public support Manager "Kid" Gleason, its full support in his task of rebuilding Comiskey's team, the Chicago White Sox.

Mr. Johnson declared it to be his conviction the race will prove the most open in the history of the organization.

"There has been a change in the leadership of four clubs," he said, "and a notable re-alignment in six of the teams."

"With the prestige of an American League championship and a world's series victory, Cleveland, under the

leadership of the fearless Speaker seems to have much of an advantage over the other contenders for the pennant. The loss of Chapman may ultimately prove a serious handicap.

"The numerous victories of Comiskey's Athletics at the New York and Philadelphia Nationals in the south this spring would encourage belief that this town-fallen tribe would claim a place this summer.

"Ken Kester will center around Ty Cobb and Lou Triggs. We know that Detroit's new manager has the skill and daring of leadership, and if patience is not lacking in the handling of men, then his success is assured.

"What Gleason may accomplish with the rejuvenated White Sox is a problem. It is to be hoped the fortunes of the sport will accord him loyal

and unflinching support in his difficult assignment.

"But above all things," the statement concluded, "it is a cherished hope that every player, manager, umpire and owner in the American League will enter the championship race this year with the single thought and purpose of making it an ideal contest—pleasing to the public and free from any blemish that might tarnish the good name of our national game."

## MOOSE JAW OUTFIT IS HERE IN READINESS FOR SPRING TRAINING

### Manager Nick Williams and Few of Early Birds Arrive to Play the Bucks Tomorrow.

Manager Nick Williams of the Moose Jaw team and a flock of his players dropped off the ratters this morning. Others will arrive this evening by way of Spokane.

Manager Nick, looking as happy and fat as usual, is all aglow over the good weather we are now having. Last year they trained down in the valley and the only baseball gear they needed was a pair of rubber boots and a slicker. They say that "Jack" Walters couldn't swim until last year's training season was over. With two weeks of this kind of weather the team can get a good workout each day and lose no time before the season opens.

The following players came in this morning with Mr. Williams: John Helm, pitcher; Charles Cummings, pitcher; Nate Shandling, catcher; H. Bell, outfielder; K. Hopkins, outfielder; S. Clark, infielder; Leo Taylor, infielder; J. Ault, pitcher.

Very few of the boys have played any ball since last season and are likely to find it pretty tough sledding against the Pendleton Bucks tomorrow afternoon. The locals are right now going at top speed and if the Canadians don't look out they will find their scalp hanging right alongside the one lifted from the Tigers. The visitors won't be able to let themselves out due to lack of training but should be able to get at top speed by changing men often enough. The game will be called at 2:30 at Round-Up park, admission 50c.

## Fordson Tractor

Many Umatilla county farmers are using the Fordson for their spring plowing. With it they are able to pull a two-bottom plow anywhere, plowing on average of an acre an hour with a running expense of fifty cents an acre. Can you plow that cheap with your horses? Think of time, and to say nothing of the caring of these horses night and morning.

A great many of these Fordsons are three years old and apparently going as strong as ever.

Think the matter over carefully and remember if you are interested we will gladly demonstrate on your own farm at our expense.

### Saving Is Constructive

Saving something out of what you earn means a brighter resolution future comfort, permanent satisfaction, happiness for the wife and children, preparation for training and education for the children, success for self, and independence in old age—all these are governed by the habit of saving or of spending. A man's habits in handling his income affect his life and the welfare of his family, both now and for the future; his children are served or compelled to suffer because of these habits. Start a constructive system of saving today—one dollar is all you need.
