

Indian is Major Leaguer

HOT SPRINGS, Ark.—Moses Yellow Horse, hurler of the Pittsburg Pirates! He's a full-blooded Indian of the Pawnee tribe and looks pretty certain to be a regular with the Pirate crew this season.

Last season Yellow Horse was with the Little Rock team in the Southern League. It was his first year in professional baseball and he won 21 games and lost 7. His hurling was one of the main reasons why Little Rock copped the pennant. He was snapped in action at the Pirates' training camp here.

ALLIED COMMISSIONS ON REPARATION HEAR GERMAN DELEGATION

Listen to German's Viewpoint of Maritime Damages for Which Germany Should Pay.

PARIS, April 11.—(A. P.)—The allied commission on reparations yesterday heard the German delegation here on the German viewpoint of the maritime damages for which Germany should pay.

The Germans maintained that Germany should not be obliged to pay compensation for merchant vessels sunk while doing war work and under military or naval orders. Cargo lost should be paid for, they declared, if of a military or naval nature.

The value of the cargoes for which Germany is liable to pay should be estimated at the price paid by the last owner, the German delegates asserted, and ships lost should be paid for on the basis of their value at the time they were lost.

The commission expects to announce its decision shortly.

NEW-YORK HORSE VICTOR

SAN DIEGO, Calif., April 11.—(A. P.)—Be Frank, of G. J. Fuller's Bronx stable, yesterday won the \$25,000 Cof-froth handicap at a mile and a quarter at the "71 Janna" track of the Lower California Jockey Club. C. B. Irwin's title was second, Wynnwood of the F. Dahlsen stable third, and Sailor of the Whateam stable fourth. The race was marred by a bad spill at the very start, in which Edwin, crack mare of the Hong stable, The Desert and Nepp-erhan went down with their riders. Little led until the last few yards.

The purse was the largest ever offered at a western track.

ROY HARRIS TODAY CONFESSED THAT HIS STORY IS NOT TRUE

Gave as His Reason That he Wanted to See if Wife Would Stand by Him in Trouble.

BUFFALO, April 11.—Roy Harris held by the police on his confession that he was concerned in the murder of Joseph B. Ewell in New York, today confessed his story is not true. After questioning for two hours by District Attorney Moore he admitted his original declaration was all false.

Mr. Moore sent word to Charles E. Whitman and Captain Carey of the New York police, who were on their way to Buffalo.

Harris gave as his reasons for the hoax that he had been separated from his wife and had met her again only last week and desired to know whether she would stand by him if he were in serious trouble. He said that if she had not proved "loyal and true blue" he would have gone to the electric chair.

Harris confessed the hoax to Detective Oswald of New York, Saturday night but the officer withheld the fact because he wished, he said, to talk with Mr. Whitman and Captain Carey. He placed a charge of first degree murder against the prisoner and ordered him held incommunicado. After a few hours that charge was withdrawn. Oswald said that it was through the wife, the prisoner's tale was disproved. He let the woman and the prisoner talk for an hour or so, after which Harris admitted his story was untrue.

Harris was returned to his cell and ordered held without bail in solitary confinement. The wife was returned to her cell also.

SEATTLE HAS PIECE OF MAYFLOWER TIMBER FOR PEACE PORTAL

Will be Encased in Great Peace Portal Being Erected Across Pacific Highway at Blaine.

SEATTLE, Wash., April 11.—(A. P.)—Timber from the Mayflower has been brought to Seattle to be encased in a great Peace Portal being erected across the Pacific Highway, at Blaine, Wash., on the international boundary between Canada and the United States in commemoration of more than 100 years of peace between the two countries. The portals will be dedicated this summer.

The bit of Pilgrim ship, a small piece of oak, was carried to Seattle in an ancient English chest of handboaten iron, believed to be pirate's gold chest of olden days. The chest was taken from a Scottish yard in Glasgow and given for the trip by Sir Alfred Thompson, chief of the yard.

Impressive ceremonies were held at Buckinghamshire, near London, when the bit from the boat was cut from the old hull, which lies upturned on the banks of the Thames. Samuel Hill, Seattle, president of the Pacific Highway Association, and the leader in the portal construction movement, and Frank Terrace, a Seattle good roads advocate, negotiated for the wood and were present when it was taken from the ship.

After the timber was sawed from the hull, the English Quakers, who guard the remains, said that never again would it be disturbed.

Following the cutting of the hull, the piece was taken by Hill and Terrace to Belgium and France where it was exhibited before Marshal Joffre, King Albert of Belgium and Cardinal Mercier, Terrace said.

"Marshal Joffre told me he would be in Seattle this summer to attend the dedication of the Peace Portal," Terrace declared.

Probably the most impressive meeting was when the two Seattle men carried the timber into an ancient room in a Ghent monastery, Terrace said.

In the same room, according to records, more than 100 years before, there was signed the treaty of Ghent, according to which there were to be no guns or forts along the 3,000 mile boundary between Canada and the United States. And in Commemoration of the observance of this treaty the Portal is being built.

Terrace said that so far as can be ascertained the chest in which the timber was brought from England, is 250 years old and was taken from a pirate's ship off the coast of Africa by a British man-of-war.

EVERS NONCOMMITTAL AS TO CUGS' CHANCES

CHICAGO, April 11.—(A. P.)—With the return of Johnny Evers as manager of the Chicago Nationals, a new fighting spirit is expected to be instilled into the players—a spirit that was totally lacking last season, in the judgment of critics. The coming season will be the second time Evers has been in command of the club. For years he was a member of the team, covering second base with the famous "mancer to Evers to Chance" combination.

"I don't know where we'll finish," is the way Evers himself sums up the coming season, "but I do know this ball club is going to fight."

The Cubs have added little new matter of worth and have lost one man, Davy Robertson, who was suspended because of failure to report. Whether his retirement is a loss or a gain cannot be determined until the season is well advanced.

Manager Evers regards his pitching staff as one of the best in the league with Alexander, Tyld and Vaughn forming the backbone of the department. He expects this trio to win at least 40 games. Virgil Cheever, a 26 year old right hander from Texas, and Oscar Fjhr, a left hander from Omaha, are promising candidates, the remainder of the staff consists of Abe Bailey and "Speed" Martin, Feldovers, and several recruits.

BALLOON IS FOUND FLOATING IN SEA NEAR PANAMA CITY

Thought to Be One in Which 6 Aeronauts From Naval Station Were Blown to Sea.

PENSACOLA, April 11.—(U. P.)—A balloon thought to be the one aboard which the five aeronauts from the naval station here were blown to sea two weeks ago was found floating in the sea 20 miles off the coast from Panama City, Fla., last night, according to a radio report today. The balloon was picked up by a small boat and taken to Panama City. No sign of the missing balloonists have been discovered.

22 INNINGS REQUIRED.

LOS ANGELES, April 11.—(A. P.)—In a twenty-two inning game, the longest played in organized baseball this season, Seattle defeated Los Angeles, 12 to 8, in the first game of a scheduled double header here yesterday. The second game was postponed.

It was Seattle's first victory of the series. The Angels and Swashes were tied in the ninth, 6 to 6, and again in the 17th, 7 to 7. In the 22nd the visitors made five runs and the Angels one.

Good baseball was the outstanding feature.

HUGGARD REQUESTS THEY SCATTER HIS ASHES ON PUGET SOUND WATERS

TACOMA, April 11.—(U. P.)—"Cremate my body and have my ashes scattered on the Puget Sound, the waters of which I love." This message was written by William Huggard, a Seattle mining engineer just before he shot and killed himself late last night in a local hotel.

SENATORS TAKE TWO.

SACRAMENTO, April 11.—(A. P.)—Sacramento won both games of a double header yesterday, taking the series five games out of seven, from Vernon.

The morning session in Stockton went to the senators by a 9 to 6 score. The game was featured by fast fielding by the locals, who completed five double plays. Carl Sawyer, Vernon second nacker, broke his leg in two places in sliding into third base.

The afternoon contest was a pitchers' battle between Nishaus and Love, the Senators taking the game 1 to 0.

Mother Against Mother in Boy Murder Trial

When Cecil Burkett, 11, of Ora, Ia., goes on trial at Kaxx, Ind., April 5, on a charge of first degree murder, mother will oppose mother on the witness stand. Cecil, lower right, is charged with firing the shot that killed 4-year-old Danny Slavin, lower left. Cecil denies it. His mother, Mrs. Anna Burkett, right will fight to prove her son innocent. Mrs. Lena Slavin, left, Danny's mother, will testify against Cecil. The shooting occurred last Thanksgiving in the Burkett yard.

200% Or, Soup Sit Down Your New Hat The Case of Beans

AN EDITORIAL ON ADVERTISING

Which necessities of life received the smallest price boosts during the period of inflation?

You may not have given it much thought.

Do it now.

Sit down and figure out the percentage of increase you had to pay for meat, vegetables, poultry, bread, as compared with trademarked, standardized, tested products accepted by the great American public for their quality and reliability.

Take cereals—wheat, corn and oats advanced by leaps and bounds, from day to day—in all from two hundred to three hundred per cent during the period of the war.

Why?

Because each year's grain harvest was bought and sold by speculators and intermediaries a dozen or a hundred times before it reached you, the breakfast cereal people provided against most of this inflation of prices by buying direct from the producer and advanced their prices, not as much as they could, but as little as was absolutely necessary.

In few cases did their price advances represent more than fifty per cent, instead of the two to three hundred per cent price advances on unbranded products.

Take canned goods—fruits, milk, vegetables, cocoa, beans, soups—in no single instance was the retail selling price advanced any where near as much as were these identical products in their original state without the hallmark of character and the guarantee of quality identified with their trade names.

The same is true of soaps, toilet goods, medicines, hats, hosiery, shoes and hundreds of other products that any consumer can readily think of.

More than this—when prices of these packaged, standardized quality products had to be advanced, the prices of unknown, unpackaged, unbranded, unguaranteed goods had been advanced weeks or months before in conformity with the market prices of basic commodities.

Again why?

Simply because neither price nor quality of these unbranded products had been standardized and the unscrupulous middleman could get away with it.

The moral?

This—Advertised products afford you absolute protection as to quality, price and dependability.
